**OLD DOMINION
UNIVERSITY**

IDEA FUSION

Annual Security and Fire Safety Report

All statements and policies contained in this report are applicable to all Old Dominion University properties unless otherwise noted.

Dear Campus Community,

Thank you for taking time to review the annual security and fire safety report which contains information on safety and security policies, procedures, safety programs and resources available at Old Dominion University. Additionally, this report provides statistics for crimes that are reported to the university police and security personnel as well as fire safety information inclusive of fire statistics for all University-owned residence halls. This report is provided in conformity with the Jeanne Clery Act of 1998 and the associated amendments including the recently adopted Violence Against Women Reauthorization Act of 2013.

Old Dominion University instituted several enhancements to campus safety over the last year including the addition of 1,060 safety cameras, under the *Cameras for Safety Program*, in locations such as public areas within parking garages, residence halls, academic buildings, and other areas across the exterior of the campus. This supplements the mobile video/audio recording system utilized in all marked police vehicles providing valuable information for ODU officers in prosecuting traffic and criminal offenses as well as identifying training areas for police.

The University also deployed a mobile app (ODU LiveSafe) that provides an easy, anonymous way for the community to send tips via text, photos, and audio or video clips directly to the ODU police communications center, free of charge.

Moreover, free home safety evaluations are provided to students residing off campus. Those that need window/door locks and alarms can get them free of charge from the University.

I encourage you to review this report, and participate in the safety and educational programs offered, and to utilize the safety resources provided by Old Dominion University. By working together, remaining vigilant and reporting suspicious or criminal behavior immediately to the University Police, our campus will be a safer place.

Sincerely,

Rhonda Harris

Director of Public Safety &
Chief of Police
Old Dominion University

The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal mandate requiring all institutions of higher education (IHEs) that participate in the federal student financial aid program to disclose information about crime on their campuses and in the area immediately adjacent to the campus. The Clery Act affects virtually all public and private IHEs and compliance with the act is enforced by the U.S. Department of Education. Colleges and universities that fail to comply with the requirements of the act may be penalized with large fines and may also be suspended from participation in federal student financial assistance programs.

The Clery Act, formerly known as the Crime Awareness and Campus Security Act, was signed in 1990 and is named after 19-year-old Jeanne Clery, who was raped and murdered in her Lehigh University residence hall in 1986. Clery's parents lobbied Congress to enact the law after they discovered students at Lehigh had not been notified about 38 violent crimes that had occurred on campus in the three years prior to Clery's murder.

The Clery Act requires universities, including Old Dominion University, to issue notice of certain identified crimes, by providing timely warnings of these crimes that are determined to represent a threat to the safety of students or employees. Additionally the act requires the University to make the campus security policies available to the public. The act also requires ODU to collect, report, and disseminate crime statistics to the campus community and to file these statistics annually with the U.S. Department of Education.

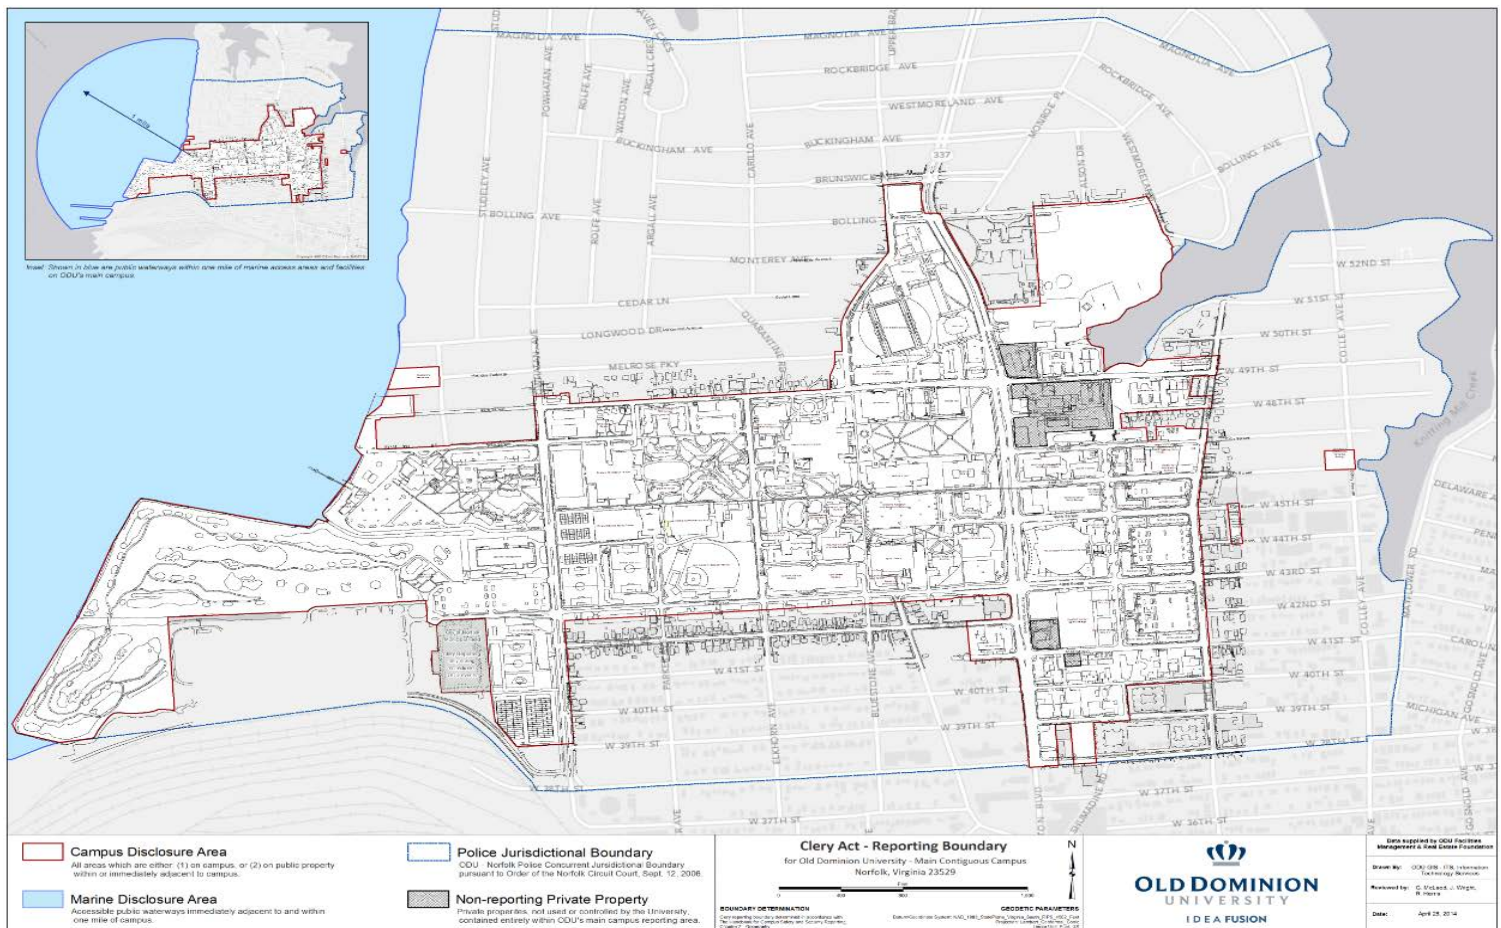

The Higher Education Opportunity Act (HEOA), signed into law in 2008, amended the Clery Act by adding a number of safety- and security-related requirements to the Higher Education Act of 1965. To be in compliance with the law, colleges and universities, including Old Dominion, must:

- Publish and distribute an Annual Security and Fire Safety Report to current and prospective students and employees by October 1 of each year. The report must provide crime statistics for the past three years, describe the University's safety and security policies, describe the crime prevention programs, and list the procedures to be followed in the investigation and prosecution and/or adjudication for alleged sexual assaults, dating violence, domestic violence, and stalking offenses.

