

BRIDGEWATER COLLEGE CAMPUS SECURITY POLICY, CAMPUS CRIME STATISTICS AND FIRE SAFETY REPORT

September 13, 2012

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Act”) requires colleges and universities to report annually information regarding their campus security policies and campus crime statistics. This report is submitted in compliance with the Act.

Bridgewater College is committed to providing a campus environment in which each student and employee feels safe and secure. Campus safety is the responsibility of all members of the extended College family. As students make up the largest percentage of this group, safety is highly impacted by student actions. The College coordinates its efforts, and maintains a close relationship, with local law enforcement officials. The Department of Student Life conducts residence hall programs on crime awareness and safety.

Much effort has gone into planning and outlining procedures to be followed in the event of the many types of emergencies that can occur on a college campus. The College’s security policies are described for students and employees in different ways to take into account, among other things, the residential nature of the relationship of most students with the College. Both policies are instructive for the whole community, however, and are described in this letter.

General Procedures for Reporting a Crime or Emergency

Students, faculty, staff, guests, and community members are encouraged to report all crimes and safety issues to the Campus Police and Safety Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the campus community. Each Campus Safety Officer carries a cell phone and can be reached by calling extension 5609 on the College phone system, or 540-828-5609 from outside the College phone system. Additionally, for any emergency one can contact 911 and an appropriate emergency response will be dispatched. Emergency Call Boxes have been installed in the Geisert Hall, Kline Campus Center, and McKinney Hall parking lots. The Call Boxes are placed so that they are accessible without exiting a car, if necessary. Properly used, these Call Boxes should serve as an enhancement to our security posture in three of our largest parking lots. An emergency telephone is also located under the blue light at the entrance to the campus police office at 122 College View Drive.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Campus Police, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued through the College’s email system to students, faculty and staff. In addition to the procedures for complying with the “timely warning” requirements of the Act, the College has

instituted an emergency alert system that permits the rapid communication of emergency information to the campus community through both the text message capabilities of cell phones, as well as email. Several campus officials, including the Chief of Campus Police, have the authority to broadcast a message using this system alerting the campus community of an emergency that may involve an immediate threat of injury.

Policies for Reporting the Annual Disclosure of Crime Statistics

The full text of this report is on the College's web site at: <http://www.bridgewater.edu/crimestats>. This report is prepared in cooperation with the Campus Police and Safety Department, local law enforcement agencies surrounding the campus, and the Department of Student Life. Each campus entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the Campus Police, designated campus officials (including but not limited to deans, department heads, Student Life officials, advisors to students/student organizations, and coaches), and local law enforcement agencies. Counseling services staff inform their clients of the procedures to report crimes to the Campus Police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to report crime statistics disclosed confidentially during such sessions.

Printed copies of the Annual Security Report are available from the Office of the President as well as from the Chief of Campus Police and Safety.

Confidential Reporting Procedures

If the victim of a crime does not want to pursue action within the College system or the criminal justice system, he/she may still want to consider making a confidential report. With the victim's permission, the Chief of Campus Police can file a report on the details of the incident without revealing the victim's identity. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while allowing the College to take steps to ensure the future safety of the victim and others. With such information, the College can keep an accurate record of the number of incidents involving students, determine whether there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the College.

List of Officials to whom Student and Employees Should Report Criminal Offenses

Although we encourage the reporting of campus criminal activity to the Bridgewater College Campus Police and Safety Department, in some instances members of the campus community may choose to file a report with one of the other Campus Security Authorities. Any reportable crime

made to a Campus Security Authority can be immediately transmitted to the Campus Police. For reporting purposes at Bridgewater College, Campus Security Authorities have been designated as:

- Campus Police and Safety Department
- Executive Vice President
- Vice President and Dean for Academic Affairs
- Associate Dean for Academic Affairs
- Dean of Students
- Associate Dean of Students
- Director of Student Outreach Services
- Director of Judicial Affairs and Residence Life
- Assistant Director of Residence Life
- Director of Academic Support Services
- Director of Career Services and Internships
- Director of Intramurals
- Faculty and Staff Advisors to Student Organizations
- Area Coordinators
- Senior Resident Advisors
- Residence Assistants
- Director of Kline Campus Center
- Director of Student Activities
- Director of Multicultural Leadership Program
- College nurse
- Director of Student Health
- Athletic Director
- Associate Athletic Director
- Athletic Team Coaches and Assistant Coaches
- Cheerleading coach
- Dance coach
- Director of Aquatics
- Athletic trainers

Bridgewater College pastoral and professional counselors are encouraged to tell their clients about the reporting procedures outlined in this document. As noted below, confidential reports/anonymouse reports are extremely valuable in order to prevent further victimization and to obtain a more accurate portrait of Bridgewater College campus crime.

Safety and Security in the Residential Community - Access and Maintenance

Bridgewater College offers traditional residence halls and new apartment-style complexes that provide on campus housing for approximately 1,470 students. Security safeguards within the residence halls include 24/7 secured access requiring a College magnetic ID card for entrance, and external door prop alarm systems. Professional Area Coordinators and student Residence Assistants, all of whom are members of the Department of Student Life staff, live on campus and provide 24-hour staff coverage.

Although Bridgewater College is a safe campus, this does not mean that students should not be conscious of safety issues. Locking residence hall room doors is very important. Students are advised to lock their rooms any time they are vacant and at night. Students also are advised not to prop open exterior doors to the residence halls. These doors are locked to help ensure students' safety; they do not lock students in the building. Students are informed that the Campus Police and Safety Office, an Area Coordinator, or a Residence Assistant should be notified if a student sees someone who does not belong in a residence hall, parking lots, or other campus locations. Any student who is viewed as a serious threat to the wellbeing of a member of the campus community may be removed from the College.

