Use caution when interpreting percentage changes. When dealing with small numbers, small changes cause large percentage changes.

Year to date totals of Part I crimes show a percentage increase of 8% (+64), largely due to the increase in larcenies. Year to date totals of *all* crimes increased 9% (+313).

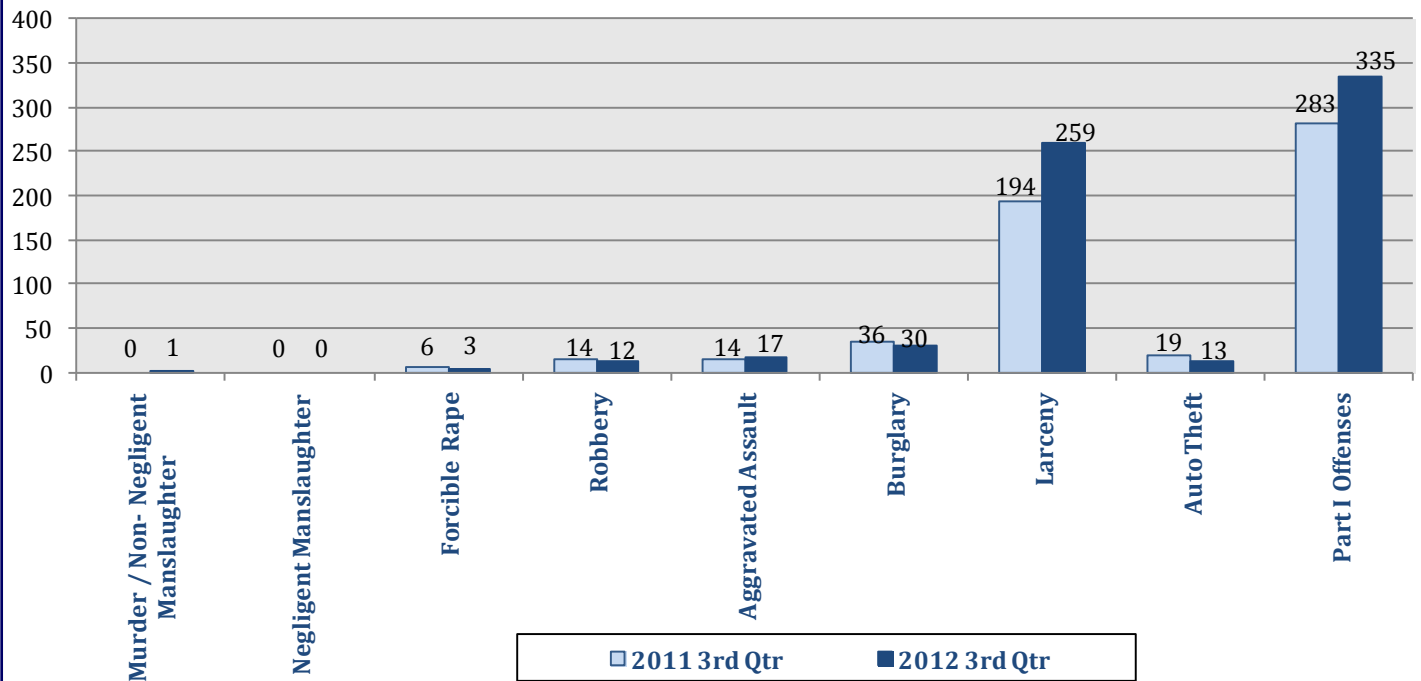

In the comparison between the third quarter of 2011 and 2012, Part 1 offenses increased 18% (+51), due to increases in larcenies from vehicles and from buildings. The total number of *all* offenses increased 4% (+47).

Notable offense type decreases for both year to date and for third quarter comparisons were in Forcible Rape, Burglary, and Auto Thefts.

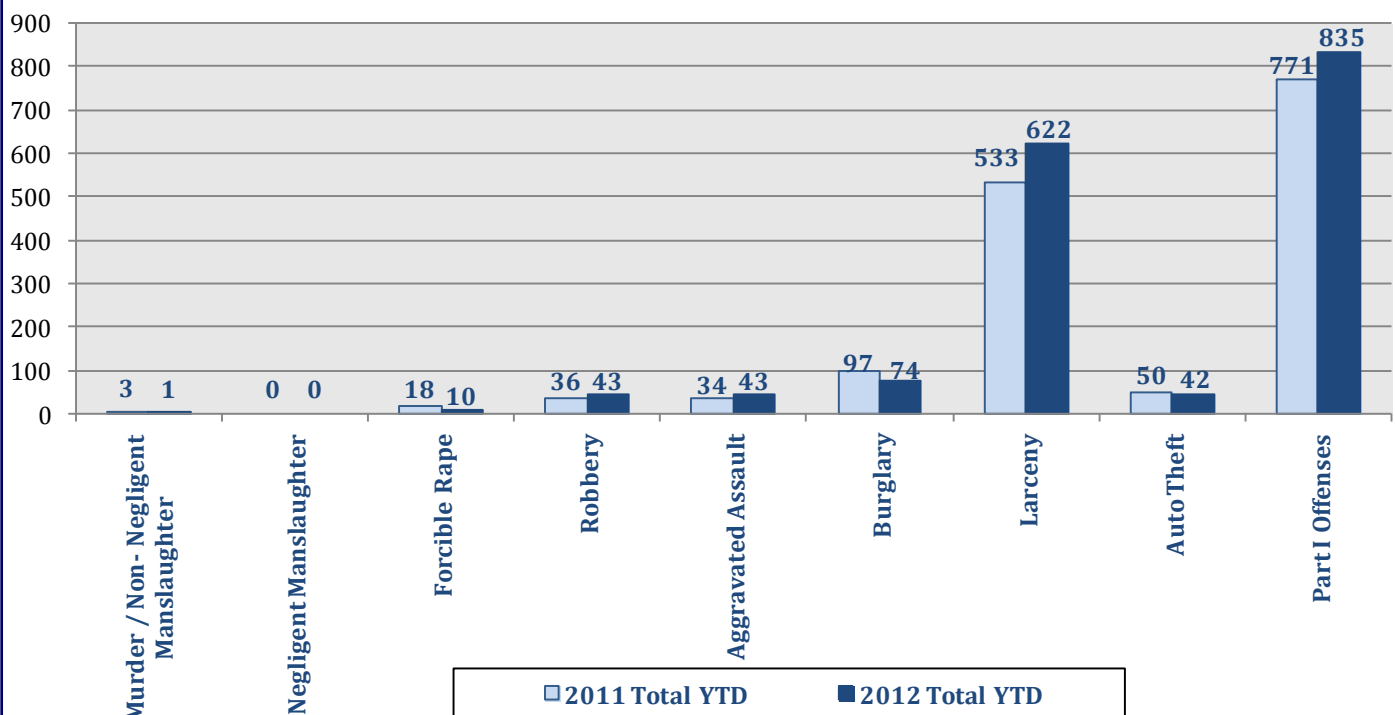

Aggravated Assaults continued to increase during the third quarter as they have for the year, in comparison to 2011.