- Provide students and employees with timely warnings of certain on-campus crimes that are determined to represent an immediate ongoing threat to their safety. The Old Dominion University Police Department (ODU PD) must also keep and make available to the public a detailed crime log of all crimes reported to them in the past 60 days. Crime logs must be kept for seven years, and logs older than 60 days must be made available within two business days upon request.
- Maintain the past three years of crime statistics detailing reportable crimes that have occurred: on-campus; in university residential facilities; in public areas on or near campus; and in certain non-campus buildings, such as fraternities/sororities if they are located within the confines of the campus on land that is owned by the institution and in satellite sites. ODU must also report liquor and drug law violations and illegal weapons possession if they result in an arrest or a disciplinary action.
- Submit the collected crime and fire statistics to the Department of Education each fall.
- Inform prospective students and employees about the availability of the Annual Security and Fire Safety Report.

ODU has an inherent interest in campus security and the personal safety of the campus community. The following pages contain specific information, including crime prevention, fire safety, law enforcement authority, crime reporting policies, disciplinary procedures and other matters of importance related to security and safety on campus. This report also contains the crime statistics for the Clery crimes that have occurred within the reportable area. Members of our campus community are encouraged to use this report as a guide for safe practices on and off campus. The report is available on the Internet at www.odu.edu/safetyreport. Likewise, members of the ODU community will receive an email that describes the report and provides the website address. For more information, contact the Old Dominion University Police Department Chief of Police at 757-683-4003.

Campus Clery Map

Clery Act Geography Definitions

The Clery Act requires Old Dominion to disclose crime statistics based on where the reported crimes occurred on campus, non-campus locations or buildings, or public property as defined below.

On Campus

(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified above, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property

(1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

Public Property

All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus. The crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus boundaries.

Clery Reportable Crime Definitions

Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury results from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Arson - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property, etc.

Burglary - The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safe-cracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft - The theft or attempted theft of a motor vehicle (includes vehicles such as golf carts, motorcycles, etc.).

Robbery - The taking or attempting to take anything of value from the custody or control of a person or persons by force or threat of force, violence and/or causing the victim fear.

Sex Offenses Forcible - Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

Consent - is not present in Virginia if an action is against the victim's will, by threat, force or intimidation or the act is with a person unable to give consent due to mental incapacity or physical helplessness or a child under the age of 13. *Consent* is defined in the [Sexual Misconduct Policy](#) as a voluntary and positive affirmation that all parties involved want to engage in sexual

activity. Consent is active and not passive. Consent can be given by actions or words as long as there is mutual understanding regarding the conditions of sexual activity. Silence, in and of itself, is not consent. Consent to one form of sexual activity does not constitute consent to other forms of sexual activity; just as previous relationships or consent do not constitute consent to future sexual acts. Consent can be withdrawn at any time. One must be of legal age in order to give consent.

Forcible Rape - The carnal knowledge of a person, forcibly and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of age).

Statutory Rape - Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Forcible Sodomy - Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault with an Object - The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Forcible Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault - An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system.

Sex Offenses Non-Forcible - Unlawful, non-forcible sexual intercourse.

Incest - Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Dating Violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such relationship shall be determined based on a consideration of the following: the length of the relationship, the type of relationship; and the frequency of interaction between the persons involved in the relationship.

Stalking - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

Weapon Law Violations - Violation of laws and/or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned offenses.

Drug Law Violations - Violations relating to the unlawful possession, sale, use, growing and manufacturing of narcotic drugs. The relevant substances include, but are not limited to: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana and synthetic substitutes; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs.

Liquor Law Violations - Violation of laws prohibiting the manufacture, sale, transporting, furnishing, and possessing of intoxicating liquor;

maintaining unlawful drinking places; furnishing liquor to a minor; using a vehicle for illegal transportation of liquor; etc. (Drunkenness and driving under the influence are not included in this definition.)

Hate Crimes - The law requires the release of statistics by category of prejudice concerning the occurrence of hate crimes in the crime classifications listed in the preceding section, and for other crimes involving bodily injury to any person in which the victim is selected because of the actual or perceived

race, gender, religion, sexual orientation, ethnicity or disability of the victim. In August 2008, HEOA S 488, 20 U.S.C. S 1092 (f) (1) F (ii) modified the above hate crimes to include the following additional crimes under the hate crime category:

Larceny (Theft) - The unlawful taking, carrying, leading or riding away of property from the possession, or constructive possession, of another.

Intimidation (Includes Stalking) - To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting

the victim to actual physical attack.

Vandalism - To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Simple Assault - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

OLD DOMINION
UNIVERSITY

IDEA FUSION

Campus Safety

This report prepared by the Old Dominion University Police Department is one of many resources designed to deliver information on crime prevention, procedures for reporting crime, resources for victims, and crime statistics. It is designed to enhance the safety and security of everyone who studies, visits, or works at Old Dominion University. Many campus offices actively collaborate to support and enhance campus safety. The Old Dominion University Police, and the Division of Student Engagement & Enrollment Services (SEES) have significant responsibility for collecting and reporting crime statistics for this report.

Old Dominion University is located on 251 acres in the city of Norfolk, VA., between the Elizabeth and Lafayette rivers. The university is a dynamic public research institution that serves the community while enriching Norfolk and the Commonwealth of Virginia through rigorous academic programs, strategic partnerships, and active civic engagement. The university community is composed of nearly 25,000 students, more than 2,600 faculty and staff members, and numerous visitors that engage with our campus community each day. The vast majority of these students, faculty, staff, and visitors do not experience crime at Old Dominion University. However, our campus, like all large communities, has a risk for crimes to occur.

Safety Tips

General Crime Prevention Tips:

- Call the police IMMEDIATELY if you see or hear something suspicious. Don't hesitate to dial 911 or 757-683-4000 in an emergency. Be sure to tell them exactly where you are and what you see.
- Download the ODU LiveSafe app, and use it to text, submit photos, or audio and video clips to report suspicious activity, crime, and to view recent crimes on campus.
- Keep your possessions in sight at all times. Do not leave your personal electronics, smartphones, or other valuables unattended.
- If you have a vehicle on campus, ensure you take a few seconds to place your personal property out of sight or preferably secured in the trunk.
- If you leave your room or office, even for a few minutes, **lock the door**.
- Walk with friends whenever possible, or contact Public Safety to arrange for a walking escort. You may also utilize the "SafeWalk" feature to the ODU LiveSafe app, ODU shuttle buses, or contact Safe Ride (all are available free of charge to the community). If you must walk, jog, or bike alone, stay in well-lit and well-traveled areas, and please do not wear headphones,

which can reduce your ability to hear your surroundings.

- Remember to choose the safest route- NOT the quickest route.
- Destroy documents that contain personal identifying information.

Apply Protective Measures:

- Never let unauthorized persons come into your room, enter the residence halls, or enter apartment security doors. Always ask to see proper identification.
- Never prop open inside or outside doors.
- Always know who is at your door before opening it.
- Do not hide keys outside of your room or apartment. Do not put your name or address on your key rings.
- Avoid shortcuts through dark, secluded areas. Stay where other people are around.
- If you see something unsafe or suspicious, say something. Safety is a shared responsibility.

University Police Authority

The Old Dominion University Police Department is a full-service, state-certified police agency committed to providing professional police and safety services to members of the university community and to residents of the concurrent patrol area adjacent to campus.

ODU police officers are sworn, full-

time officers that have the authority to effect arrests for violations of law, occurring on and off campus. Students and others who are arrested will be prosecuted through the criminal justice system. Additionally, students are referred to the Office of Student Engagement and Enrollment Services (SEES) for potential disciplinary action. Referrals to SEES may also result from minor violations of university policy and regulations. Employees who are arrested will be referred to the Human Resources Department for potential disciplinary sanctions.

University police officers are trained in one of the state's regional criminal justice academies alongside officers from a variety of local municipalities. Officers regularly receive additional training designed to improve their skills, knowledge, and abilities, to enhance effective communication, provide police services, and investigate crimes. Investigators, likewise, receive advanced training in various areas requiring specialized skills, such as interview and interrogation, drug interdiction, and the investigation of sexual assault and sensitive crimes, as well as other specialized topics designed to further an investigator's knowledge and skill.

The department proactively addresses safety and security-related issues and educates members of our University community regarding their role in maintaining a safe

campus environment. The campus is located in an urban area, which provides many opportunities for arts and leisure activities, although it also has some risk for crimes to occur. Members of the campus community are encouraged to use common sense in making decisions that may affect their personal safety. The University police department has implemented a multitude of safety and security initiatives; however, the most extensive plan cannot succeed without the awareness and cooperation of those who work, study and live on our campus.