Campus Police and Safety personnel, as well as Area Coordinators and student Residence Assistants, are tasked with reporting to the Facilities Department areas of campus that may create safety concerns. The safety committee of the Student Senate walks the campus with Facilities Department personnel to review lighting and safety conditions on campus.

Campus Police and Safety Department

The Campus Police and Safety Department strives to make the Bridgewater College campus a pleasant and safe place to live, study and work. It is the purpose of the Department to work with all members of the campus community to preserve life, maintain human rights, protect property, promote individual responsibility, and fulfill community commitments.

The Department is a recognized police agency by the Virginia Department of Criminal Justice Services. The Chief of the Department, Nicholas Picerno, and Sergeant Fred Ortiz, are sworn police officers, and have full law enforcement authority on campus and can investigate crime, make arrests and enforce all laws. The Chief of Police and Sergeant Ortiz have both completed active-shooter training.

The campus is patrolled 7 days a week, 24 hours a day by campus safety officers. Their responsibility is the security of the campus and the protection of the campus community and Bridgewater College assets. The office of the Campus Police and Safety Department is located at 122 College View Drive, one of the public streets that run through campus. The Chief of Campus Police can be reached by phone at 540-828-5761, and by email at npicerno@bridgewater.edu. Campus Safety Officers can be contacted at 540-828-5609.

The Chief of the Campus Police and Safety Department reports to the Interim President. During daytime office hours, phone contact can be made with the Interim President at 540-828-5307. The email contact for the Interim President is rferguso@bridgewater.edu.

Campus Police personnel work closely with local, state, and federal law enforcement agencies and have direct radio communication with local and county law enforcement. By mutual agreement with state and federal agencies, the Campus Police and Safety Department maintains an NLETS terminal (National Law Enforcement Telecommunications Network). Through this system police personnel can access the National Crime Information Computer system as well as the Virginia

Criminal Information Network. These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state, and federal law enforcement information.

Through coordination with local law enforcement agencies, any criminal activity engaged in by students at off-campus locations is monitored and reported to Campus Police. This information is provided to the Dean of Students for any action or follow-up that may be required. If minor offenses involving College rules and regulations are committed by a Bridgewater College student, the Campus Police and Safety Department will refer the individual to the Department of Student Life.

The Bridgewater College Campus Police Department and the Town of Bridgewater Police Department have a mutual aid/concurrent jurisdiction agreement.

Prompt Reporting

Bridgewater College campus community members are strongly encouraged to immediately report criminal activity and suspicious persons to the Campus Police and Safety Department. Incidents that may or may not be crimes may also be reported to Campus Security Authorities. Each Campus Safety Officer carries a cell phone and can be reached by calling extension 5609 on the College phone system, or 540-828-5609 from outside the College phone system. Additionally, for any emergency one can contact 911 and an appropriate emergency response will be dispatched.

Pastoral/Counselor Reporting Procedures

Licensed counselors and campus clergy (pastoral counselors) are exempt from reporting requirements under applicable law. Bridgewater College encourages counselors and clergy, if and when they deem it appropriate, to inform those whom they counsel of the procedures for reporting crimes on a voluntary, confidential basis for inclusion into the Campus Security Report.

Programs to Inform Students and Employees about Campus Security

Students are informed during orientation sessions at the beginning of each academic year about security and campus safety procedures and practices. Also described are typical types of crime situations that might arise on campus, and how to avoid them through crime prevention measures, including personal safety tips.

There is also an orientation program for area coordinators, senior resident advisors, and residence assistants that includes crime prevention and security information. The program generally describes the security resources available, including a description of the responsibilities of safety and police personnel, crime reporting procedures and use of the security telephones.

Campus Police officers also provide crime prevention sessions in each residence hall. These

sessions are held both in the fall and spring semesters. Additionally, a Campus Police officer conducts two RAD (Rape Aggression Defense) courses each school year for female students.

Campus Police and Safety personnel are available to provide escort assistance on campus to members of the campus community upon request twenty-four hours a day. Students and staff are encouraged to utilize this service anytime they feel uncomfortable with walking across campus. Students and staff are requested to call Campus Police and Safety at 828-5609 to request escort assistance.

Throughout all security programs a common theme is stressed: every member of the College community is responsible not only for her/ his own safety, but also for the safety of others. Individuals are encouraged to report any unusual or suspicious person or circumstances promptly to the Campus Police and Safety Department.

New employees will be provided with information regarding security and campus safety procedures and practices, including a description of the responsibilities of safety and police personnel, crime reporting procedures and use of the security telephones.

Policies Applicable to Students

The security policies of the College applicable to students are set forth principally in *The Eagle*, which is the College's student handbook. The following information is from the 2011-2012 edition of *The Eagle*: <http://www.bridgewater.edu/files/EagleStudentHandbook.pdf>.

General Expectations. The College assumes that members of the student body will exhibit mature and responsible behavior. The policies and regulations of the campus are designed to encourage students in this direction. The College will not attempt to rigidly supervise the life of each individual student on campus or in the nearby community. However, as long as a person is a member of the student body, the College expects that each student will function in a manner that will reflect creditably on the College. Thus, unseemly conduct by individual students or interpersonal behavior which violates acceptable community standards of conduct will subject the student or students involved to disciplinary action, including possible suspension or expulsion from the College.

