an accredited Law Enforcement Agency

*Celebrating
50 Years*

About the Cover...

January 1, 2013 marked the 50th anniversary of the merger of the two-square-mile resort city of Virginia Beach and the much larger suburbs and farms of Princess Anne County. The Princess Anne County Police Department and Virginia Beach Police Department combined forces to police the large geographic area. Today the City of Virginia Beach is the most populous city in Virginia and hosts a substantial number of tourists each year. The 2013 Part I Crime rate for Virginia Beach was 26.7 crimes per 1,000 residents, the lowest since 1964. In celebration of 50 years of excellent police service to the City of Virginia Beach, we take a look back at many of the changes through the years.

FAX (757) 427-9163

MUNICIPAL CENTER
BUILDING 11
2509 PRINCESS ANNE ROAD
VIRGINIA BEACH, VA 23456-9064

Dear Mr. Spore:

I am pleased to present you with the 2013 Annual Report. This report provides selected highlights of the many accomplishments, initiatives, and programs involving the dedicated men and women of the Virginia Beach Police Department. The report also includes a statistical review of reported crime, calls for service, traffic data, and crashes.

The Department achieved many accomplishments and initiated a number of special programs this past year. The Traffic Safety Unit placed 1st in the Commonwealth and 2nd in the nation in the Law Enforcement Challenge for traffic safety. This is the tenth year in a row that the Department received top honors in the Commonwealth of Virginia. The Department was also recognized for our impaired driving arrests and bicycle/pedestrian safety. The Virginia Beach Project Lifesaver Program reached a new milestone in 2013 by signing up its 300th active client. In addition, former Virginia Beach Mayor Meyera Oberndorf was presented with her own Project Lifesaver bracelet.

In 2013, the Virginia Beach Police Department Special Operations, Forensics and Property & Evidence building on Leroy Road opened its doors. The new facility is 32,000 square feet and includes a lobby and reception area, office space, a workout room, locker rooms with showers, an armory, muster room, and training room. Additionally, the building has a floor-to-ceiling motorized evidence storage system, weapons storage, drug storage, forensics labs, and vehicle processing garage.

I am pleased to report that the 2013 Part I Crime rate for Virginia Beach was the lowest it's been since 1964. Additionally, violent crimes in Virginia Beach comprised only 6.2 percent of our reported Part I Crimes. The Part I Crime rate for violent crimes is 1.7 per 1,000 residents. The City of Virginia Beach has the lowest Part I Crime rate and the lowest violent crime rate for cities with a population of 350,000 or higher. We also continue to maintain a crime clearance rate well above the national average for cities of similar size. Our continued low crime rate and above average clearance rate are the result of our exceptionally talented sworn and civilian members and the high level of involvement by members of our community.

I am honored to lead such a talented, diverse, and committed team of officers and civilians as we continually seek to fulfill our mission: providing a safe community and improving the quality of life of our citizens. As always, I appreciate your continued support and that of City Council.

Sincerely,

James A. Cervera
Chief of Police

Mission Statement, Vision, & Core Values

MISSION STATEMENT

The Virginia Beach Police Department is committed to providing a safe community and improving the quality of life for all people. We accomplish this by delivering quality police services and enforcing laws with equity and impartiality. In partnership with the community, we reduce crime through public awareness. In meeting this objective, we demand of ourselves the highest professional standards and dedication to our core values.

VISION

The Virginia Beach Police Department will be the premier law enforcement agency setting the standard for excellence. Committed to those we serve, we adapt to change, while focusing on value-based principles, lifelong learning, and professional growth.

CORE VALUES

Professionalism...in our actions, conduct, and job performance. Constantly striving towards ever-rising standards.

Respect...for all citizens, each other, and for differing points of view, regardless of age, race, gender, appearance, individual beliefs, or lifestyles.