Old Dominion University Police Department also reports crime statistics annually to the Virginia State Police, in compliance with requirements for filing the FBI's Uniform Crime Report. The ODU Police Communications Center has access to the National Crime Information Center (NCIC) and the Virginia Crime Information Network (VCIN) computer systems, allowing the ODU Police Department to transmit and receive information quickly about stolen, missing, and recovered property, as well as information about missing or wanted persons. The ODU Police Communications Center is not a 911 center, 911 calls route directly to the local municipality where the call originated. The local municipality may in turn share the call information with the ODU Police Department via a ring down line or other call.

The University Police Department operates around the clock providing full police and safety services to the community. In addition to the main campus, the department has an extended patrol jurisdiction governed by a concurrent jurisdiction agreement, certified by the Circuit Court, which extends the police department's patrol jurisdiction to the following boundaries: West 38th Street to the south; Magnolia Avenue to the north; the Elizabeth River to the west, and Colley Avenue to the east. The ODU Police are also responsible for providing safety and security services for the Virginia Beach

Higher Education Center and the Tri-Cities Higher Education Center in the cities of Portsmouth, and Suffolk. The Old Dominion Police Department is located at 4516 Monarch Way, in Norfolk, VA. The police department also operates a substation in the Powhatan Apartment complex on the main campus. This substation houses the Community Policing Unit, the Security Unit, and the Student Patrol Aide program. Office hours for the substation flex each semester, so community members are encouraged to call and schedule an appointment or see the hours posted on the facility.

The ODU PD website provides access to information about safety resources and criminal incidents on campus, including a Crime and Fire log and the university's crime statistics for the previous three years. This information is available at www.odu.edu/police.

Safety....starts with an app

Old Dominion has contracted with LiveSafe Mobile, to expand the University's ability to provide safety services to our community and local neighbors. The ODU LiveSafe app improves communication between the department and the community, has a Safewalk feature, and allows for anonymous tip reporting. The app is provided free by the University and available in the Apple App Store for iPhones and Google Play for Android phones. Download the app today and join our efforts at further enhancing the safety of our campus and surrounding community.

Easy to Install and Sign Up – You can create an account through Facebook or with an email address.
Select Our School – Select Old Dominion University so that your LiveSafe app is connected directly to the ODU Police Department to ensure accurate and timely information.
Easy Access – Easily access the app's four modules directly from the home screen.

Off Campus Safety

The Norfolk City Police Department has primary jurisdiction for policing and the investigation of criminal incidents occurring off campus. Likewise, City Departments are responsible to repair and replace street lights, traffic control signs, and for code enforcement. The University and the City of Norfolk have entered into an agreement extending the patrol jurisdiction of Old Dominion Police Department beyond the boundaries of the University. The University Police also actively patrol this area, enforcing traffic violations, criminal laws, and city code enforcement, as well as in assisting the community with addressing other quality of life concerns. Additionally, the University Police Department partners proactively with the Norfolk Police, State Alcohol Beverage Control, and the City Attorney's Office to address community concerns regarding quality of life violations in the neighborhood and violations of state liquor laws. The ODU Police also collaborates with the University's Office of Off Campus Initiatives to educate members of the community about safety strategies, risk awareness, relevant laws and ordinances, safety services and liaisons with the local civic league in an effort to create a better environment for all community members residing near Old Dominion University.

Reporting a Crime, Emergency, and Suspicious Activity

Crimes that occur on campus should be reported to the Old Dominion University Police Department (ODU PD) by calling the Communications Center at 757-683-4000, or by going to the department at 4516 Monarch Way, Norfolk, VA 23508. Crimes that occur off campus can be reported to the ODU Police or the local municipal police department (911 for emergency) where the crime occurred. Crimes on and off campus should be reported to the ODU Police

to allow the department the opportunity to assess the crime to determine whether a timely warning notice should be distributed to the University community, to inform our patrolling and prevention efforts, and for annual statistical disclosure.

Old Dominion University strongly encourages all University community members to report crime promptly whether they are a victim of or are a witness to any criminal activity. Individuals subjected to criminal activity may not wish to pursue criminal charges; however, you are still encouraged to report the crime to a law enforcement official for the purposes of crime analysis, and to support the department's crime suppression efforts. Individuals are also encouraged to utilize the University's assistance and support services by contacting staff in the ODU's Women Center, the Office of Student Conduct and Academic Integrity, Student Engagement & Enrollment Services (SEES), Human Resources, Institutional Equity & Diversity, or Housing and Residential Life.

Suspicious people and situations or emergency conditions should also be reported to the Communications Center, or to any University Police Officer, Security Officer, or any Patrol Aide. Additional reporting methods include simply accessing the ODU LiveSafe app to call, text, send a video clip, audio clip, or picture of the concern directly to an ODU Police Communications Officer. This feature allows anonymous reporting if desired to do so. In addition, red emergency phones are located throughout University buildings and blue light emergency phones are available outside, throughout the campus. These emergency phones ring directly into the Police Communications Center.

Campus Security Authorities (CSA)

Individual circumstances may dictate that members of the community make their initial report of a crime to a designated Campus Security Authority. A Campus Security Authority is any individual

who is an official of Old Dominion that has significant responsibility for students and campus activities, including but not limited to: department heads, deans, directors, counselors, faculty advisors to student organizations, directors of athletic programs and team coaches, members of Judicial Affairs, coordinator of Greek Affairs, Student Health Center medical staff, victim advocates of the Sexual Assault Response Team from the Women's Center and Residence Life staff, including Night Desk Receptionists, Resident Assistants, Graduate Assistants and Resident Hall Directors. University Police Department personnel including Security Officers and Patrol Aides are also ODU Campus Security Authorities. Exempted officials include pastoral and professional counselors.

Professional and Pastoral Counselors

Pastoral Counselor:

An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor:

An employee of an institution, whose official responsibilities include providing psychological counseling to members of the institution's community, and who is functioning within the scope of his or her license or certification.

The signing into law of the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be Campus Security Authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors," when licensed and acting as such are not considered to be a Campus Security Authority and are not required to report crimes for inclusion in the annual disclosure of crime statistics. Crimes can be confidentially discussed with these employees.

Pastoral counselors and professional counselors, if and when they deem it appropriate, are encouraged to inform the individuals they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. Pastoral and professional counselors are exempt from reporting crime statistics to ODU PD when acting in their capacity as a counselor and information shared with them will not be included in the annual disclosure

Anonymously Reporting Crime

The Old Dominion University Police Department does not have a voluntary confidential reporting procedure; however, there is a Silent Witness form provided on the department website as a means for an anonymous crime report to be filed. This form is designed for individuals that have been the victim of a crime and do not want to pursue action through the criminal justice system or through the University's student conduct process, or through the Title IX coordinator if appropriate. In addition, tips and other important information can be conveyed to ODU PD communication center via the LiveSafe app, anonymously. Accurate information regarding criminal incidents on campus allows for accurate reporting and additionally allows the University Police Department to determine if there is a pattern in criminal incidents and to determine if the community should be alerted to a potential danger. Crimes reported in this manner will be included in the institution's annual disclosure of crime statistics.

Response to a Reported Crime

ODU PD Communications Center is available 24 hours a day to initiate a report and answer questions. In response to a call regarding a reported crime, a dispatcher will accurately assess the reported incident, take appropriate measures to ensure the safety of the community and the scene, arrange for the

necessary resources to manage the emergency, arrange for victim services as needed or requested, and investigate the crime.

Crimes will be thoroughly documented in an incident report and investigated in coordination with the O D U Police Investigative Unit with a goal of ensuring adequate resources are available to the victim, correctly identifying the offender, closing the case through arrest or other appropriate means, and diligently pursuing the matter through a successful prosecution.

The ODU Police department maintains a close working relationship with Virginia State Police, the Norfolk Police, the State Alcohol Beverage Control Agency, the Federal Bureau of Investigation, Naval Criminal Investigative Services, and other law enforcement agencies. The department have entered into an MOU with the Virginia State Police, who, upon request, will provide investigatory support for felony sexual assaults, medically unattended deaths, or any death resulting from an incident occurring at ODU.