On occasion, it is necessary for the College to investigate, confront, and respond to matters of student conduct. Thus, the College retains the right to enter any part of the campus at any time, including such areas as residence hall rooms, storage rooms, and lockers. College officials have both the responsibility and the authority to address incidents of alleged campus infractions and to issue censure commensurate with the offense. Nevertheless, any student so confronted and accused will have an opportunity to explain himself or herself through conversation with the appropriate College official or through a hearing before a judicial board.

Students are subject to the laws governing all private citizens as well as the rules of the College. Violation of laws by Bridgewater students on or off campus may result in legal action and/or disciplinary action by the College. The College is not a sanctuary from the law or its

representatives. Nor does the College abdicate its own responsibility to deal with internal affairs even when civil authorities are involved. For example, shoplifting, whether on or off campus, is a crime, and students are subject to criminal prosecution as well as disciplinary action by the College.

The College Administration makes every effort to avoid arbitrary, harsh, or unfair sanctions for student violations. Good citizenship in any community requires a great deal of responsibility on the part of all members. With this responsibility comes the obligation to refrain from infringing on the rights of others, whether through placing persons in danger or jeopardizing either personal well-being or property. However, when a student displays poor citizenship, blatant disregard for College policies, minimal academic motivation, or an attitude inconsistent with reasonable expectations of a member of an academic community, the student may be subject to administrative review which could result in suspension or expulsion.

Enforcement of Campus Policies. When a violation of a law or College policy occurs, the College determines how to address the violation for purposes of institutional disciplinary actions. The violation may be handled administratively, or by a Judicial Hearing Board.

In keeping with the principle of confidentiality concerning student behavior, Hearing Boards conduct closed meetings. Witnesses to an incident and others who have specific evidence concerning the incident may be invited to appear. In all instances, the chair of the Hearing Board has the authority to decide whether a witness other than the student directly involved will be invited to testify.

The Judicial Hearing Board may address inappropriate behavior that occurs either on or off campus. Options available to the Board include (but are not limited to) warnings, denial of privileges, disciplinary probation, campus work hours, and short-term suspension, plus mandatory counseling, psychiatric or substance abuse evaluations, or the recommendation of suspension or expulsion. The Judicial Hearing Board is comprised of the Dean of Students (who serves as chairperson), the Assistant Dean of Students, two faculty members, and two students. Rulings by the Judicial Hearing Board may be appealed to the President of the College. The President may hear the appeal personally or by his designee, or may appoint an Appeals Committee to hear the appeal and recommend a disposition of the case.

Possession, Use and Sale of Alcoholic Beverages

In Virginia, people under 21 years of age may not possess, buy or use alcoholic beverages of any kind. Most of our students are under 21. The research in higher education supports that alcohol can have negative impacts on students' academic study environment and can increase incidents of vandalism, violence and sexual assaults on college and university campuses. Therefore, the possession, use or distribution of alcoholic beverages on campus is not permitted. The College expects students to use good decision making with alcohol use and not engage in behavior that will negatively impact his or her educational and personal goals. If students use alcoholic beverages off campus, it is expected that they will maintain proper decorum when they return to campus. Any student found behaving in an inappropriate, rowdy, destructive or unsafe manner on campus while

under the influence of alcohol or drugs will be found in violation of the College's alcohol policy.

Possession, Use and Sale of Illegal Drugs

Illegal drugs may not be marketed, possessed, used or distributed on campus. Any student found in the presence of illegal drugs or drug paraphernalia (including hookahs) may be asked to appear before a Judicial Hearing Board. In the event of the use, possession or possession with apparent intent to distribute illegal drugs, campus police will be called to investigate the incident. If students are suspended they may forfeit their academic work for the current term. Virginia law provides stiff penalties for illegal possession or distribution of drugs. Bridgewater College will cooperate with law enforcement authorities in apprehending and prosecuting any alleged violators of drug laws. A student is found in violation of the College's drug policy if the student is found to be either using an illegal drug or in possession of an illegal drug (which could include evidence of recent possession or use) or drug paraphernalia.

Drug and Alcohol Abuse Education Programs

Alcohol abuse and illicit drug use are serious societal problems. To help contend with such problems, and to prevent drug or alcohol use that adversely affects academic and job performance and safety, the following programs are available in the area for students and employees, and students and employees are informed of the programs. Although a student's or employee's rehabilitation efforts will be encouraged, participation in any program will not serve as protection against the normal disciplinary process associated with a violation of the College's alcohol and drug policies.

- The College's Student Health Services and Counseling Center provide free and confidential assistance to students with drug and alcohol problems. Both are staffed with qualified professionals who can provide direct assistance, and who also can refer students for substance abuse treatment by other providers.
- The Department of Student Life conducts two educational programs to address student alcohol abuse. CHOICES is an alcohol education class designed to allow students to reflect on their choices about alcohol as well as review the facts about this drug. BASICS (Brief Alcohol Screening and Intervention of College Students) is a preventive intervention for college students. It is aimed at students who drink alcohol heavily and have experienced or are at risk for experiencing alcohol-related problems such as poor class attendance, missed assignments, accidents, sexual assault and violence.
- Health care benefits for treatment of alcohol and drug problems are available through the health insurance policy available to employees.
- RMH Healthcare in Harrisonburg, Virginia and Augusta Health in Fishersville, Virginia, both offer Employee Assistance Programs (EAP), which the College can access for employees on a case-by-case basis. In addition, EmployeeConnectSM, an EAP offered

through Lincoln Financial Services, the College's life insurance carrier, is a free, confidential support program for substance abuse and other problems. Information is available in the Human Resources Office.

- Any employee who seeks rehabilitation through an inpatient program may be eligible for an unpaid leave of absence in accordance with the Family and Medical Leave Act.