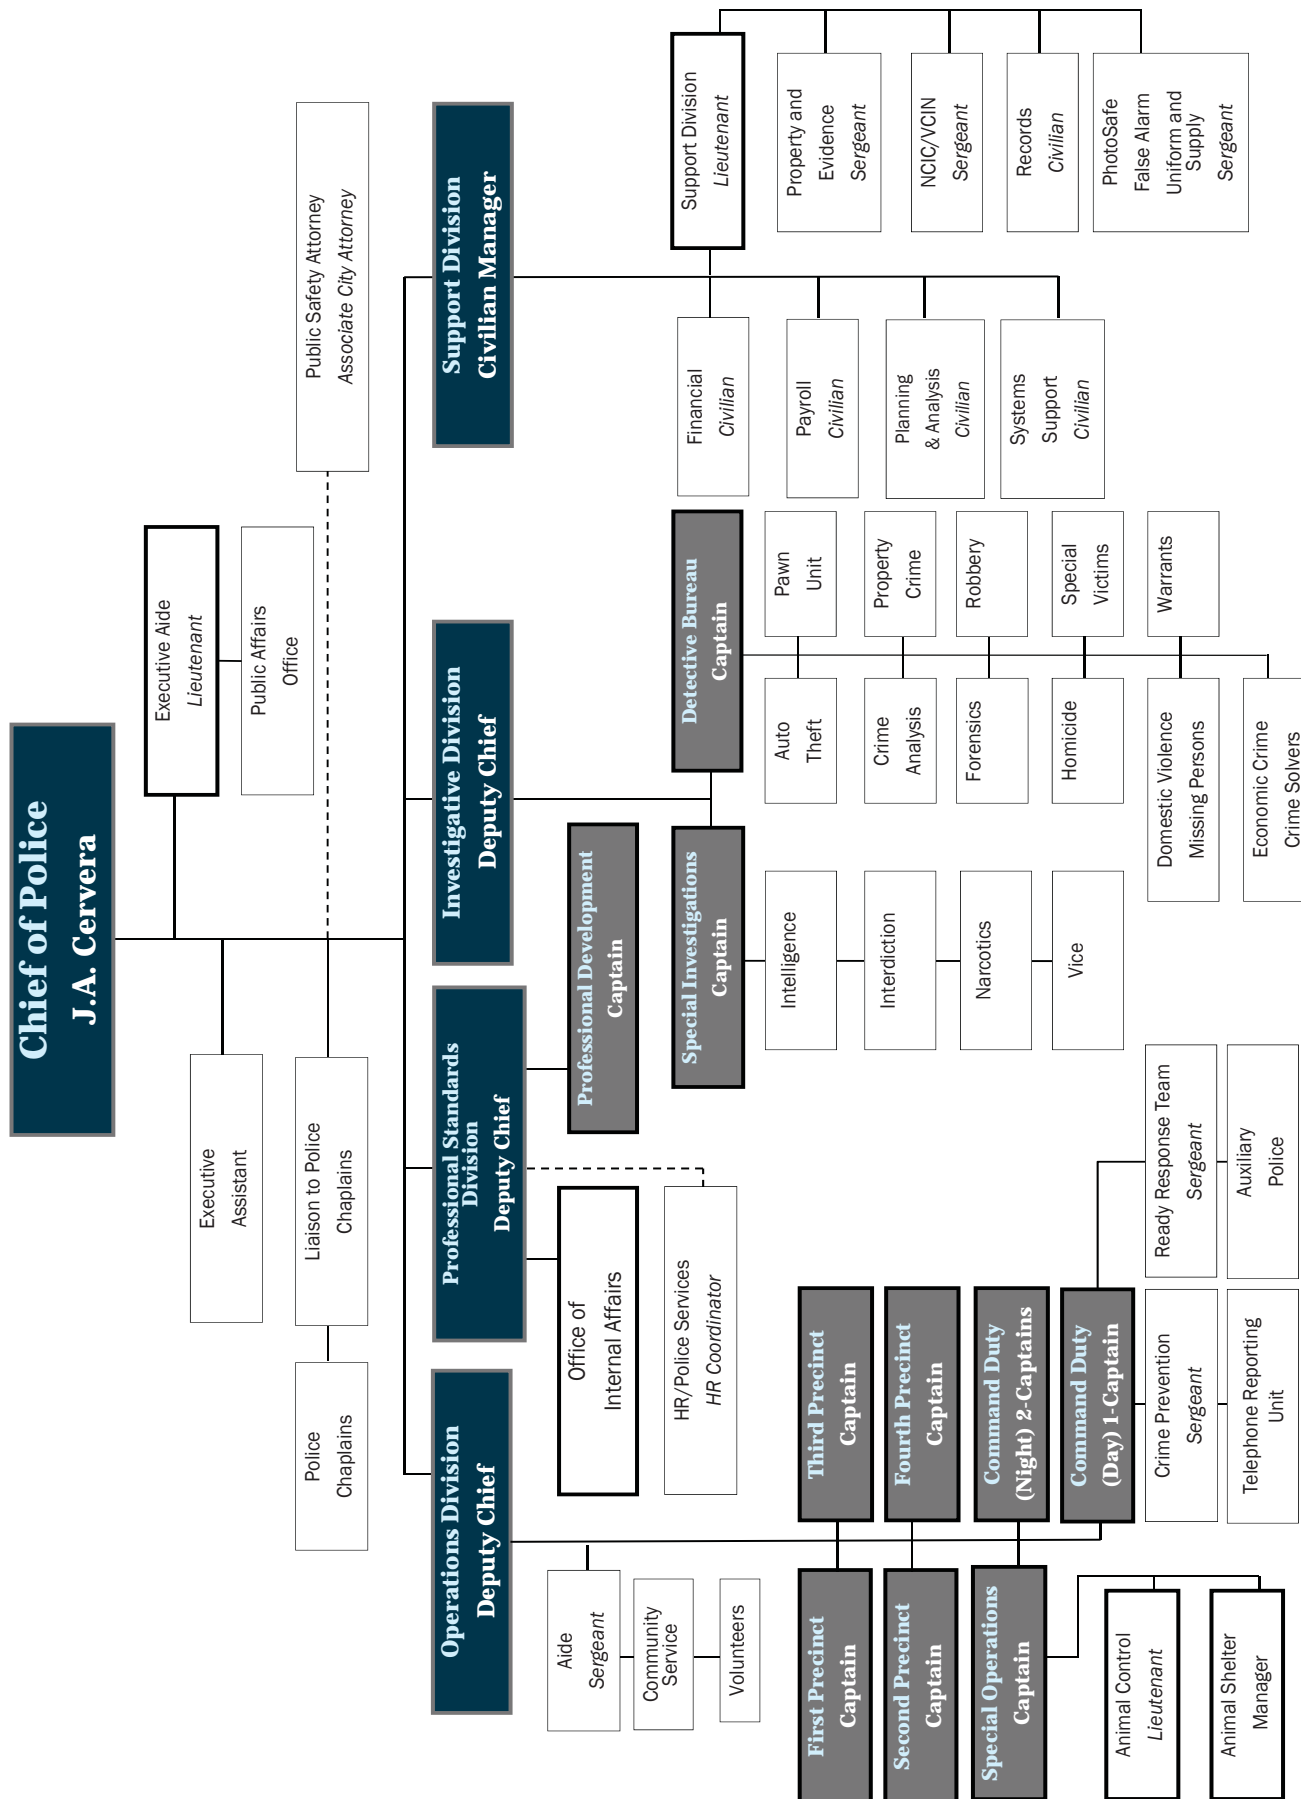

Integrity...truthful and honest, deserving of trust. Ethical. Being guided by the concept of fundamental fairness in everything we do. Doing what is right.

Dedication...to the organization, each other, our families, and the citizens we serve. Unquestionable work ethic.

Excellence...in everything we do. Seeking to improve and excel, always.

IN THE SPOTLIGHT: CHEWIE

In November of 2012, the military was downsizing one of its military working dog programs, the Improvised Explosive Device Detection Dog Program. Their loss was the Virginia Beach Police Department's gain. Our K9 Unit added a new member, six-year-old Chewie.

When Chewie's former handler wanted to know what had happened to his beloved partner, he began an internet search. He posted this message on our Facebook page:

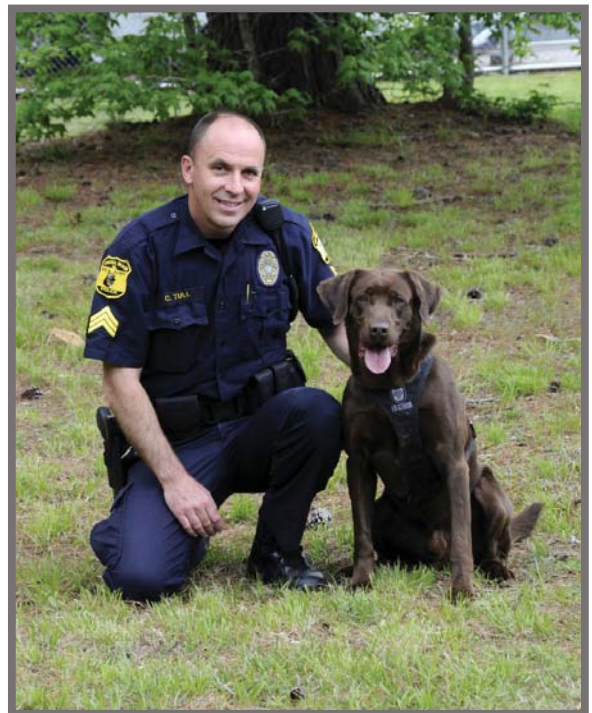

"Can you help us please???!! We believe Chewie is in your K-9 unit!!!"

The Virginia Beach Police Department's Public Affairs Office read the post and forwarded the message to Sergeant Chris Tull of the K9 Unit. Sgt. Tull is Chewie's new handler! Sgt. Tull has been in contact with the former handler. Sgt. Tull has put together a care package of VBPD K9 items to send to Sgt. Daryl Johnston as a thank you for his work with Chewie and his service to our country. Sgt. Johnston was happy to hear that Chewie was working and still saving lives.

Sergeants Tull and Johnston plan to stay in touch with updates about what Chewie is doing. During the search for Chewie, they located the breeder and Chewie's parents, who have a litter on the way this month. Sgt. Johnston is hoping to get one of the pups and has been given an open invitation to stop by and visit Chewie.

Sergeant Daryl Johnston, USMC with Chewie while deployed in support of Operation Enduring Freedom

Sergeant Chris Tull of the VBPD K-9 Unit with Chewie

NEW SPECIAL OPERATIONS, FORENSICS AND PROPERTY & EVIDENCE BUILDING

Official Ribbon-Cutting

The Honorable William D. Sessonms, Jr.; James K. Spore, City manager; James A. Cervera, Chief of Police; Richard D. Marinac, PE, Public Works; Capt. Michael Ronan, Commanding Officer Special Operations; and members of McKenzie Construction Coproation and Tyrmoff & Moss

On November 14, 2013, the Police Department held a dedication ceremony for the new Police Special Operations, Forensics and Property & Evidence building. The new facility represents Phase IV of the Leroy Road Redevelopment Plan and cost approximately \$7.8 million to complete. The new facility is 32,000 square feet and includes a lobby and reception area, office space, a workout room, locker rooms with showers, an armory, muster room, and training room. Additionally, the building has a floor-to-ceiling motorized evidence storage system, weapons storage, drug storage, forensics labs, and vehicle processing garage. At the exterior of the building, the project also includes impound lots, a road-kill incinerator, security control points, and road, water, and sewer improvements.

Special Operations

Special Operations encompasses the police SWAT team, bomb/aviation sergeants, marine patrol and dive team, motor units, the traffic safety unit, the fatal accident crash team, the extradition unit, the homeland defense office and hit & run investigations. Prior to the building's construction, Special Operations staff were housed in dilapidated, separate buildings with inadequate space and storage.

The new facility provides Special Operations with a training/briefing room. This serves as a location to conduct meetings, briefings, and training classes. The room is equipped with innovative audio and video technology to provide an excellent learning environment. The equipment includes two drop down projector screens and two 70" monitors. The room has a seating capacity of approximately 40 students.