They will also provide emergency response to, investigation of, or prevention of any other crime occurring at Old Dominion University upon the request of the ODU Police. ODU Police in partnership with these agencies will seek to further the investigative efforts on any criminal incident with the appropriate jurisdiction.

Individuals attending the Tri-Cities Higher Education Center and the Virginia Beach Higher Education Center should also refer requests for police services to the ODU PD Communications Center or 911 for emergency response. The on-site Security Office or the local police department may also be contacted for police and security services. The Old Dominion Police Department will investigate criminal incidents at these locations in coordination with the appropriate municipal agency. The Peninsula Center should report

911; non-emergencies should be referred to the Thomas Nelson Community College (TNCC PD) Police Department. Additional information on safety and security policies for the TNCC PD can be found at <http://tncc.edu/about-2/general-information-2/campus-police-general-information/>

- VB Higher Ed Center Security Office: 757-368-4136
- Virginia Beach Police nonemergency: 757-385-5000
- Tri-Cities Security Office: 757-686-3593
- Portsmouth Police nonemergency: 757-393-8257
- Suffolk Police nonemergency: 757-923-2350
- Thomas Nelson Community College (until 12am): 757-825-2732
- Hampton Police: 757-727-6530

Criminal incidents occurring at the Peninsula Center are investigated by the TNCC or the Hampton Police Department.

Disclosure of Crime Statistics

The University Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistic Act. The full text of this report can be located on our website at <http://ww2.odu.edu/af/police/>. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, the Office of Housing and Residential Life, the Office of Student Conduct, and the Division of Student Engagement and Enrollment Services (SEES). Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime arrest and referral statistics include those reported to the ODU Police, designated campus officials (including but not limited to directors, deans, department heads, designated HRL staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. Counseling Services staff informs their clients of the procedures to report crime to the University Police

on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such session.

Each year, an email notification is made to all enrolled students, faculty, and staff that provide the website to access this report. Copies of the report may also be obtained at the University Police Department Headquarters located at 4516 Monarch Way Norfolk, VA. All prospective employees may obtain a copy from Human Resources in Spong Hall.

Daily Crime and Fire Log

Old Dominion University Police maintain the University's combined Daily Crime and Fire Log of all incidents of a criminal nature occurring within the Old Dominion Police patrol jurisdiction. This log also lists all fires occurring in University residential facilities that have been reported to the University Police Department or to the Fire Safety Engineer. This log will include the incident type, the date the incident was reported, date and time of occurrence, and a general location of each reported incident, as well as the disposition of the incident, if this information is known.

The ODU Police Department posts these entries in the Daily Crime and Fire Log within two business days of receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances as permitted by law. The most recent 60 days of information is available online at the ODU PD website, or at ODU PD Headquarters, located at 4516 Monarch Way, during normal business hours. Requests for logs older than 60 days will be made available within two business days. The ODU Daily Crime and Fire Log is located at <http://ww2.odu.edu/af/police/crimes/incidents/index.php>

Access to Academic/Administrative Buildings and Residence Halls

Old Dominion University is a state institution and has an open campus designed to invite interaction between the University and the Hampton Roads community. The academic and administrative buildings are open to the public during normal business hours and at other times for a multitude of educational lectures and activities. Most facilities have individual operating hours, which may vary at different times of the year. Building accessibility is controlled by card or key after normal business hours, and buildings have varied types and levels of access. ODU PD officers and security officers patrol the academic and administrative buildings on a regular basis. For information about the access protocol for a specific building, see the building manager, or appropriate department head.

Access to residence halls is restricted to residents, their approved guests and other approved members of the university community. Residents are required to use their access cards to gain entry and are cautioned against permitting strangers to enter the buildings. It is important to report any suspicious persons or situations, vandalism or crimes occurring in residence halls to ODU PD; be alert for persons who appear out of place or act in an unusual manner in the residence hall.

Housing and Residence Life personnel are available 24 hours a day, seven days a week and a duty schedule exists for all campus housing facilities. Residence hall and apartment complexes are staffed with a live-in professional Residence Hall Director as well as paraprofessional Assistant Hall Directors and Resident/Community Assistants. Residence hall staff members are available to support the overall success of students and are

available in case of an emergency. Housing and Residence Life staff also enforces security measures in the residence halls and work with residents to achieve a community respectful of individual and group rights and responsibilities.

Additional information regarding Old Dominion University residence halls and apartment communities can be found on the Housing and Residence Life website <https://www.odu.edu/life/housing>.

Security and Maintenance of Campus Facilities

Old Dominion University Public Safety also consults with the University Facilities Department in providing recommendations for safety-related hardware in residence halls and other campus buildings. Malfunctioning or damaged safety related hardware should be reported promptly for repair. Facilities Management personnel are on call and available 24 hours a day to respond to safety-related problems. Emergency repairs should be reported immediately to Maintenance Service Center at 757-683-4600. After normal business hours, safety-related repair requests should be reported to a Housing and Residence Life staff member or the ODU PD.

The University maintains exterior lighting around the campus, our buildings, as well as sidewalk and roadway lighting, to maintain a well-lit, beautiful, and safe campus environment. Exterior Lighting is monitored to ensure proper functioning and repairs, when needed are made promptly. Any member of the university community may report a security or maintenance concern in non-residence areas by contacting Facilities Management

<http://www2.odu.edu/af/facilities/submit.shtml> or by using the University's LiveSafe app by selecting report a tip then select repair needed. Shrubbery maintenance is conducted with both security and appearance in mind implementing Crime Prevention Through Environmental Design (CPTED) strategies. This method considers environmental conditions as well as the opportunities it offers for crime, or other inadvertent and undesirable behaviors and seeks to reduce or eliminate opportunities for crime.

Missing Student Notification Policy

Time is of the essence when an individual is thought to be missing. The National Child Search Assistance Act allows police to report missing persons less than 21 years of age to the National Crime Information Center and to begin an investigation **as soon** as a missing person report is received by law enforcement. If any member of the University community receives information that a student who resides in on-campus housing cannot be located, you should call the ODU Police immediately at 757-683-4000. The ODU Police will file a report and begin an investigation.

Resident students, regardless of age, will be provided the opportunity to designate a confidential contact person or persons whom ODU will notify strictly for missing person purposes, within 24 hours of a determination by University Police that a student is missing. This information will only be accessed by authorized Housing and Resident Life Staff for the purpose of disclosure to police pursuing a missing person investigation. Any information provided by the student for a general emergency contact may not substitute for the missing person contact entry. Missing resident students under the age of 18, who are emancipated individuals, will additionally have their parent or guardian notified by the ODU Police or a designated Housing and Residence Life staff member after the ODU Police have determined the student is missing, and no later than 24 hours after he or she has been reported as missing.

Notifications of missing students will also be made to the Norfolk Police, Virginia State Police, and other law enforcement officials, via radio, electronic transmission, or other channels to facilitate locating the missing student within 24 hours. Missing person registrations may be filed by contacting any Resident Hall Director (RD).

Emergency Response and Evacuation Procedures

Old Dominion University's Crisis and Emergency Management Plan (CEMP) includes information about Emergency Operations Teams, University declarations of emergency, incident priorities and performance expectations, shelter-in-place and evacuation guidelines, and local contingency and continuity planning requirements. University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The University conducts numerous emergency response exercises each year, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution.

University Police officers have received training in the Incident Command System (ICS) and responding to critical incidents, emergencies, and events on campus. In the event of a serious incident which creates an potential hazard to the campus, the first responders to the scene are usually the ODUPD, local Police Department, and/or the local Fire and Rescue Department. These agencies typically respond and work together to manage the incident. Depending on the nature of the incident, other ODU departments and other local, state, or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for ODU are publicized each year as part of the institution's Clery Act compliance efforts and the information is available on the ODUPD website.

The community will be notified via one or more of the University's campus information services in addition to emails, fliers, electronic display boards and media releases. The tests are reviewed and an after-action report is completed that highlights the noteworthy aspects and/or areas for improvement in operational plans or the readiness efforts. These tests are also designed to challenge and enhance the operational performance of the participants while improving action plans, response strategies, and recovery from posed critical incidents.

