

Clarke County Sheriff's Office

Professionalism, Respect, Ethical Service

2013 Annual Report

MISSION STATEMENT

The mission of the Clarke County Sheriff's Office is to provide for a safe community through customer service based policing. We will strive to achieve this mission through Professionalism, Respect, and Ethical Service.

2013 ACCOMPLISHMENTS

In 2013, the Sheriff's Office installed an upgraded telephone system, and continued upgrading security systems within the office complex. The patrol deputies transitioned to a different handgun, and devoted significant time to training for several defensive tactics systems. Training was once again a priority, with the office completing our first series of on-line training courses. The investigation of the murder of a Berryville Town Council Member moved to indictment, and the office managed the court security issues presented with a high profile trial. Finally, Travis Sumption was promoted to Chief Deputy, and graduated from the prestigious National Criminal Justice Command College.

2013 GOALS

The Sheriff's Office will continue to improve upon our Communications' systems with an upgrade to the radio system that will include new radios and increased channel options. The office will continue to evaluate new performance standards implemented to guarantee our staff is being properly utilized. While our office is constantly improving the security of our judicial system, there are needs relating to technology that are slated to be completed. Finally, our office renovation has fallen dramatically behind schedule. Changes in design, which should make the building more efficient as well as historically correct, slowed the process. Our hope is to finish the renovation in 2014, all with the goal of continuing our important mission.