Students and employees also are informed that Bridgewater College will impose disciplinary sanctions on students and employees (consistent with local, State and federal law) up to and including expulsion or termination of employment and referral for prosecution, for violations of the College's alcohol and illegal drug policies.

Students and employees are informed that Virginia laws contain a variety of provisions governing the possession, use and consumption of alcoholic beverages. The laws apply to all students and employees. Some of the pertinent laws and sanctions for violations are summarized below:

- Drinking in Public - A fine not to exceed \$250
- Purchasing for Minors - Confinement in jail for up to 12 months, a fine not to exceed \$2,500, and loss of driver's permit for up to one year with loss of permit mandatory for at least six months
- Underage Possession - Fine not to exceed \$2,500, confinement in jail for up to 12 months, loss of driver's permit for up to one year but with loss of permit mandatory for at least six months
- Driving While Intoxicated - A fine not to exceed \$2,500 (mandatory minimum fine of \$250 for a first offense), mandatory jail time for a first offense based on the level of blood alcohol content, loss of driver's permit up to 12 months (for first offense)

Students and employees also are informed that the unlawful possession, distribution, and use of controlled substances and illicit drugs, as defined by Virginia law, are prohibited. Controlled substances are classified into "schedules," ranging from Schedule I through Schedule VI. Some of the pertinent laws, including sanctions for their violation, are summarized below.

- Possession of a controlled substance classified in Schedules I or II (e.g., cocaine, Ritalin, LSD, Ecstasy, anabolic steroids) - term of imprisonment ranging from one to ten years, and a fine up to \$2,500
- Possession of a controlled substance classified in Schedule I or II of the Drug Control Act with the intent to sell or otherwise distribute - imprisonment from five to forty years and a fine up to \$500,000
- Possession of marijuana (one-half ounce or less) - confinement in jail for up to thirty days and a fine up to \$500, and upon a second conviction, confinement in jail for up to one year and a fine up to \$2,500
- Possession of marijuana (more than one-half ounce) – term of imprisonment ranging from one to ten years, and a fine up to \$2,500
- Possession of less than one-half ounce of marijuana with intent to sell or otherwise distribute - confinement in jail for up to one year and a fine up to \$2,500. If the amount of marijuana involved is more than one-half ounce to five pounds – term of imprisonment

from one to ten years and a fine up to \$2,500. If the amount of marijuana involved is more than five pounds – term of imprisonment from five to thirty years

Firearms and Dangerous Weapons

No person shall possess, carry or store a weapon on any property owned, leased or operated by Bridgewater College. This policy applies to a concealed weapon for which the carrier has a legal permit, as well as weapons in any College facility or within a parked vehicle on College property or the streets within or adjoining College property. There are three exceptions to the prohibition on weapons. First, members of a criminal justice agency who are authorized to carry a weapon and have official business on campus are exempt from the prohibition. Second, any item that appears to be a weapon and that is utilized for any purpose on College property, such as a prop used in a play and a disabled weapon used in a class presentation, is exempt from the prohibition, if the item is reported to and approved in writing by the Chief of Campus Police *prior* to being brought to campus. Third, a student may bring to campus a weapon used for hunting, but only if she or he obtains prior written approval from the Chief of Campus Police, and delivers the weapon for storage to the Chief of Campus Police, who will release the weapon only as needed for hunting. The College may refuse any request for any reason, and may revoke permission at any time. Sanctions for violating the policy include forfeiture of the weapon and may include discipline up to and including expulsion.

Disclosure of Hearing Board Results

Bridgewater College will, upon written request, and in compliance with applicable law, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Bridgewater College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Emergency Response, Notification and Evacuation in Event of Emergency

The Bridgewater College Emergency Operations Plan can be accessed through the College's website: <http://www.bridgewater.edu/files/police/BCEmergencyOperationsPlan.pdf>. The purpose of the Emergency Operations Plan is to establish clear guidelines detailing the appropriate response to emergency disaster and crisis situations. The goal of this plan is to limit the loss of life and property and achieve a safe and effective resolution in the event of an emergency or crisis that affects the operations of the College. In the event of an emergency, the College's Emergency Operations Team (EOT) will be contacted and will meet. The EOT is comprised of key College administrators who are responsible for preparing for and responding to campus emergencies. The EOT will confirm that a significant emergency or dangerous situation exists and will: (a) determine the appropriate segment or segments of the campus community to receive a notification; (b) determine the content of the notification; and (c) initiate the notification system.

In the event of a crisis or emergency situation, students, faculty and staff will be notified of the

situation and provided direction on how to avoid potential harm. The College has emergency text messaging capability for members of the College community. Through this method, the College can send an almost instantaneous cell phone text message warning all who have provided the requisite information of the emergency and how to respond. A web-based sign up system allows the campus community to register for this service from any computer on or off campus. Students, faculty, and staff are strongly encouraged to provide cell phone numbers for inclusion in the emergency notification system. In addition to text messaging, the emergency notification also sends the same message via an email to all students, faculty and staff.

The College also has installed an audible alert siren. If a crisis occurs, the audible siren will be activated to warn the campus community to seek shelter in place and check for communication and updates from the College administration.

The system is tested on at least an annual basis. The Campus Police and Safety Department documents each test, including the date, time, and whether it was announced or unannounced. In conjunction with the test, the campus community is informed of the College's emergency response and evacuation procedures.

The following Bridgewater College officials have the authority to disseminate emergency messages:

- President
- Executive Vice President
- Vice President and Dean for Academic Affairs
- Vice President for Finance
- Dean of Students
- Chief of Police
- Director of Marketing and Communications
- Chief Information Officer

One of these officials will, without delay, immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty, or staff occurring on the campus. Taking into account the safety of the community, the official(s) will determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the official(s), compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. After the initial notification, follow-up information will be disseminated to the campus community via the messaging system, email, and/or the College's web site as needed.