The community will be notified via one or more of the University's campus information services in addition to emails, fliers, electronic display boards and media releases. The tests are reviewed and an after-action report is completed that highlights the noteworthy aspects and/or areas for improvement in operational plans or the readiness efforts. These tests are also designed to challenge and enhance the operational performance of the participants while improving action plans, response strategies, and recovery from posed critical incidents.

Old Dominion University provides information to students and employees about campus safety procedures, policies, and practices and encourages each individual to make responsible decisions for their own safety and the safety of others. This is done by keeping the community informed about crime prevention strategies and by communicating with the campus community about reported crimes that pose serious or continuing threats to students and employees. This section highlights some of the ways in which University offices communicate information about crime on campus.

In conjunction with the associated requirements of the Jeanne Clery Act, Old Dominion University engages in numerous methods to disseminate emergency notifications and timely warnings. The University

maintains a large campus, in several municipalities involving diverse operations. The University utilizes multiple communication mediums to disseminate emergency information as no single strategy has the ability to reach 100 percent of the population. The ODU Emergency Communication System enables the University to quickly notify the ODU community of critical information, during a significant emergency or serious crime on the main campus or at any branch campus. Old Dominion University disseminates emergency notification and timely warnings through:

- the University's homepage
- text messaging system
- email
- instant messages
- automated voice calling service
- the Whelen mass notification system (three speaker towers)
 - ✓ alerts for tornado or severe weather warnings
 - ✓ notify the community that the severe weather warning has expired

Emergency Notification

Should a situation arise that is confirmed to pose an immediate threat to the health and safety of students or employees, an ODU Emergency Notification will be issued immediately after confirmation of a significant emergency or a dangerous situation occurring on the campus. The goal of an Emergency Notification is to notify as many people as possible, as rapidly as possible, of potential life safety information, with adequate follow-up information provided as needed. In protracted or large-scale incidents the university website will provide updates and serve as a central reference point for accurate information. Members of the larger community who are interested in receiving information about emergencies on campus should use the ODU website to obtain updates.

Emergency Notifications are reserved for incidents that pose a significant threat to the health or safety of the campus community, in whole or in part, and include but are not limited to:

- Extreme weather conditions such as a tornado or hurricane;
- Gas leak;
- Terrorist incident;
- Armed intruder;
- Bomb threat or explosion;
 - ✓ Chemical or hazardous substance exposure;
 - ✓ Civil unrest or rioting

Any member of the ODU community that is aware of an emergency or a potential for an incident on campus that poses a threat to the health and safety of the community should contact ODU Police immediately.

The on-duty police supervisor is responsible for confirming if the situation is an immediate and significant threat. Upon confirmation, the supervisor will initiate the Emergency Notification process. Emergency Notifications will contain the following minimum information:

- The nature of the emergency;
- The location of the emergency;
- Brief advisory information such as evacuation directions or areas to avoid;
- Additional steps or directions to preserve the health and safety of the community.

All members of the university are encouraged to sign up for ODU Alerts at

<http://www.odu.edu/life/health-safety/safety/alerts>

Timely Warning

When a Clery crime is reported within the defined geographic reporting area and poses a continuing threat to the University community, ODU PD will, without delay and taking into account the safety of the community, determine the content of the notice and initiate the notification process (ODU Alert)

unless issuing a notification, in the judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Additionally, ODU may issue these warnings in areas outside the defined geographic area. In determining whether a Timely Warning is warranted, the following will be considered:

- ☞ The nature of the crime;
- ☞ The continuing danger to the campus community;
- ☞ The potential risk of compromising law enforcement efforts.

Timely warnings are prepared and disseminated in cooperation with the University's Strategic Communications and Marketing Department. Warnings are dispersed via university email. For information on opening an ODU email account or forwarding these alerts to your personal email account contact the University Information Technology Services Department. In addition, timely warnings may be posted on the ODU PD website at www.odu.edu/police and in the University's student newspaper, the Mace and Crown. The warnings may also be posted in specific buildings or areas, depending on the circumstance of the criminal activity.

Firearms, Weapons, and Certain Related Devices

The university seeks to provide a safe and secure environment for our community. In furtherance of that goal, the University Board of Visitors has adopted a regulation on the use of privately owned firearms and prohibits firearms, weapons, and related devices to the extent permitted by Virginia law. Firearms, weapons and related devices are not permitted on University property, including in automobiles parked on campus for students, employees, volunteers, and invitees. Other individuals, lawfully on campus, who

do not possess a valid concealed weapons permit, may not carry weapons into any facility on campus, including stadiums. Rules and regulations regarding firearms, weapons and related devices are found in ODU's Policies and Procedures,

<http://catalog.odu.edu/undergraduate/policiesprocedures>

8VAC65-10-10. Definitions.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise: "Police officer" means law-enforcement officials appointed pursuant to Article 3 (§ 15.2-1609 et seq.) of Chapter 16 and Chapter 17 (§ 15.2-1700 et seq.) of Title 15.2, Chapter 17 (§ 23-232 et seq.) of Title 23, Chapter 2 (§ 29.1-200 et seq.) of Title 29.1, or Chapter 1 (§ 52-1 et seq.) of Title 52 of the Code of Virginia or sworn federal law-enforcement officers. "University property" means any property owned, leased, or controlled by Old Dominion University. "Weapon" means (i) firearms; (ii) knives, machetes, straight razors, spring sticks, metal knucks, or blackjacks; (iii) any flailing instrument consisting of two or more rigid parts connected in such a manner as to allow them to swing freely, which may be known as a nun chahka, nun chuck, nunchaku, shuriken, or fighting chain; (iv) any disc, of whatever configuration having at least two points or pointed blades, that is designed to be thrown or propelled and that may be known as a throwing star or oriental dart; and (v) any electrical conduction weapon including tasers. "Weapon" does not mean knives used for domestic purposes, pen or folding knives with blades less than three inches in length, or box cutters and utility knives kept or carried for use in accordance with the purpose intended by the original seller.

8VAC65-10-20. Possession of weapons prohibited.

Possession or carrying of any weapon by any person, except a

police officer, is prohibited on university property in academic buildings, administrative office buildings, student residence buildings, or dining facilities, or while attending sporting, entertainment, or educational events. Entry upon the university property described in this section in violation of this chapter is expressly forbidden.

8VAC65-10-30. Person lawfully in charge.

In addition to individuals authorized by university policy, Old Dominion University police officers are lawfully in charge for the purposes of forbidding entry upon or remaining upon university property while possessing or carrying weapons in violation of this chapter.

Crime Prevention and Security Awareness Programs

Old Dominion University police officers and public safety staff provide crime prevention and safety awareness programs through seminars, forums, and training classes for students residing on and off campus, and for ODU employees. These programs are designed to inform members of the community about campus: resources, safety related information, and to encourage individuals to be cognizant of their role in personal safety and in maintaining a safe campus environment.

Programming is delivered throughout the year at various events and locations on and off campus. These include, but are not limited to: orientation, or preview, residence hall community's, Fraternity and Sorority groups, Athletic Teams, new employee orientation, monthly civic league meetings with students and local residents of the surrounding neighborhoods as well as annual safety events with the Student Government Association or ODU Housing and Residence Life. These events include National Night Out, "Lock It Up, and Light It Up" and neighborhood safety walks documenting community concerns for further action.

The ODU PD utilizes a proactive and reactive approach when addressing the problems of alcohol consumption. The proactive approach consists of the Community Policing Division executing several presentations to educate students, faculty, and staff on alcohol awareness, the effects of driving while intoxicated, and underage consumption penalties. The reactive approach is to effect arrests for violations of the state liquor laws, including arresting impaired drivers, cite violators for consumption by minors, public intoxication, and/or contributing to the delinquency of a minor.

In addition to alcohol awareness presentations, the Community Policing Division presents, upon request, programming to inform the community about the department's philosophy, and how members of the campus community can assist the University Police in identifying and addressing safety related concerns.