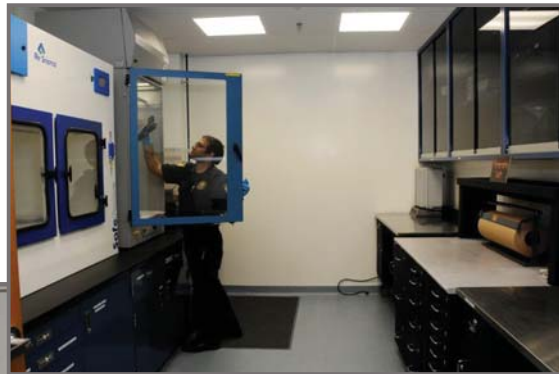

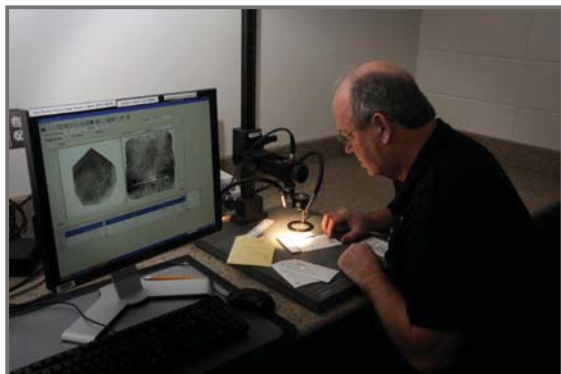

The new facility includes a SWAT armory and bomb rooms. These rooms provide a safe and secure environment to store and maintain specialty equipment. The rooms are designed with a high level of security and the resources needed to conduct maintenance on the specialized weapons and other tools utilized by the SWAT team.

Also, the new facility has a decontamination (decon) room with available shower, washer/dryer and high pressure equipment decon machine when situations arise when decontamination of persons or equipment is needed.

IN THE SPOTLIGHT: LEROY ROAD

Forensics

The Forensic Services Unit was relocated to the Special Operations, Forensics, and Property & Evidence buildin from the police headquarters building. The facility provides Forensics with an evidence processing garage for vehicles, a modern forensic lab, a digital evidence work center, and a reconstruction classroom for bloodstain evidence and trajectory analysis. The structure included all new laboratory tools and information technology infrastructure to provide safer working conditions for employees and improve the efficiency of forensic examinations.

Property & Evidence

The new facility provides Property & Evidence with approximately 10,000 square feet to be used to store property and evidence that needs to be maintained for many years. It includes separate vaults for cash, jewelry, guns, and drugs. It also includes a state-of-the-art shelving system and expanded refrigeration units.

In Memory of Master Police Officer Terry Eugene Burr

MPO Terry E. Burr, 61, passed away June 21, 2013. He was born July 15, 1951 in Muskegon, MI to the late Dewey G. Burr, Sr. and Yvonna M. Burr. Terry attained the rank of Master Gunnery Sergeant and honorably retired from the US Marine Corps after 23 years. On May 5th 1994 MPO Burr joined the department as member of the 18th recruit academy. He proudly protected our community, for over 19 years, as a Master Police Officer with the 3rd Precinct. MPO Burr was frequently assigned to the Town Center area. He was a long standing member on the traffic safety committee.

He is survived by his devoted fiancée, Janis Helms; daughters, Teresa Burr along with her husband Jeffrey Goodstine and Brittany Burnham with husband Seth Burnham Sr.; sons, Shayne Burr and Thomas Bellerose; grandchildren, Seth Jr. and Avery Goodstine; brothers, Dewey Jr. and Marshall; sisters, Judith Burr and Sharon Huggins; and his wiggle-butt boxer Kaitlyn.

In Memory of Master Police Officer Alpheus Edward “Rocky” Smith Jr.

Master Police Officer A. E. “Rocky” Smith Jr., 44, unfortunately lost his battle with cancer and passed away on October 5, 2013. Rocky became a member of the Virginia Beach Police Department on January 11th, 1999. He was a highly respected member of the 27th Recruit Academy. Prior to joining the Police Department, Rocky was a Deputy Sheriff with the Virginia Beach Sheriff’s Office from March 1st, 1996 until the start of the police academy. Rocky was assigned as Patrol Officer in the First Precinct, working evening and midnight shifts. For most of his patrol career, he worked in 127 zone (Lynnhaven Mall and surrounding areas) and was well known and beloved by the local residents and businesses in that area. You could frequently find Rock chatting it up and making everyone laugh at the 7-11 at 1040 Lynnhaven Pwy. Other than his love for his family and his career, his next love was for the Alabama Crimson Tide.

Rocky has been with his wife and soulmate, Ryan Smith, for 8 years. Ryan is a Dispatcher with the City of Virginia Beach. He was the stepfather of her two children, Madisyn and McKenzie. Rocky leaves behind a huge “family” of police officers and dispatchers.

Roll Tide

CELEBRATING 50 YEARS

1963 - Princess Anne County and Virginia Beach merge to form the City of Virginia Beach. The Virginia Beach Police Department had two precincts under the leadership of Chief James E. Moore .

1967 - The 3rd Precinct was added to the department.

1969 - Virginia Beach Police Department constructed an outdoor firing range of its own in the Princess Anne Borough.

1973 - New Police Headquarters and 1st Precinct Building.

1974 - Carol (Johnston) Heischober became the first woman police officer in Virginia Beach assigned to carry out the full duties of an uniformed police officer.

1975 - SWAT Program began.

1975 - Virginia Beach Police Department became one of the first departments in the country to implement a Computer Aided Dispatch (CAD) System.

1978 - Mainframe applications were implemented and utilized for records management purposes.

1983 - The 911 System was installed and later updated in 1985 to include caller ID.

1987 - Special Investigative Unit was formed whose mission was to spot large scale drug traffic with organized crime in conjunction with the DEA.

1963

1973

1983

1990 - The 4th Precinct was opened in the Kempsville area.

1990 - Community Policing Program began including school resource officers being assigned to every public middle and high school in Virginia Beach.

1994 - Bomb Squad was added to the department.

1999 - Reorganization of the department created three divisions: Operations, Investigative and Support . The department renamed the rank of Major to Deputy Chief.

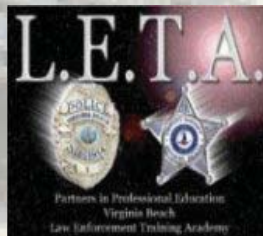

1999 - New Automated Records Management System, PISTOL 2000 was implemented.

2000 - Community Service Officer Program was created to provide assistance to stranded motorists .

2001 - Virginia Beach Law Enforcement Training Academy facility was opened.

2006 - Electronic Police Reports Online (ePRO) was launched.

2009 - Law Enforcement Training Facility - Creeds was opened.

2011 - New Animal Care and Adoption Center opened.

2013 - New Special Operations, Forensics and Property & Evidence facility opened.

1993

2003

2013

DIRECTOR'S OFFICE

Chief James A. Cervera

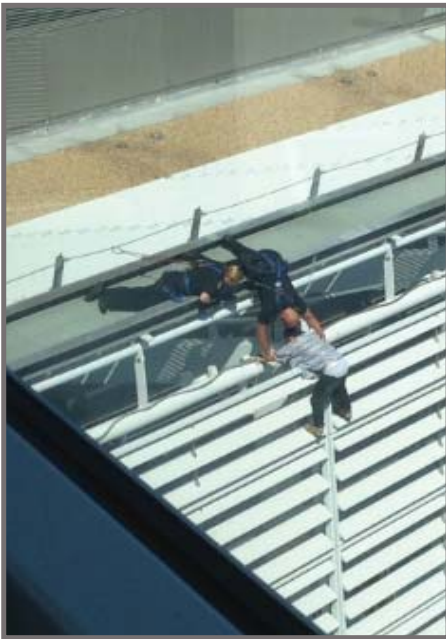

The Director's Office is led by Chief James A. Cervera. The office consists of the Chief of Police administrative staff, Public Affairs Office, and the Virginia Beach Police Chaplains Program.

On May 15, 2013, Captain Paul Gronemeyer, Commodore of Strike Fighter Wing Atlantic, presented a gun barrel from the F-18 Jet that crashed into Mayfair Mews apartments on April 6, 2012. The

presentation was made in recognition of the Department's response to the crash scene. In 2013, the Virginia Beach Police Department continued to work with our military partners in improving base security and interoperability between municipal and military public safety entities and staff. We conducted a joint training scenario that simulated a military plane crash on Dam Neck Base, which caused multiple fatalities, injuries, and property damage. The event was successful and future events are planned.

Captain Paul Gronemeyer and Command Master Chief Roger Grose present a gun barrel from the F-18 crash to the Police Department.

MPO M. Johnston and D. Zebley hold onto a suspect on top of the convention center.