The College also can notify the campus community of an emergency through the College's web site. In addition, both the campus community and the greater community can be notified by local radio and TV stations.

Missing Student Policy

The purpose of this policy is to establish protocols for Bridgewater College's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in on-campus student housing facilities.

For purposes of this policy, a student may be considered to be a "missing person" if the student's absence is contrary to his/her usual pattern of behavior and there is reason to believe that unusual circumstances may have caused the absence. Such circumstances may include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare, or is overdue to return to campus and is unheard from after giving a specific return time to friends or family.

Students will be given the opportunity during the Fall and Spring semester registration process to designate an individual or individuals to be contacted by the College no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth in this policy. A designation will remain in effect until changed or revoked by the student.

Contact information provided by students will be registered confidentially, will be accessible only to authorized campus officials, and will not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation.

Any individual on campus who has information that a residential student may be a missing person must notify a member of the Campus Police and Safety Department (ext. 5609) as soon as possible. The Campus Police and Safety Department will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, vehicle description, information about the physical and mental well-being of the student, an up-to-date photograph, class schedule.) The Department of Student Life will be notified and residence life staff will be alerted to aid in the search for the student.

No later than 24 hours after determining a student is missing the Campus Police and Safety Department will contact local law enforcement regarding the missing student.

No later than 24 hours after determining that a residential student is missing, the Chief of Police or Dean of Students will notify the emergency contact (for students 18 and over) or the parent/guardian (for students under the age of 18) that the student is believed to be missing.

Sexual Misconduct

Bridgewater College is committed to providing all students with an educational environment free from discrimination. The sexual harassment of students, including sexual violence, interferes with students' right to receive an education free from discrimination and, in the case of sexual violence,

is a crime. Campus Police officers provide crime prevention sessions in each residence hall, and these sessions are held both in the fall and spring semesters. Additionally, a Campus Police officer conducts two RAD (Rape Aggression Defense) courses each school year for female students.

The College's Sexual Misconduct policy covers complaints by students of alleged Sexual Misconduct committed by Bridgewater College students, faculty or staff, as well as any complaint of alleged Sexual Misconduct by a Bridgewater student. Sexual Misconduct comprises a broad range of behavior that will not be tolerated, and includes non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, and sexual harassment, all as more fully described in *The Eagle*: <http://www.bridgewater.edu/files/EagleStudentHandbook.pdf>. Sexual Misconduct violates Bridgewater College policy, federal civil rights laws and may also result in criminal prosecution. Bridgewater College is committed to fostering a community that promotes prompt reporting of Sexual Misconduct and timely and fair resolution of Sexual Misconduct cases. Creating a safe and respectful environment is the responsibility of all members of the campus community.

Reporting Sexual Misconduct. Any individual who believes she/he is the victim of Sexual Misconduct is strongly encouraged to report the incident immediately to:

- Bridgewater College Campus Police Department – (540) 828-5609
- Title IX Coordinator – Victoria Ingram, Director of Human Resources – (540) 828-5393
- Department of Student Life – (540) 828-5380
- Town of Bridgewater Police Department - 911

Medical Assistance. It is important to seek immediate medical attention at a local hospital for several reasons: (1) to assess and treat any physical injuries; (2) to determine the risk of sexually transmitted diseases or pregnancy and to take appropriate measures; and (3) to gather evidence that may be used in a criminal prosecution if the complainant chooses to press charges either immediately or at a later time. Physical evidence should be collected immediately, ideally within the first 24 hours, and usually not later than 72 hours after the incident. In order not to destroy any evidence needed if the complainant should decide to prosecute, it is important that she/he does NOT: bathe or shower, brush or comb your hair, douche, change clothes (if clothes are changed, take the clothes worn at the time of the assault to the hospital in a PAPER bag), eat or drink anything or brush or rinse your teeth if there was oral contact, touch items at the crime scene, or put on makeup. Take a change of clothes to the hospital because some items of clothing may be kept as evidence. At the emergency room the physician may collect hair samples, semen and other evidence. The police will be contacted to take possession of these samples until the complainant makes a decision about prosecution. The hospital serving the Bridgewater area is Rockingham Memorial Hospital – (540) 689-1000.

Retaliation. It is a violation of College policy for anyone to retaliate against any person making a complaint of Sexual Misconduct or against any person cooperating in the investigation of (including testifying as a witness to) any allegation of Sexual Misconduct. For these purposes, "retaliation" includes intimidation, threats or harassment against any complainant or third party. Retaliation should be reported promptly to Campus Police and Safety, the Title IX Coordinator, or the Department of Student Life and may result in disciplinary action independent of the sanction or

interim measures imposed in response to the underlying allegations of Sexual Misconduct.

Effect of Criminal Proceedings. Because Sexual Misconduct may constitute *both* a violation of College policy *and* criminal activity, the College encourages students to report alleged Sexual Misconduct promptly to Campus Police and Safety as well as the Town of Bridgewater Police Department. The Campus Police Department will assist in contacting the Town police if the student seeks the assistance of Town police. Criminal investigations may be useful in the gathering of relevant evidence, particularly forensic evidence. Because the standards for finding a violation of criminal law are different from the standards for finding a violation of College policy, criminal investigations or reports are *not* determinative of whether Sexual Misconduct, for purposes of College policy, has occurred. In other words, conduct may constitute Sexual Misconduct under College policy even if law enforcement agencies lack sufficient evidence of a crime and therefore decline to prosecute.