In addition, there are several programs and services that are available upon request and are regularly scheduled:

- **Rape Aggression Defense** - The Rape Aggression Defense (RAD) System is a program of realistic, self-defense tactics and techniques. The RAD System is a comprehensive course for women that begins with awareness, prevention, risk reduction, and avoidance, and progresses to the basics of hands-on self-defense training. RAD is not a martial arts program. Courses are taught by certified RAD instructors and participants are provided with a workbook/reference manual.
- **Bicycle Registration** - Required by Norfolk City Code, this service is provided free of charge and is available 24 hours a day. Registering your bicycle may increase the chances of your bicycle being returned if it is stolen and subsequently recovered.
- **Security Assessments** - Community Policing Officers conduct a thorough security inspection of residential and/or commercial properties. The purpose of the survey is to determine existing designs, electronic, and environmental weaknesses and to

recommend such devices, procedures, and/or methods of application that will reduce or eliminate exposure to criminal opportunity.

• **Community Civic Partnerships** -

Monthly meetings with the surrounding communities Civic Leagues assist in reducing crime, enhancing good neighbor relationships between off-campus students and the local community as well as identifying ways to improve the economic and social vitality of these neighborhoods.

• **Bystander Intervention Training** -

Bystander intervention workshops are trainings based on research and best practices, which are designed to educate our community about social justice and how to safely intervene in situations and/or to speak up in situations they see as potentially dangerous or limiting to another individual.

• **Clothesline Project** - The Clothesline Project, sponsored by the Women's Center, is a visual display of shirts with written messages and illustrations that graphically demonstrate the impact of violence. These shirts are designed by survivors of violence, their families, and/or friends. This display exposes students to the effects of violence. Viewing this project provides opportunity for a higher understanding of the effects of violence, the need for social responsibility, as well as compassion for others. This display allows students to bear witness to the survivors as well as victims of violence, to help with the healing process for people who have lost a loved one or are survivors of violence, to educate, to document, and to raise society's awareness of the extent of the problem of violence.

• **Take Back the Night Rally** - This rally and march, sponsored by the Women's Center, coincides with the Clothesline Project, and is an educational program about stopping violence in our community. It is open to students, employees and the community.

In addition to ODU PD's programs, the University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and ad campaigns intended to end sexual assault, dating violence, domestic violence, and stalking. The University has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students, participating in and presenting information and materials during new employee orientation that:

- Identifies domestic violence, dating violence, sexual assault and stalking as illegal and prohibited conduct
- Describes using definitions provided both by the Department of Education as well as Virginia law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking
- Describes what behavior and actions constitute consent to sexual activity in the Commonwealth of Virginia and/or using the definition of consent found in Old Dominion University [Sexual Misconduct Policy- 4600](#).
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence

- Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

Additional Safety Tips

- Download the ODU LiveSafe app on your android or iOS cell phone.
- Program the ODU Police telephone number into your cell phone. (757) 683-4000.
- Be aware that you are a potential victim of crime. Stay alert and attuned to people and circumstances around you.
- Immediately notify the ODU PD of suspicious activity or people.
- Avoid the use of excessive alcohol and other drugs. Persons under the influence are much more likely to be the victims of a serious crime.
- Do not allow non-residents into residential facilities.
- Lock your room when you are out - even for just a few minutes. Keep your door locked when sleeping.
- Never lend your room or apartment key to anyone.
- Keep your valuables in a safe place. Do not leave valuables in the open and unattended. Utilize GPS or "locate" software for your electronics.
- Do not prop open locked outside doors and stairwell doors; ensure they close and lock behind you. Do not allow anyone other than your personal guests to enter the building behind you.

With no intent to victim-blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to **avoid isolated areas**. It is more difficult to get help if no one is around.

- **Walk with purpose.** Even if you don't know where you are going, act like you do.
- **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
- **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
- **Make sure you take your cell phone** and it is charged. Also, ensure you take cash money.
- **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
- **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
- **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately, (local authorities can be reached by calling 911 in most areas of the U.S.).
- **Don't leave your drink unattended even** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

- **If you suspect you or a friend have been drugged, contact law enforcement immediately, (local authorities can be reached by calling 911 in the Hampton Roads area.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - ✓ **Remember that being in this situation is not your fault.** You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - ✓ **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable doing.
 - ✓ **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - ✓ **Lie.** If you don't want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Become an Active Bystander

Bystanders are the largest group of people involved in violence; they greatly outnumber both the perpetrators and the victims. They play a critical role in the prevention of sexual and relationship violence. Individuals who observe violence or witness the conditions that perpetuate violence are encouraged to intervene. Old Dominion University is not advocating that you risk your own safety in order to be an active bystander. If you or someone else are in immediate danger, calling 911 is the best action a bystander can take.

Our goal is to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. Bystanders may not always know what to do even if they want to help. Below is a list of some ways to be an active bystander.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, and try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on- or off- campus resources listed in this document for support in health, counseling, or with legal assistance. (Bystander intervention strategies adapted from Stanford University)

Preventing and Responding to Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Old Dominion University is committed to maintaining a campus environment which reaffirms the dignity and value of all members of the university community. Crimes such as sexual assault, dating violence, domestic violence, and stalking are prohibited on and off campus. These crimes are a violation of state law as well as University Policy. Offenders will be subject to appropriate campus adjudication processes, disciplinary action, and/or criminal proceedings. Old Dominion University encourages all persons subjected to sexual assault, dating violence, domestic violence, and stalking to report the incident to the Old Dominion University Police Department. Officers will respond to your location or to a location you prefer to meet with you, ensure your safety, and take appropriate police actions as dictated by the circumstances and your wishes. In addition, officers will facilitate contact with support resources, for medical attention and counselors.

Reporting Procedures

The University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a victim and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement. Students and employees should contact the Office of Institutional Equity and Diversity at 757-683-3141 or the Student Ombudsperson at 75-683-3142. Victims should contact ODUPD to file criminal charges and the Office for Institutional Equity & Diversity for filing a Title IX Complaint, in accordance with the Sexual Misconduct Policy and Sexual Harassment Policy. Employees (including, but not limited to Campus Security Authorities) are advised to provide victims with resource information as identified in the Monarch SAFE Guide and the Title IX Card. The University does not require a victim to participate in the criminal justice system, civil or University proceeding/and or investigation by the institution. The institution does not require the

victim's cooperation with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both. Instead, victims are afforded the option of taking the following measures:

- **Seek Medical Attention.** After an incident of sexual assault and domestic violence, the victim should get to a safe place and consider seeking medical attention as soon as possible. Victims may call the YWCA Response Sexual Assault Support Services hotline at (757-622-4300). They may also call Student Health Services (757-683-3132) or Sentara Norfolk General Hospital (757-388-3551 or 911) where a Sexual Assault Nurse Examiner (SANE) is on call 24 hours a day. Student Health Services can treat internal injuries, sexually transmitted disease or pregnancy; but these services do not include evidence collection. The Old Dominion University Police Department may also be reached directly by calling 757-683-4000, in person at 4516 Monarch Way, Norfolk, Virginia 23508.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where he/she were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual

assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if he/she so desire.

- **Contact the police.** Victims can file a report, press charges or otherwise get assistance. Victims, (if on campus) should call the ODU Police Department (757-683-4000) or call 911 for the police department in the victim's area.
- **Contact the University Women's Center.** The Women's Center (757-683-4109) provides victim advocacy, crisis intervention, resources and help victims identify his or her options. The Women's Center works with YWCA Response

to provide 24 hour service for victims. This involves coordination with Sentara and Bon Secours hospitals that offer medical care and have Sexual Assault Nurse Examiners (SANE) for evidence collection. The Women's Center provides assistance to the victims through the (SAFE) program and sexual assault response team (SART). Women's Center can provide sexual assault victim advocacy, crisis intervention, resources and referrals to help victims identify their options which include: immediate support, counseling, law enforcement involvement, medical care, emergency contraception, academic and housing accommodations. The Women's Center also works with Human Resources and Institutional Equity to address related concerns involving University employees. The Women's Center is located in 1000 Webb Center, Norfolk Virginia 23529 and can be reached by calling 757-683-4109. To report an incident after University business hours (M-F from 8:00am-5:00pm), victims should call the YWCA hotline at 757.226.9922. The YWCA is located on 5215 Colley Avenue and may also be reached during business hours at 757.451.0174.

• **Contact Office of Institutional Equity & Diversity.** If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Renee Dunman, Institutional Equity & Diversity, 1301 Spong Hall, Norfolk, VA 23529, 757-683-3141 (office), 757-683-5844 (fax), or via email to officeofinstitutionalequitydiversity@odu.edu. By calling, writing or coming into the office to report in person The University will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt

administrative investigation response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

• **Office for Student Engagement (Dean of Students).** Students should contact the Dean of Students at (757) 683-3442 for effectuating a campus-no contact order.