In 2013, the Virginia Beach Police Department officers continued to save lives. On August 8, 2013, a 911 operator received a call that reported a male subject climbing the outside of the Virginia Beach Convention Center with the intent to commit suicide. Police, Fire, and Rescue responded and confirmed that not only was there a man scaling the outside of the Convention Center, but the subject was the same man who had climbed to the top of the building a few weeks earlier. As the scene was developing and public safety members started to initiate a joint operation, Master Police Officers Melissa Johnston and Doug Zebley climbed to the top of the building and onto the catwalk in an attempt to either talk the subject "off the ledge" or, if necessary, render aid in whatever form was necessary. Because of the instability of the catwalk and the high risk of falling, Fire officials provided harnesses to the officers and secured them to safety wires. Master Police Officers Zebley and Johnston were able to grab and hold the subject while firefighters secured him with a harness. The subject was safely taken into custody and transported to the hospital. In 2013, VBPD Officers continued to use their CPR and First-aid training to save lives. Their training allowed for officers to properly use Automatic External Defibrillators and tourniquets. Their efforts were able to save 11 lives.

DEPARTMENT HIGHLIGHTS

POLICE CHAPLAIN PROGRAM

The Virginia Beach Police Chaplain Program has 24 active members tasked with offering emotional support to members of the Police Department and the citizens of Virginia Beach. The Police Chaplains assist officers and citizens with a variety of crises, such as delivering death notifications, visiting sick or injured officers and department personnel in homes and hospitals, conducting funerals or memorial services, offering invocations and benedictions, and serving as liaisons with other clergy in the community.

PROFESSIONAL STANDARDS DIVISION

Deputy Chief John L. Bell, Jr.

The Professional Standards Division is led by Deputy Chief John L. Bell, Jr. As Deputy Chief of Professional Standards, Deputy Chief Bell supervises the Office of Internal Affairs, Accreditation, and Professional Development and Training.

INTERNAL AFFAIRS

The Office of Internal Affairs is comprised of two components: Investigations and the Office of Police Accreditation. The investigative function of Internal Affairs is responsible for conducting and/or coordinating investigations of all complaints and/or allegations of misconduct involving any member of the Virginia Beach Police Department. In 2013, Internal Affairs examined 275 allegations of misconduct by Department members that originated from 183 separate events (citizen complaint or internal investigation). Of these formal allegations, 89 are currently sustained indicating there was sufficient evidence to prove the accused employee violated a Department rule or order; 11 allegations remain under investigation. Internal Affairs also acted as the Department's custodian of records and in 2013, responded to 1,218 formal requests for information under the Freedom of Information Act (FOIA), Subpoena Duces Tecums, and court orders for documents.

The Office of Accreditation is tasked with ensuring that Department policies and procedures are based on current national standards and best practices. Accreditation is also responsible for conducting inspections and audits of all commands and members for compliance with policy and procedure. The Virginia Beach Police Department continues to maintain its national Accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA) as an internal process of inspection, evaluation, and development.

Administrative Investigations*	Totals
Citizen Complaint	102
Internal Investigation	81
Inquiries	59

*Seventy (78.5%) of the 89 sustained allegations are the result of an internal investigation.

Professional Development & Training

Captain Theresa A. Orr

The Professional Development and Training (PD&T) unit is responsible for the management of recruiting, applicant tracking, selection and hiring of qualified applicants, Law Enforcement Officer (LEO) certification, and ongoing professional development in accordance with federal, state, and City requirements. In 2013, the PD&T unit processed 2,261 completed applications, ultimately graduating 53 certified sworn law enforcement officers into Field Training. At the same time, the unit conducted state-mandated and professional development training for 784 sworn officers, totaling 40 hours of mandated training and more than 50 hours of supplemental professional development per staff member.

PD&T conducts training at three facilities: The Law Enforcement Training Academy (LETA), the Law Enforcement Training Center – Creeds, and firearms training facility in Moyock, NC. The Law Enforcement Training Center-Creeds is a premier driving and reality based training facility situated on 271 acres of the old Creeds Air Field. The facility provides a venue for specialized training in force on force, traffic stops, medical triage, mobile tactics, active shooter response, and Incident Command protocols. Creeds facility and instructors are highly valued by our partner law enforcement and military organizations, often acting as controllers for federal and state agency training. The Firearms Training unit is located in a state of the art facility in Moyock and provides first line firearms and advanced firearm marksmanship training for new recruits and ongoing proficiency tactical training to specialty firearm units.

Graduates of the 55th Police Academy

Training at the Law Enforcement Training Center - Creeds facility

DEPARTMENT HIGHLIGHTS

OPERATIONS DIVISION

Deputy Chief Anthony F. Zucaro

The Operations Division is led by Deputy Chief Anthony F. Zucaro. As Deputy Chief of Operations, Deputy Chief Zucaro supervises the four police precincts, Special Operations, the Ready Response Team, the Crime Prevention Unit, and Animal Control.

First Precinct

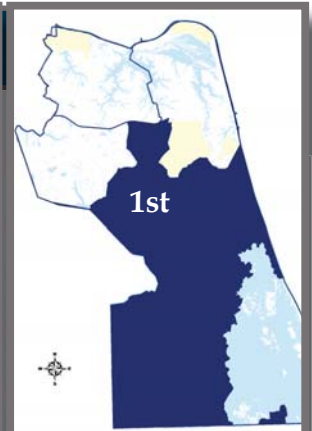

Captain Dennis M. Santos

The First Precinct is located in the southeast section of the city. The precinct includes a transition area between the suburban northern area of the city and the primarily agricultural, rural southern area of the city.

Throughout 2013, members of the First Precinct have been actively involved in a number of programs, security assessments, and training events that were designed to improve interoperability with our public safety partners and improved service for the community we are sworn to protect.

In 2013, the First Precinct created and implemented the Adopt-a-School Program. The program solicited volunteer “host” officers and supervisors who would routinely visit and patrol local elementary schools. The visits provided more visibility and increased safety for each school. The program has been expanded to include all precincts.

In addition to the Adopt-a-School Program, members of the First Precinct participated in a large scale emergency event held at the Virginia Beach Campus of Tidewater Community College. The scenario involved an explosion in one of the classrooms. The event created multiple challenges for public safety as it dealt with rescue and treatment of victims, crime scene security, and evacuation. The event was designed to test our ability to successfully communicate and work with multiple public safety partners, the college leadership team, and college staff. All of the aforementioned events were highly successful and will lead to additional training to close identified gaps and to improve the effectiveness by which we deliver our services.

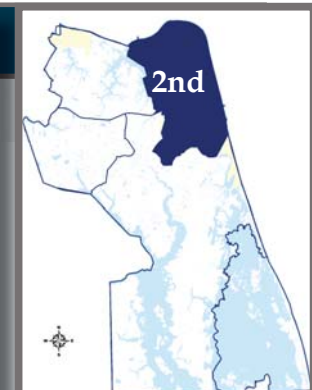

Second Precinct

Captain Patrick L. Gallagher

The Second Precinct is located in the northeast section of the city and is unique in that it includes the resort area and oceanfront within its boundaries. During the warm season (May through September), the Second Precinct provides services to an estimated three million tourists in addition to the residents living within the precinct.

Having the resort area and oceanfront within its boundaries

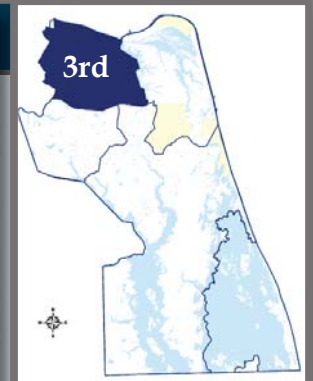

presents a number of unique challenges for the officers of the Second Precinct. In 2013, a new initiative entitled 'Operation Lost Ninos' was launched in an effort to address the issue of lost children on the beach. The public service initiative is comprised of three phases: During phase one, an English/Spanish sign was placed in the Hampton Roads Transit bus that travels along the resort area. The sign depicts the image of a lost child on the beach and the message on the sign informs families to watch their children closely and to contact a lifeguard or Virginia Beach Police Officer should a child become lost. Phase two will involve placing English/Spanish signs outlining the rules of the beach on all existing lifeguard stands. Similar signs will be placed in the municipal parking lots. Phase three of the program will involve a public service announcement broadcast on a local Spanish radio program on Saturday mornings. During the broadcast, Spanish speaking officers will advise the public on child safety at the beach and the importance of keeping a watchful eye on the children. It is our hope that the implementation of this initiative will ensure that all of our visitors have a safe and enjoyable day at the beach.