The filing of a complaint of Sexual Misconduct under College policy is independent of any criminal investigation or proceeding, and (except that the College's investigation may be delayed temporarily while police criminal investigators are gathering evidence) the College will not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation and take interim measures to protect the complainant and the College community, if necessary.

Meeting with Complainant. As soon as possible after a complaint is made alleging Sexual Misconduct, the Title IX coordinator will schedule a meeting with the complainant to identify forms of support or immediate interventions available to the complainant (e.g., referrals to appropriate law enforcement agencies or the Office of the Commonwealth's Attorney; referrals for medical treatment; and referrals for counseling at the College's Counseling Center, Student Health Services, or off-campus resources), and to obtain the complainant's consent to begin an investigation. The meeting may also involve a discussion of any accommodations that may be appropriate concerning the complainant's academic, College housing, and/or College employment arrangements.

At the initial meeting with the complainant, the Title IX coordinator will seek to determine whether the complainant wishes to pursue Formal Adjudication or does not wish to pursue adjudication of any kind. If the complainant wishes to proceed with Formal Adjudication, the complainant will be asked to provide the name of the accused, and the date, location and nature of the alleged Sexual Misconduct.

If the complainant wishes to proceed with Formal Adjudication, the Title IX coordinator will promptly prepare and forward a formal complaint to the Director of Residential Life and Judicial Affairs for investigation. The formal complaint will set forth the name of the accused, and the date, location and nature of the alleged Sexual Misconduct. Concurrently with the delivery of the formal complaint to the Director of Residential Life and Judicial Affairs, the Title IX coordinator will cause a transcript hold to be placed on the accused student's transcript pending final resolution of the complaint.

If the complainant does not wish to pursue Formal Adjudication and/or requests that his or her complaint remain confidential, the College nevertheless is required to investigate and take

reasonable action in response to the complainant's request. The Title IX Coordinator will inform the complainant, however, that the College's ability to respond may be limited. The College must evaluate the complainant's request that the complaint not be adjudicated or remain confidential in the context of the College's commitment to provide a reasonably safe and non-discriminatory environment for all students. The Title IX coordinator will inform the complainant if the College cannot ensure confidentiality.

Interim Measures. In all cases of alleged Sexual Misconduct, the College will undertake an appropriate inquiry and take prompt and effective action to support and protect the complainant, including taking appropriate interim steps before the final outcome of the investigation and hearing, if any. Accordingly, at or after the initial meeting, the Title IX coordinator may: (1) impose a "no-contact" order to be served by the Campus Police, which may include a directive that the parties refrain from having contact with one another, directly or indirectly, whether in person or via electronic means (e.g., social media, texting, email, etc.), pending the investigation and, if applicable, the hearing; and (2) take any further protective action that he or she deems appropriate concerning the interaction of the parties pending the hearing, if any, including, without limitation, directing appropriate College officials to alter the students' academic, College housing, and/or College employment arrangements. Violation(s) of the Title IX coordinator's directive and/or protective actions will constitute related offenses that may lead to additional disciplinary action.

Formal Adjunction. When the complainant indicates a desire to pursue Formal Adjudication, the Title IX coordinator will prepare and forward the complaint to the Director of Residential Life and Judicial Affairs for an investigation by the Campus Police. A typical investigation will be completed within sixty (60) days following receipt of the complaint. Campus Police will prepare a written report which will be distributed, concurrently, to both of the parties and to the Director of Residential Life and Judicial Affairs. If a hearing is held, the Judicial Hearing Board will also be provided with a copy of the report.

Following the conclusion of the investigation by Campus Police, the Notice of Hearing will be delivered to both parties concurrently. The hearing will take place promptly following delivery of the Notice of Hearing. The parties are expected to cooperate in the scheduling of the hearing.

The parties will provide the Board Chair with a list of witnesses they propose to call, and copies of documents and a description of any other evidence they propose to present at the hearing. Evidence of a complainant's past sexual history will not be permitted at the hearing. The Chair will provide each party with a copy of the list of witnesses, and identification or copies of documents or other evidence submitted by the other party. The parties are also responsible for the attendance of their witnesses at the hearing.

If, at any time prior to the hearing, the accused student elects to acknowledge his or her actions and take responsibility for the alleged Sexual Misconduct, he or she may request that the Chair propose a resolution to the charges and a sanction and, with the consent of the complainant, resolve the complaint without a hearing.

The hearing will not follow a courtroom model, and formal rules of evidence will not be observed. The parties are responsible for ensuring that their proposed witnesses are present. Neither party

may be represented at the hearing by an attorney or other person. Only the Chair and the Board may question the individual parties and any witnesses, unless permission is granted by the Chair to modify the questioning process. After all witnesses have been questioned, each party may make a closing statement. If the Board determines that unresolved issues exist that would be clarified by the presentation of additional evidence, the Chair may recess the hearing and reconvene it in a timely manner to receive such evidence.

The accused student has the option not to testify; however, the exercise of that option will not preclude the Board from proceeding and determining the complaint on the basis of the evidence presented.

The evidence of alleged Sexual Misconduct will be evaluated under a "preponderance of the evidence" standard. The accused student will be found to be responsible for the alleged Sexual Misconduct if the Board, by a majority vote, concludes that such Sexual Misconduct more likely than not occurred based upon review of all evidence presented.

The Board may impose any sanction that it finds to be fair and proportionate to the violation, including suspension and expulsion. In determining an appropriate sanction, the Board may consider any record of past violations of the standards of conduct, as well as the nature and severity of such past violation(s). The Board will consider as part of its deliberations whether the sanction will (a) bring an end to the violation in question, (b) reasonably prevent a recurrence of a similar violation, and (c) remedy the effects of the violation on the complainant and the Bridgewater College community. The sanction decision will be made by the Board by majority vote. Any sanction imposed will be described in the written decision of the Board.