Why Report

Incidents of sexual assault, relationship violence, stalking and sexual harassment should be reported to ODU Police Department, Women's Center, Student Engagement and Enrollment Services, a residence hall staff member, Counseling Services, or Student Health Services. To initiate criminal charges, students can contact the ODU PD. Individuals interested in pursuing a complaint through the student judicial process should contact the Office of Student Conduct & Academic Integrity.

Individuals who have been subjected to these crimes are encouraged contact ODU PD. The reasons for reporting to the police include:

- 👑 to ensure the safety of all individuals
- 👑 to ensure the victim of sexual assault receives the necessary medical treatment and tests at no expense
- 👑 to apprehend the assailant
- 👑 to take action which may prevent further victimization, including issuing a crime alert to warn the campus community of an ongoing threat to their safety
- 👑 additionally, the ODU PD will record the incident for purposes of reporting statistics about incidents that occurred on campus.

The university will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law.

Services are still available through the University if reported incidents occur off campus.

There may be consequences to waiting to file a police report. Early reports may improve the preparation of a viable prosecution. Filing a police report immediately following the incident does not force the complainant to file charges and prosecute the accused; however, it does aid in the preservation of valuable evidence if the complainant decides to pursue charges at a later date.

If the complainant does not choose to file a police report, s/he may still file an administrative complaint. The complainant will be referred to other agencies if appropriate. The complainant may decline to notify campus police and campus authorities.

Alternatives to Immediately Filing a Police Report

- ☞ Report the crime at a later date. Make a complaint to a CSA, Title IX coordinator, or deputy Title IX coordinator. Such a complaint may be used for actions which include, but are not limited to, on-campus administrative proceedings.
- ☞ Contact a referral agency for help: Women's Center, Student Engagement and Enrollment Services, a residence hall staff member, Counseling Services, or Student Health Services.
- ☞ Make a complaint to the Title IX coordinator. Such a complaint may be used for actions which include, but are not limited to, on-campus administrative proceedings.
- ☞ Contact the Title IX coordinator or a deputy Title IX coordinator for more information concerning the administrative process. Students may reference the campus judicial process in the *Code of Student Life (Code)*. Faculty and staff may consult with Human Resources or the Title IX coordinator.

Evidence and Investigation

It is critical that all physical evidence be preserved even if a decision has not been made regarding criminal prosecution. Do not wash, use the toilet, or change clothing if you can avoid doing so. If you do change clothes, put all clothing you were wearing at the time of the assault in a paper, not plastic, bag to assist with preserving physical evidence.

Personnel from the YMCA Response will accompany an individual to the hospital for evaluation, treatment and/or evidence collection. Whether the individual chooses to report an incident of sexual assault, relationship violence, and stalking to the ODU PD, Women's Center, Response, or another resource center within the campus community, the individual will be informed of reporting options, including the right to report the incident fully and completely to the ODU PD, or to not pursue criminal charges.

ODU PD Investigators will investigate criminal reports, and when appropriate, additional information obtained via the investigation will also be forwarded to the Dean of Students Office. The Investigations Unit has received specialized training to provide the highest quality of police service to those who have been victimized by crime and to ensure the individual has the necessary support and resources to assist them. Regardless of the severity of the offense, the ODU Investigators will conduct a fair, impartial, and thorough investigation and ensure the victim is provided updates on the status of their case. The investigations unit conducts follow up investigations, utilizing specialized training to identify and arrest the correct offender, then pursue criminal conviction in cooperation with the Commonwealth Attorney's Office.

Sex Offender Registry

The Federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where information concerning registered sex offenders may be obtained.

Sex Offender information is available via a link available on the Virginia State Police website: <http://sex-offender.vsp.virginia.gov/sor/index.html> For further information please contact the Old Dominion Police Investigations Unit at (757) 683-4003.

Campus Crime Statistics

The Clery Act requires the release of crime statistics to students and employees, and it requires that those statistics be available to applicants and new employees upon request. For more than three previous years, visit: www.ope.ed.gov/security/index.aspx or contact ODU PD for a hard copy.

NOTE: Data from local law enforcement officials are subject to availability, and may be subject to review and revision by those agencies. The Old Dominion University Police Department is not responsible for the accuracy of those figures.

The Clery Act, as amended, requires separate statistics for specified criminal incidents, arrests and disciplinary referrals for certain non-contiguous properties of Old Dominion University. The following statistics include reportable in this report for the period January 1, 2011, through December 31, 2013.

Crime Stats Classification

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the relevant federal law (the Clery Act).

It is important to note that the crime classification definitions for which colleges and universities provide statistics in accordance with the Clery Act may differ from the state definitions. For example, the crime statistics reported under Jeanne Clery Act include the following:

- Criminal Homicide (murder/non-negligent Manslaughter and negligent manslaughter)
- Robbery
- Aggravated Assault
- Burglary

- Motor Vehicle Theft
- Arson
- Forcible Sex Offenses (rape, sodomy, sexual assault with an object and forcible fondling)
- Non-Forcible Sex Offenses (incest and statutory rape)
- Hate Crimes
- Domestic Violence
- Dating Violence
- Stalking

In addition to these crimes being Clery statistics, many are also Uniform Crimes reported to the UCR and to the National Incident-Based Reporting system.

The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: murder/non-negligent manslaughter, negligent manslaughter, forcible and non-forcible sex offenses, and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.

In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic.

In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the "Referred for Disciplinary Action" section for Liquor Law, Drug Abuse Violations, and Weapons violations indicates the number of people referred to the Student Conduct and Academic Integrity Office for disciplinary action for violations of those specific laws.

Campus Crime Report

- Virginia Beach Higher Education Center Virginia Beach, VA During the years 2011 and 2012 there were no crimes reported in any of the required categories at this location; however, in 2013 one burglary was reported. There were no hate crimes, as defined by applicable federal law, reported at the Virginia Beach Higher Education Center from 2011-2013.
- Tri-Cities Higher Education Center Portsmouth, Virginia During the years 2012 and 2013, there were no crimes reported in any of the required categories at this location. In 2011, the only crime reported at this location was one liquor law arrest. There were no hate crimes, as defined by applicable federal law, reported at the Tri-Cities Higher Education Center from 2011-2013.
- Peninsula Higher Education Center Hampton, Virginia During the years 2011, 2012, and 2013 there were no crimes reported in any of the required categories at this location. There were no hate crimes, as defined by applicable federal law, reported at the Peninsula Higher Education Center from 2010-2012.
- Women's Intercollegiate Rowing Center Norfolk, Virginia During the years 2011, 2012, and 2013 there were no crimes reported in any of the required categories at this location. There were no hate crimes, as defined by applicable federal law, reported at the Women's Intercollegiate Rowing Center from 2010-2012.
- Research Vessel, R/V Fay Slover Norfolk, Virginia During the years 2011, 2012, and 2013, there were no crimes reported in any of the required categories at this location. There were no hate crimes, as defined by applicable federal law, reported aboard the R/V Fay Slover from 2011-2013.

2011-2013 Crime Statistics for ODU

CRIME CLASSIFICATION	On Campus			Non-Campus			Public Property			Residential Hall ¹			Total		
	2011	2012	2013	2011	2012	2013	2011	2012	2013	2011	2012	2013	2011	2012	2013

Drug Law Referral	143	177	121	0	0	0	0	0	3	143	169	114	143	177	124
Weapons Referral	1	2	2	0	0	0	0	0	0	1	0	2	1	2	2
Liquor Law Arrest	52	59	38	0	0	0	22	18	26	28	30	18	74	77	64
Drug Law Arrest	16	21	18	0	0	0	8	7	5	6	16	10	24	28	23
Weapons Arrest	8	0	0	0	0	0	3	2	0	0	0	0	11	2	0

¹On-campus residential statistics are included in the total number of incidents on campus.

There were no hate crimes, as defined by applicable federal law, reported at Old Dominion University from 2011-2013. Numbers in some fields may have changed from previous reports due to clarification of Clery reporting requirements.