Third Precinct

Captain Dennis A. Hebert

The Third Precinct, located in the northwest section of the city, has a large concentration of retail businesses along the major thoroughfares with light manufacturing industry in the Airport Industrial Park. The precinct is also home to Town Center, a concentrated area of businesses that offers cultural and entertainment opportunities such as theater, concerts, shopping, restaurants, and night clubs.

In 2013, the Third Precinct continued to address quality of life issues in the 326 Initiative as the department once again participated in the spring and end of summer Western Bayside Community Days. The spring event focused on "Building Safe Communities" while the "Back to School" summer event provided school supplies to children in the community. In addition, members of the Third Precinct engaged the community by attending civic league meetings and community functions.

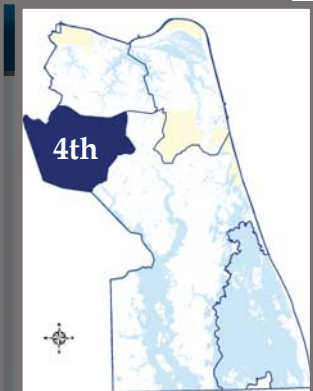

The Third Precinct continued in its efforts to reduce crime and provide a safe community as officers participated in the National Night Out. The precinct conducted our annual community surveys and responded by conducting numerous planned patrols that focused on Robberies, Guns, and Burglaries. Third Precinct Officers participated in an initiative to conduct daily visits to the elementary schools; designed to increase police presence in an effort to deter criminal activity, provide site familiarization to officers, and open communications between school staff, students, parents, and members of our command.

The Town Center business development continues to grow as citizens enjoy the cultural opportunities the area has to offer. There was a significant increase in the number of special events and visitors to the area. One of the most notable was the New Year's Eve "Last Night on the Town" celebration. The Third Precinct was involved in the planning of this very successful event and developed a safety plan to ensure the safety of all participants.

Fourth Precinct

Captain Sean Adams

The Fourth Precinct, located in the southwest section of the City, encompasses the area south of I-264, west of South Independence Blvd. and north of Indian River Road. The precinct shares its borders with the cities of Norfolk and Chesapeake.

DEPARTMENT HIGHLIGHTS

The Fourth Precinct is in its third year of partnering with the Green Run Homeowner's Association, members of the Green Run community, City Departments, City Council, and faith based organizations to maintain the Green Run Leaders Coalition that was established in 2012. The Police Department is a crucial part of the initiative and is committed to revitalizing the Green Run community with the goal of making Green Run a 'Community for a Lifetime.'

Special Operations

Captain Michael P. Ronan

Special Operations supports the mission of the Operations and Investigative Divisions of the Virginia Beach Police Department through the provision of specially trained officers and specialized equipment. Multiple resources are used to assist precinct initiatives in support of the Department's goals and objectives, including contributions to a number of crime reduction strategies, including robbery and burglary initiatives.

The Marine Patrol conducting waterborne training with the SWAT Team.

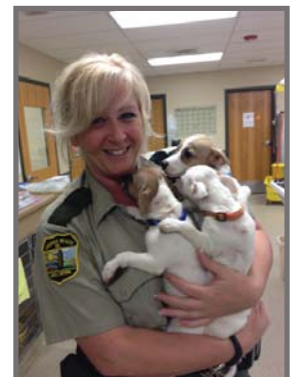

The Virginia Beach Police Department's Canine (K9) Unit continues to receive positive recognition. In April 2013, K9 MPO Hewlett and partner "King" and K9 MPO Staub and partner "Ace" took 1st and 2nd Place respectively in the Men's Open Division of the 15th Annual Iron Dog Competition hosted by the Virginia Police Work Dog Association in Lexington, VA. The competition tests the handler and K9 partner's abilities in various physical obstacles such as a dummy drag, a simulation target shoot, a run, and a scenario in their area of specialty.

The Police Department was recognized for our traffic safety efforts in 2013 by the National Law Enforcement Challenge and the Virginia Law Enforcement Challenge. The Department received top honors in the Commonwealth of Virginia for the tenth year in a row and was awarded second place nationally. The Police Department also won the Special Category Award in Bicycle/Pedestrian Safety in both the national and

state competitions. This is the first year our department entered the Bicycle/Pedestrian Safety category, and we are especially proud of our achievement in this area.

ANIMAL CONTROL & ANIMAL CARE AND ADOPTION CENTER

The second year in the new Birdneck Road facility brought many achievements for the Animal Care and Adoption Center (ACAC). The year ended with an adoption rate of 98% for dogs and 85% for cats. The adoption rate is calculated based on the number of adoptions divided by an adjusted total population. The adjusted total population excludes animals returned to their owner, transferred to other agencies, or determined to be non-adoptable. Volunteer contributions increased in 2013. The center experienced a 26 percent increase in adult volunteer service hours and a 20 percent increase in the number of adult volunteers over that of 2012. The ACAC also experienced a 126 percent increase in the number of youth participating in our volunteer program and a 95 percent increase in the number of service hours provided by our youth volunteers. The shelter enhanced their veterinary service capabilities by hiring one part-time veterinary technician as well as one part-time

Animal Control Officer Jane Cason with puppies

DEPARTMENT HIGHLIGHTS

veterinary assistant. Over 400 hours of training (over eight diverse course topics) were provided to shelter staff and volunteers throughout the year and approximately 40 speaking engagements/shelter tours were provided to various community groups.

In 2013, the Virginia Beach Police Department's Animal Enforcement Unit (AEU) worked to create a group of staff and volunteers trained to activate, staff, and deactivate an off-site emergency pet shelter in the event that the city should encounter a natural or manmade disaster. One AEU Supervisor, three Animal Control Officers, and approximately 20 volunteers attended multiple meetings and training sessions throughout the year to be educated on the needs and requirements of setting up an emergency shelter, maintaining care for the animals that may need sheltering, and how to address special situations that may arise during a disaster event. A mock set up of an emergency shelter was held in May of 2013 at the Great Neck Recreation Center. Staff from Emergency Management and the State Animal Response Team (SART) attended this exercise to observe the drill and make recommendations to the work group. The information gained from the mock set up was provided to Emergency Management to gauge timing, extra supplies required, and staffing needs should an event occur. The drill also allowed the unit to complete one of the requirements for becoming a Community Animal Response Team (CART).

Animal Control Statistics	Total
Dispatched Calls	26,354
Stray Dogs Impounded	2,612
Stray Cats Impounded	2,852
Dogs Turned In By Owner	684
Cats Turned In By Owner	399
Animals Returned To Owner	1,927

Animals Transferred To VBSPCA	163
Animals Transferred To Rescues	424
Dogs and Cats Euthanized	2,427
Animal Bite Reports	1,360
Animal Cruelty Investigations	215
Cruelty Complaints	1,646

Command Duty Officers (CDO)

John T. Orr
Day CDO

Laura Kaiser
Night CDO

David G. Squires
Night CDO

Command Duty Officers (CDOs) are an integral part of the Operations Division. On holidays, weekends, and after normal working hours, Command Duty Captains provide command of department operations, immediate command-level oversight of critical incidents, and coordination on incidents that involve more than one division. The Command Duty Captains also add continuity to communications between line and administrative staff and enable immediate response when needed. Additionally, the Day CDO is responsible for overseeing the activities of the Crime Prevention Unit.

DEPARTMENT HIGHLIGHTS

CRIME PREVENTION

In 2013, the Crime Prevention Unit continued its efforts to educate and partner with the community through the use of outreach initiatives that included personal safety lectures, self-defense workshops, Citizen/Senior Citizen Police Academies, and various community forums. These offerings allowed officers the opportunity to positively engage the public on numerous occasions and further strengthened our bond with the citizens and our commitment to reducing crime and the fear of crime.

During 2013, the Virginia Beach Project Lifesaver Program reached a new milestone by signing up its 300th client. The Crime Prevention Unit also developed and implemented several new programs in an effort to better educate and serve the citizens of Virginia Beach. These new initiatives included the launch of our Active Shooter preparedness course, the creation of the “Lock It or Lose It” personal property protection program, an overhaul of our Business Watch program, and the implementation of social networking as part of the Neighborhood Watch program.