Within ten (10) calendar days from the conclusion of the hearing the Chair will provide to both parties, concurrently, and to the Title IX coordinator and the Executive Vice President, a copy of the Board's written decision.

Either party may appeal the Board's decision to the Dean of Students. The party appealing the decision shall submit a statement to the Dean of Students which shall include the reasons the party believes the decision of the Board should be reversed. Within thirty (30) calendar days after receipt of the notice of appeal, the Dean of Students will provide to both parties, concurrently, and to the Title IX coordinator and the Executive Vice President, a copy of the Dean of Students' written decision. The decision of the Dean of Students is final, and there is no further appeal following the Dean of Students' decision.

Sanctions imposed by the Board are not effective until any timely appeal of the decision is resolved. However, if advisable to protect the welfare of the complainant or the campus community, the Board may include in its determination letter that any probation, suspension, or expulsion be effective immediately and continue in effect until such time as the Dean of Students may otherwise determine. If the matter is appealed, the Dean of Students may suspend the determination pending exhaustion of appeal, or allow the student to attend classes or other activity on a supervised or monitored basis, or make such other modifications to the determination as may be advisable.

The hearing process is not open to the public. Accordingly, documents prepared in anticipation of the hearing and documents, testimony, or other evidence introduced at the hearing, and any transcript of the hearing itself, may not be disclosed outside of the hearing proceedings, except as may be required or authorized by law.

Following the hearing, the Board will issue a written decision letter (the “Final Outcome Letter”), concurrently to both the accused student and the complainant. The final outcome letter will set forth the name of the accused student; the violation(s) of this policy for which the accused student was found responsible and the sanction imposed, if any. College policy neither encourages nor discourages the further disclosure of the final outcome letter with others, including family, friends, legal counsel, mental health professionals.

Sex Offender Information

Law enforcement agency information provided by the Commonwealth of Virginia under section 170101(j) of the Violent Crime Control and Law Enforcement Act of 1994 (42 U.S.C. 14071(j)), concerning registered sex offenders may be obtained at the Office of the Chief of Campus Police and Safety located at 122 College View Drive, or by going to the Virginia State Police website at: <http://sex-offender.vsp.virginia.gov/sor/>.

Students of Concern

Bridgewater College has a "student of concern" assessment team that includes Student Life personnel and counseling staff, which evaluates students whose behavior exhibits dangerous warning signs. Depending on the student's behavior, the assessment team may also include Campus Police as well as a member of senior level administration. To facilitate bringing a student to the attention of the assessment team, the counseling office created a confidential online "I am concerned about a student ..." form, which faculty and staff can submit to express concern regarding a student's behavior. Once received, a counselor will evaluate the behavioral concerns and handle the matter accordingly. The director of the counseling center meets with faculty and residence life staff to review with them some of the warning signs to look for in students who may be experiencing mental or emotional health issues.

Policies Applicable to Employees

The security policies of the College applicable to employees are set forth principally in the *Employee Handbook*. The following information is from the current version of the *Employee Handbook*: http://www.bridgewater.edu/files/hr/Employee_Handbook.pdf.

Background Checks. In an effort to provide a safe campus environment for its students and employees, the College reserves the right to conduct a background investigation of all applicants selected for any position at the College including staff, faculty, adjuncts and temporary positions. Job offers made are contingent upon the results of this investigation. All applicants for employment with the College are required to sign an authorization form giving Bridgewater College permission to conduct a background investigation. The College will conduct and utilize these background investigations as they relate to the fitness for duty for a particular position, in accordance with applicable law. A relevant job-related conviction is grounds for termination of employment or non-selection of an applicant. Falsification of application materials, including failure to disclose misdemeanor or felony convictions, is grounds for termination of employment or non-selection.

Policy on Prohibited Discrimination and Harassment. Bridgewater College is a community based on trust and respect for others. Students, faculty and staff have the right to be free from prohibited discrimination and harassment within the College community. Specifically, the College prohibits

discrimination, including harassment, on the basis of race, color, religion, national or ethnic origin, sex, age, disability, or veteran's status in its educational programs and activities and with regard to employment. Such conduct violates not only College policy, but may also violate state and federal law.

Unwelcome verbal or physical conduct toward a member of the College community may constitute prohibited harassment. Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature or on the basis of gender may constitute prohibited sexual harassment. Whether sexual or non-sexual, such conduct constitutes prohibited harassment if: 1) the conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, or of creating an intimidating, hostile or offensive work or academic environment; 2) submission to such conduct is an implicit or explicit condition of employment or academic success; or 3) submission to or rejection of such conduct is used as the basis for an employment or academic decision.

Any employee who believes herself or himself to be the object of prohibited discrimination or harassment by a member of the faculty or staff should consult with the Director of Human Resources or one of the designated officers listed below responsible for enforcement of the College's policy. The designated officer will provide that person with information concerning Bridgewater's policy and procedures for dealing with formal complaints or prohibited discrimination and harassment.

- Roy W. Ferguson, Jr., Interim President
(540)828-5307, rferguso@bridgewater.edu
- Dr. Carol A. Scheppard, Vice President & Dean for Academic Affairs
(540) 828-5607, cscheppa@bridgewater.edu
- Anne B. Keeler, Vice President for Finance
(540) 828-5470, akeeler@bridgewater.edu
- Reginald A. Webb, Vice President for Enrollment Management
(540)828-8014, rwebb@bridgewater.edu
- Victoria L. Ingram, Director of Human Resources
(540) 828-5393, vingram@bridgewater.edu

No employee will be disciplined or otherwise retaliated against for identifying such discrimination or harassment. It is important to inform the College; we cannot remedy the situation if we are unaware that a problem exists. Confidentiality will be maintained to the extent possible without jeopardizing a full investigation of the complaint.