The 30th Annual Night Out

Through each of our endeavors, we aim to increase police/citizen interaction and develop community responsibility to enhance safety and create an environment where crime cannot flourish. Examples of these efforts for 2013 include face-to-face communications with 476 business owners/managers from across the city during the holiday season, the production of two community forums – Human Trafficking and Gateway Drugs – that saw over 300 citizens in attendance, participation in a police/student high school basketball event, and the coordination of the 30th Annual National Night Out. Events such as these serve to further strengthen our commitment to the community and help to nurture partnerships well into the foreseeable future.

Former Virginia Beach Mayor Meyera Oberndorf being presented with her own Project Lifesaver bracelet

INVESTIGATIVE DIVISION

Deputy Chief William T. Dean

William T. Dean serves as Deputy Chief of the Investigative Division. As Deputy Chief of the Investigative Division, Deputy Chief Dean oversees the Detective Bureau and Special Investigations.

Detective Bureau

Captain Michael J. Glendon

The Detective Bureau continues to advance its service to victims of crime through our collaborative relationship with external stakeholders such as Child Protective Services (CPS), the Office of the Commonwealth's Attorney and to victims of domestic abuse with Samaritan House. CPS often relies on our detectives who are trained to forensically interview victims of sexual and physical abuse. CPS made almost 1,700 referrals to our Special Victims and Domestic Violence Units for review to determine if criminal investigations were appropriate. We continue to work side by side with CPS and investigate matters jointly.

We currently have two detectives trained in the forensic interviewing of children through Child First Virginia. The detectives attended training as part of a multi-disciplinary Team (MDT) which included representation from law enforcement, child protective services, and prosecution. The MDT allows for

DEPARTMENT HIGHLIGHTS

interagency collaboration from the first report of abuse to assure the most effective, coordinated response possible.

In May 2013, the Detective Bureau hired its first victim advocate to assist victims of crime from the point of report of a crime through the first court appearance, at which time the Commonwealth Attorney's Victim Witness Office takes over. In the short seven months that we have had our victim advocate, she has been involved in over 70 cases ranging from child sexual assaults to grieving families of homicide and suicide victims.

In October 2013, the Warrant and Fugitive Squad led the ninth annual "Locktoberfest," a citywide multi-jurisdictional law enforcement warrant sweep. Agencies from the surrounding area, state, and federal level assisted with the arrests of 99 individuals resulting in the execution of 105 misdemeanor warrants and 39 felony warrants.

The Missing Persons Unit and the Center for Human Identification at the University of North Texas hosted a fourth Missing and Unidentified Persons Detection Workshop for the region in 2013. The conference provides information regarding investigative strategies utilizing modern forensic technologies to investigators in the region who investigate long-term missing person cases.

FORENSICS

The Forensic Services Unit works under the purview of the Detective Bureau in support of the mission to serve the victims of crime by objectively investigating crimes through the use of science and technology. The Forensic Services Unit is supervised by Dan Clanton and operated by twenty-three ancillary and civilian staff members that are dedicated to specific fields of forensic science.

The Digital Evidence Section continues to grow to meet the increased demand for these services. This year FSU assigned additional Forensic Specialists and added equipment to improve evidence recovery and decrease case backlogs. Forensic Specialists and Detectives working on the Cold Case Project continued to review older violent crime investigations and resubmit evidence to the laboratory in an effort to provide new leads through improved science and technology. These efforts have been successful in closing several sexual assault cases from previous decades.

Special Investigations

Captain Frank Genova

During 2013, in response to an increase in heroin overdoses and deaths, Special Investigations (SI) spent numerous hours conducting surveillance of known heroin dealers in the Hampton Roads area, interviewing known heroin users, interviewing witnesses, reviewing electronic and paper records, and analyzing the information that was gathered from each reported overdose and death. In 2013 alone, there were 62 reported overdoses resulting in 13 deaths.

In the final quarter of 2013, Special Investigations personnel arrested numerous heroin users and dealers. Based on the information garnered as part of these

DEPARTMENT HIGHLIGHTS

arrests, an initiative was developed to address the rise in heroin deaths and overdoses and it was executed throughout October and November 2013. Over the course of two months, the narcotics squad of Special Investigations arrested over 36 individuals involved in heroin use and distribution. They arrested 16 known distributors that were linked to at least 14 overdoses and three deaths. Special Investigations officers seized over 12 ounces of heroin, 10 ounces of cocaine, marijuana, 12 firearms, numerous vehicles, and over \$100,000 in U.S. Currency associated with heroin related cases. Additionally, one of the cases involved a large scale heroin dealer operating throughout Hampton Roads. The case concluded with several heroin arrests and over \$60,000 seized. Several of the cases have since been adopted for federal prosecution. The Virginia Beach Police Department's Special Investigations is hopeful that their proactive efforts regarding heroin use and distribution will show a reduction in overdoses and deaths in 2014.

One of the cases the Computer Crimes Unit (CCU) investigated in 2013 involved an adult male who was engaging in sexually deviant behavior on the Internet. The suspect utilized a female child persona and would send male children sexually explicit material of what they believed to be a like-minded female child. The suspect utilized a variety of websites and mobile applications to facilitate his solicitation and production of child pornography. The suspect utilized dozens of female children personas to entice male children to send pictures and videos of child pornography of themselves. Over several years, the suspect had acquired and distributed thousands of child pornography files. The suspect was interviewed during the execution of a search warrant and admitted to sharing items from his collection of child pornography with other collectors of child pornography, thus re-offending the victim every time the image was opened. Some of the suspect's electronic devices were forensically previewed and found to contain in excess of 5,000 images of child pornography. Over 50 victims were identified in the small sample of media that was previewed. CCU detectives worked with the Commonwealth Attorney's Office to have the suspect arrested prior to forensics being completed due to several concerns for public welfare, the suspect's welfare, and his likelihood of re-offending.

SUPPORT DIVISION

C. Thomas Mitchell

Tom Mitchell serves as Support Division Manager. Mr. Mitchell oversees records management, budget and purchasing coordination, property and evidence management, supply, payroll, planning and analysis, and coordination of the false alarm reduction and PhotoSafe programs. The Support Division consists of several units providing administrative and support services to other Virginia Beach Police Department operations, City of Virginia Beach agencies, and to the public.

Support Division staff members continue to serve as primary liaisons and coordinators with the Department of Communications and Information Technology (ComIT) on four significant police related technology projects. The Integrated Public Safety Records

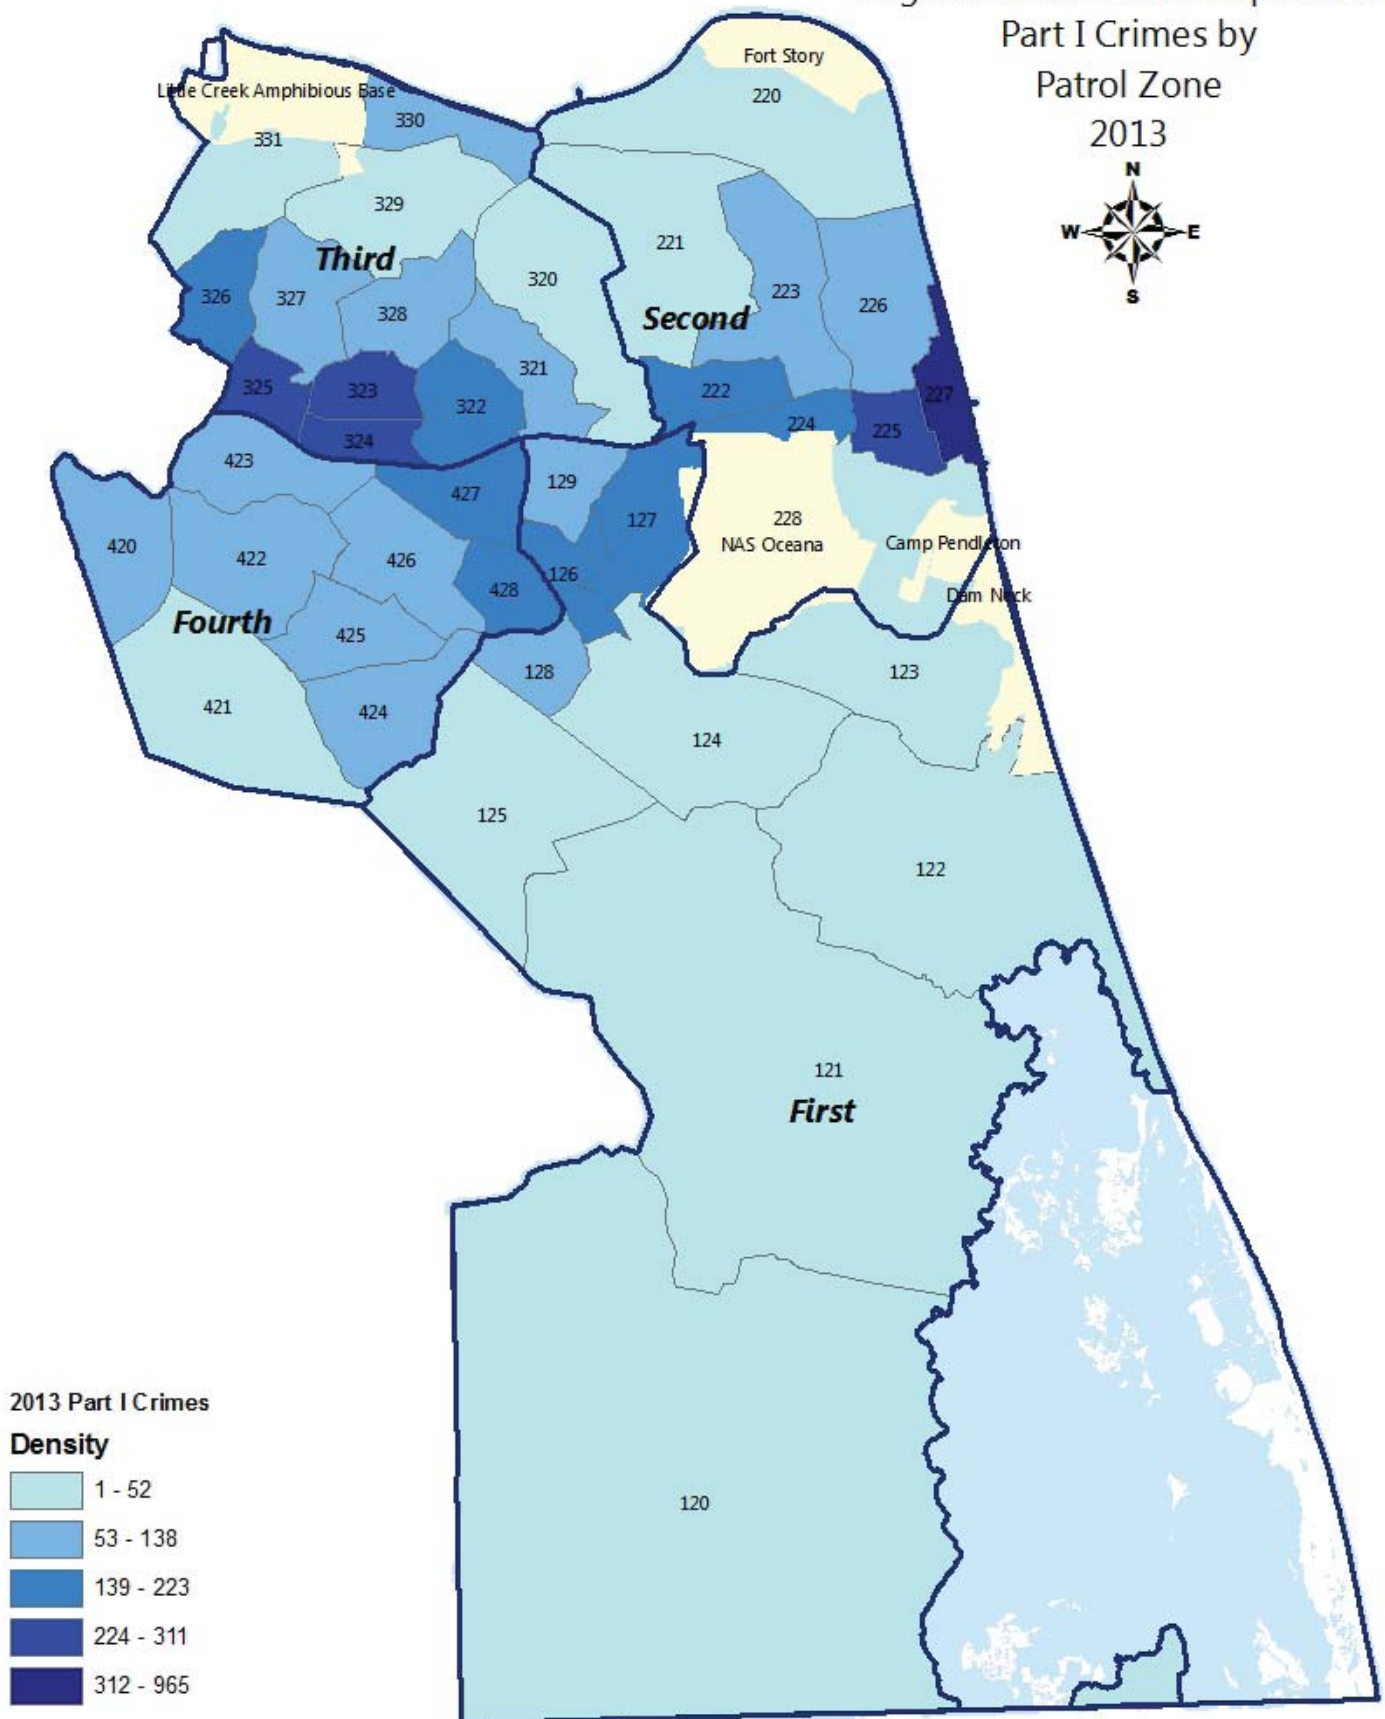

Management project will replace the current automated records management system and computer aided dispatching system, as well as implement mobile field reporting and electronic ticketing within the next three years. A formal Request for Proposals was issued by the City's Finance Department for the project in 2013. The Data Storage and Management for Evidentiary Files project will provide storage capacity and data management capabilities for crime scene photos, video and audio evidence, interview recordings, in-car camera recordings, and recordings of electronic control device events. The Data Storage project should be completed in 2014. Phase I of the new False Alarm Reduction software application was put into production in 2013 with Phase II scheduled for 2014. In 2013, Police Support Division staff continued to work with Public Works Traffic Operations staff and ComIT to prepare a plan to substantially expand the Oceanfront security camera system.

In 2013, the department's Property and Evidence Unit again passed the annual audit conducted by the City Auditor's Office of the cash and jewelry handling processes.

REPORTED CRIMES

Part I Crimes Summary

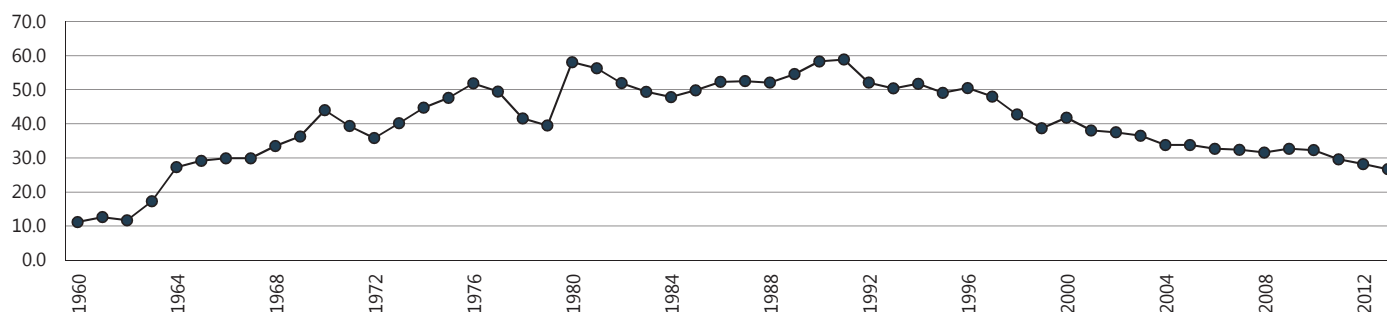

In 2013, the Part I Crime rate for Virginia Beach was 26.7 crimes per 1,000 residents, the lowest since 1964. Violent crime accounted for 6.2 percent of all crime and decreased by 11.2 percent between 2012 and 2013. The violent crime rate in 2013 was 1.7 crimes per 1,000 residents. Property crime accounted for 93.8 percent of all crime and decreased by 4.7 percent between 2012 and 2013. The property crime rate in 2013 was 25.0 crimes per 1,000 residents.