Policy and Rules on Alcohol and Drugs. As a recipient of federal aid and federal grants, the College must certify under the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989 that it will take certain steps to provide a drug-free workplace.

Unlawfully possessing, being under the influence of, using, distributing, dispensing, or manufacturing alcohol or illegal or controlled substances is prohibited on College property, in College vehicles, while conducting College business, or as a part of College activities. Any employee who is convicted for any drug statute violation must notify his or her supervisor within five days of the conviction. The College will take appropriate action against an employee who violates any part of this workplace rule, up to and including termination and referral for prosecution, which is deemed in the best interest of the College and in accordance with applicable law. Employees not terminated may be required to satisfactorily participate in an approved alcohol or drug abuse assistance or rehabilitation program.

Separate from the legal requirements, the College is concerned with the health and well-being of members of the College community. Employees may contact the Director of Human Resources, in confidence, for referrals or information regarding available and appropriate substance abuse counseling, treatment and rehabilitation programs.

The College reserves the right to require testing of employees for alcohol (including medications containing alcohol) or illegal or controlled substances, on a random basis and/or on the basis of reasonable suspicion.

Weapons Policy. The use, possession or storage of any firearm, dangerous weapon, explosive, or other dangerous article is prohibited on all properties owned, leased, or otherwise operated by Bridgewater College. This prohibition applies to a concealed weapon for which the carrier has a legal permit, as well as weapons in any College facility or within any parked vehicle on College property or the streets within or adjoining College property. Only sworn law enforcement officers duly authorized to carry weapons are exempted. Any person violating this policy will be subject to possible disciplinary action, including dismissal.

Safety and Security. Bridgewater attempts to provide for the safety and security of its faculty and staff by a continuous effort to maintain buildings, grounds, equipment and lighting. Staff can contribute to the safety and security of the campus and their departments by alerting supervisors or the Director of Facilities (540-828-5316) of any areas that need attention. If a staff member is working after hours, doors to the work area should be locked. The phone number for Campus Police and Safety is 540-828-5609.

Campus Fire Safety Annual Compliance Report

Residence Hall Fire Drills. Fire drills are held once a semester for each residence life hall. Fire drills are mandatory, supervised evacuations of a building. The fire drill is scheduled with the individual residence hall staff and the Campus Police and Safety Department. Students who fail to leave the building during a fire drill may be fined and the incident is reviewed by the Director of Judicial Affairs and Residence Life.

Fire Safety Education and Training Provided to Students and Employees. Fire safety education programs for all students living in on-campus housing and all residence life staff employees are held at the beginning of each academic year. These programs are designed to familiarize everyone with the fire safety systems in each residence facility. Residence life staff are trained in the proper use of fire extinguishers as well as receiving instruction on the procedures to be followed in case of a fire alarms. During this training it is emphasized that mandatory evacuation of residence halls shall occur when a fire alarm is activated.

Fire Safety Regulations. Based upon recommendations by the Virginia State Fire Marshall, the following fire safety regulations have been adopted by Bridgewater College. The College may amend these from time to time.

- Any person or persons responsible for discharging or tampering with a fire extinguisher, pulling or tampering with a fire alarm, may be subject to suspension and a fine. Failure to evacuate the building when the fire alarm sounds will result in a fine.
- Any person or persons responsible for tampering with, or removing the battery from, a smoke detector will be fined and may be subject to further disciplinary action, including suspension.
- Open flames, candles, or incense may not be burned in the residence halls because of the potential fire hazard. Any person responsible for open flames or burning a candle or incense in a residence hall may be fined and may be subject to further disciplinary action.
- All halogen lights are prohibited.

Procedures for Student Housing Evacuation. In case of a fire, students are instructed to sound the nearest fire alarm and evacuate the building, and follow these instructions:

- Know your emergency routes from your room and residence hall.
- Check to see if your door is hot or has smoke around it. If so, stay in your room and wait to be evacuated by firefighters.
- Shut your door tightly when you leave.
- Exit the building and follow the directions of Residence Life Staff, Campus Police and or Firefighters.
- Do not remain in close proximity to the buildings. Remain in designated locations until cleared by either Residence Life Staff or Campus Police.

- If you can use a fire extinguisher in your hall without endangering yourself, please do so. However, the first concern is student safety. Do not attempt to extinguish a fire if personal safety becomes threatened.

Crime Statistics

The Act requires the publication of statistics concerning the occurrence on campus of certain criminal offenses “*reported to campus security authorities or local police agencies*” during the last calendar year and the two prior calendar years. Incidents that were not reported to these officials are not reflected in the numbers below. Additionally, incidents are recorded according to when they were reported, not when they occur.

The following are explanations to clarify some of the statistics recorded above:

- When an arrest and a disciplinary referral are made, the College is to count only the arrest. However, the College does take disciplinary action on arrests even though the action is not reflected in the statistics.

- The College purchased the Equestrian Center in August of 2007. The Center is located approximately 7 miles from campus in Augusta County, Virginia. The address of the Center is 102 Burketown Road, Weyers Cave, VA 24486. The Center is used for classroom instruction and riding lessons, as well as other College activities. The Center is patrolled on a regular basis by Campus Police.
- There were no reported hate crimes for the years 2009, 2010 and 2011.