The Virginia Beach Police Department consistently has a clearance rate above the national average. In 2013, the VBPD cleared 74.5 percent of violent crime cases and 28.0 percent of property crime cases. According to the FBI's 2012 Crime in the United States, cities with a population of 250,000 or more had a violent crime clearance rate of 38.4 percent and a property crime clearance rate of 13.8 percent.

Source: FBI Crime in the United States, 2012. The FBI's Crime in the United States, 2012 is the source for all population figures and all reported crime contained in the report, with the exception of Virginia Beach. Population figures for Virginia Beach were adjusted to match U.S. Census Bureau data. Crime figures released by Virginia Beach are different from those published by the FBI due to conversion processes between state and federal agencies. The above chart provides a quick comparison of participating cities with similar populations only. The FBI cautions against ranking cities due to the unique attributes that may impact crime in any specific city. Refer to: www.fbi.gov/about-us/cjis/ucr/crime-in-the-u.s/2012/crime-in-the-u.s.-2012/caution-against-ranking

VIRGINIA BEACH vs. HAMPTON ROADS

2013 Part I Crime Rate Per 1,000 Residents South Hampton Roads vs. Virginia Beach

Crime Type	South Hampton Roads	Virginia Beach	% Difference
Violent Crimes	3.8	1.7	-56.2%
Property Crimes	35.5	24.8	-30.2%
Total Crimes	39.3	26.4	-32.7%

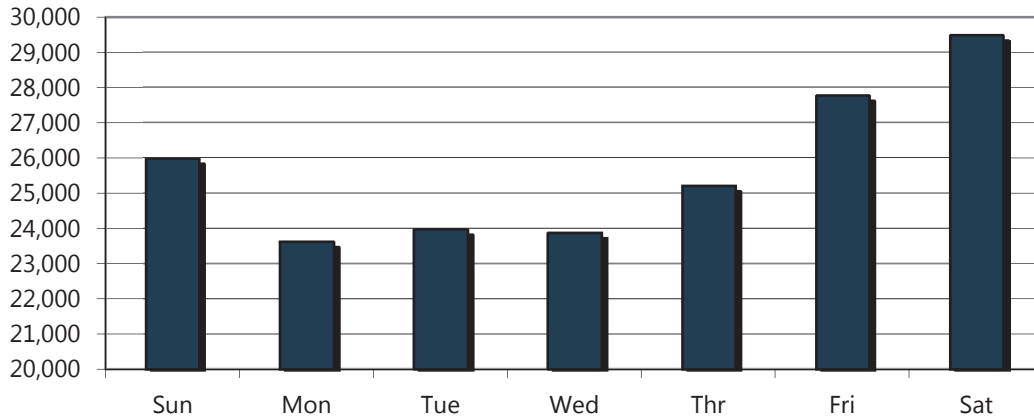

Source: National data from Offense Data Table 16 in FBI Crime in the United States for 2004 to 2013. Includes only cities with populations over 250,000. National crime rates for 2013 are not yet available. South Hampton Roads' rates represent average crime rate per 1,000 residents for Chesapeake, Hampton, Newport News, Norfolk, Portsmouth, and Suffolk. All crime rates exclude arson.

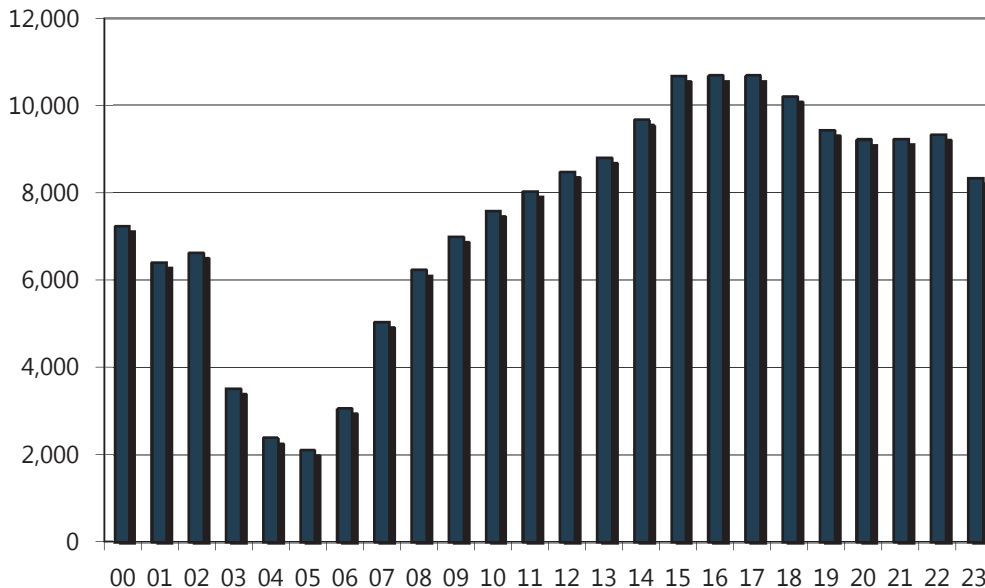

Calls for Service Summary

In 2013, VBPD uniform patrol answered 179,974 calls for service. Total calls were down by almost 4.2 percent (or 7,914 calls) when compared to 2012. The most frequent call types were also among the call types with the largest decreases between 2012 and 2013. Cellular 911 hang-up calls accounted for about 7.0 percent of all calls and declined by 20.8 percent (or 3,320 calls). Call types that increased in volume between 2012 and 2013 include Traffic/Parking Problems (up by 9.7 percent or 619 calls), Assist Citizen (up by 2.8 percent or 373 calls), and Disabled Vehicle (up by 6.3 percent or 350 calls).

2013

2013 Crash Data

General

- There were 8,138 reported crashes in Virginia Beach in 2013, which was a 0.4 percent decrease from 2012.
- There were 2,554 reported Hit and Run crashes in Virginia Beach in 2013, which accounted for 31.4 percent of the total crashes reported.
- In 2013, approximately 6.0 percent of crashes were alcohol and/or drug related.
- 119 pedestrians were hit by motor vehicles in Virginia Beach in 2013, resulting in 1 fatality. Pedestrians/motor vehicle crashes were up by 5.3 percent between 2012 and 2013.
- There were 110 bicycle/motor vehicle crashes in Virginia Beach in 2013, which is a 2.7 percent decrease from 2012.

Fatal Crashes

- There were 23 fatal crashes in 2013 in Virginia Beach, which resulted in 23 fatalities.
- 1 of the 23 victims was a pedestrian.
- 5 of the 23 victims were riding a motorcycle or moped.
- Seatbelts were not used in 10 (58.8 percent) of the 17 fatalities where seatbelts were available (not included are any fatalities involving motorcycles, pedestrians, or bicycles).
- 7 (30.4 percent) of the 23 fatal crashes were alcohol/drug related.
- In 5 of the 23 fatal crashes, the victim was under the influence of alcohol/drugs and at fault.
- 5 of the 23 fatal crashes occurred between 11:00 p.m. and 7:00 a.m.
- 19 (82.6 percent) of the 23 individuals found to be at fault were male.
- 5 of the 23 victims were under 21 years of age.
- 8 of the 23 crashes (34.8 percent) were speed related.

MPO E. I. Kline Installs a Car Seat.

In April 2013, officers tried to stop a van driving on the boardwalk. The vehicle spun out of control and rolled several times before landing on its roof. The van became engulfed in flames with the driver still inside. Numerous officers tried to extinguish the flames while other officers were able to pull the driver to safety.

2013 Traffic Summonses and DUI Arrests

In 2007, changes in procedures resulted in hit and run crashes without injury to no longer require a crash report.

In 2009, changes in Virginia State Code increased the total property damage amount requirement from \$1,000 to \$1,500. As a result, crashes with property damage less than \$1,500 no longer required a crash report.

2003-2009 and 2011-2013 population figures provided by the Weldon Cooper Center. 2010 population reported by the Census Bureau.

Crashes per 1,000 Residents

10-Year Crash Comparison by Category 2004 to 2013

Hit & Run Crashes

Year	Total Crashes	Hit & Run	Percent Of Total	Percent Change