Alcohol and Drugs

Commonwealth of VA Law

No person under age 21 may consume, purchase or possess, or attempt to consume, purchase or possess any alcoholic beverage except under certain circumstances, as described in §4.1-305 of the code of Virginia. Individuals convicted of violating this section may be subject to a fine, jail and/or license suspension.

Old Dominion University strives to maintain a safe, healthy, and efficient University free from drug and alcohol abuse. The university complies with federal and state regulations pertaining to the abuse of controlled substances, including the Drug-Free Schools and Communities Act of 1989, the Drug-Free Workplace Act of 1988, and the Commonwealth of Virginia Policy on Alcohol and Other Drugs.

The Commonwealth of Virginia Drug and Alcohol Policy can be viewed at <http://www.dhrm.virginia.gov/hrpolicy/policy.html>

University Policy

University policy prohibits the unlawful possession, use, manufacture or distribution of illicit drugs and alcohol by students, employees, agents, volunteers, employees of affiliated organizations, and visitors on University property (leased or owned) or at any University sponsored activity, regardless of its location. Additionally, drunken or disorderly behavior on property owned or controlled by the University or at functions sponsored or supervised by the University is prohibited. Certain residence halls prohibit the consumption of alcohol. In all other residence halls, students may consume alcoholic beverages in residence hall rooms only if they have reached the legal drinking age of 21. The use or possession of

alcoholic beverages in public areas is strictly prohibited unless specifically authorized in writing by the Executive Director of Housing and Residence Life. Employees may only be authorized to consume alcoholic beverages on campus at events approved by the appropriate Dean or Vice President. Old Dominion University's Drug and Alcohol Policy #6603 is available online at: <http://ww2.odu.edu/ao/polnproc/>

The U.S. Department of Education's Drug Free Schools and Communities Act requires that as a condition of receiving any form of financial assistance under any Federal program, an institution of higher education must adopt and implement a program to prevent the unlawful possession, use, manufacture or distribution of illicit drugs and alcohol by students and employees.

Standards of Conduct

The University wishes to provide all reasonable assistance to faculty, staff, and students in dealing with alcohol and drug problems. For employees, the imposition of disciplinary sanctions will occur only after an individual is offered an opportunity to correct and fails to effectively deal with his or her problem or when the employee has committed a serious violation of University policy or Federal/State law. Students shall be subject to sanctions for violations of the University's Code of Student Conduct as outlined in the Student Disciplinary Policies and Procedures. Disciplinary sanctions for employees and students engaged in the unlawful possession, use, manufacture, or distribution of illicit drugs or alcohol on University property are as follows:

Students

Disciplinary action up to and including disciplinary dismissal is administered in accordance with the rules specified in the Student

Disciplinary Policies and Procedures and Residence Hall Handbook. Sanctions may otherwise include (but are not limited to) disciplinary probation, fines, parental notification (for students under 21 at the time of the notification), and disciplinary suspension. Mandatory alcohol or drug education and/or counseling may also be a required portion of the sanction.

Employees

Disciplinary action up to and including discharge and participation in a drug abuse assistance or rehabilitation program is at the discretion of management. Faculty sanctions for such violations shall be in accordance with the rules specified in the Faculty Handbook. Classified and wage employee sanctions for such violations shall be in accordance with the Commonwealth's Standards of Conduct Policy.

Local, Federal, and State Legal Sanctions

Violations of these laws are strictly enforced by the ODU PD and violators are subject to university disciplinary action criminal prosecution and/or fines. The federal Drug-Free Workplace Act requires that the university inform employees that the unlawful manufacture, distribution, possession, or use of a controlled substance is prohibited in the workplace. The workplace consists of any state-owned or university-owned, controlled or leased property, or the site where state work or university work is performed. Additionally, drunken or disorderly behavior on property owned or controlled by the university, or at functions sponsored or supervised by the university, is prohibited.

Controlled Substances

Distribution - Except as authorized in the Drug Control Act, Chapter 34, '54.1-3400 through '54.1-3472 of the Code of Virginia, it shall be unlawful for any person to manufacture, sell, give, distribute or possess with intent

to manufacture, sell, give or distribute a controlled substance or an imitation controlled substance. 18.2-248, Code of Virginia.

Possession - It is unlawful to knowingly or intentionally possess a controlled substance unless the substance is obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his or her professional practice, or as authorized by the Drug Control Act. '18.2-250, Code of Virginia.

Marijuana

Manufacture, Sale/Distribution - Except as authorized in the Drug Control Act, Chapter 34 of Title 54.1, it shall be unlawful for any person to sell, give, distribute, or possess with intent to sell, give, or distribute marijuana. '18.2-248.1, Code of Virginia.

Possession - It is unlawful for any person to knowingly or intentionally possess marijuana unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his or her professional practice, or except as otherwise authorized by the Drug Control Act.

Alcohol

Sale/Possession - Code §4.1-307 provides: No person shall permit anyone employed by him or her under the age of (i) 18 years to sell, serve or dispense in any manner alcoholic beverages for on-premises consumption, except pursuant to subdivisions 1 through 5 of §4.1-200 or (ii) 21 years to prepare or mix alcoholic beverages in the capacity of bartender. Any person convicted of a violation of this section shall be guilty of a Class 1 misdemeanor. Code §4.1-305 states: No person to whom an alcoholic beverage may not lawfully be sold under §4.1-304 shall consume, purchase or possess or attempt to consume, purchase or possess, any alcoholic beverage, except (i) pursuant to subdivisions 1 through 7 of §4.1-200; (ii) where possession of the alcoholic beverages by a person less than 21 years of age is due to such person's making a

delivery of alcoholic beverages in pursuance of his or her employment or an order of his or her parent; or (iii) by any State, Federal, or local law enforcement officer when possession of an alcoholic beverage is necessary in the performance of his or her duties. Such person may be prosecuted either in the county or city in which the alcohol was possessed or consumed or in the county or city in which the person exhibits evidence of physical indicia of consumption of alcohol. It shall be an affirmative defense to a charge of a violation of this subsection if the defendant shows that such consumption or possession was pursuant to subdivision 7 of §4.1-200.

Resources and Programs

Old Dominion University provides a variety of services to students, faculty, and staff. Through its programs and policies regarding the possession, sale and consumption of alcoholic beverages, encourages members of the campus community to make safe, responsible decisions about alcohol that are consistent with existing local, state and federal laws. The University provides training for Counselors, Resident Assistances, Fraternity and Sorority members, and any interested faculty and staff to help them identify and refer persons who may be having problems associated with alcohol or other drugs. Upon request, the ODU PD also provides educational programs about the effects/impacts of impairment from alcohol and drugs on personal safety.

Students, faculty, and staff who Desire help with drug and alcohol problems can contact the Old Dominion University Office of Counseling Services at extension 757-683-4401. Counseling services are available to all students on a scheduled appointment basis. Any student can make a confidential appointment to talk about their concerns regarding alcohol, drugs, and subsequent consequences. Furthermore, many community

resources are available to provide services to students, faculty, and staff experiencing drug and alcohol problems. The Office of Counseling Services can provide information regarding these services. In addition, the Employee Assistance Program (EAP) is a confidential counseling, assessment, and referral service developed to help state employees cope with drug and alcohol as well as other problems. Services are confidential and without charge. The EAP is available to all employees and their family members who are enrolled in one of the State's health benefits plans (COVA Connect, COVA Care, or COVA HDHP). To access the EAP, employees should call the telephone number on the back of the COVA card or contact the Department of Human Resources for the number.

Health Effects of Alcohol and other Drugs

The following is a partial list of drugs and the consequences of their use. The abuse of alcohol and the use of other drugs are detrimental to the health of the user. Further, the use of drugs and alcohol is not conducive to an academic atmosphere. Drugs impede the learning process and can cause disruption for other students and disturb their academic interests. The use of alcohol or drugs in the workplace may also impede the employee's ability to perform in a safe and effective manner, and may result in injuries to others. Early diagnosis and treatment of drug and alcohol abuse is in the best interests of the student, employee, and the university. For additional information concerning the health risks associated with substances covered by the Controlled Substances Act, refer to the chart on pages 24-25 of the U.S. Department of Justice publication, Drugs of Abuse, 1996 edition.

- **Alcohol:** Alcohol is the most frequently abused drug on campus and in society. Alcohol is chemically classified as a mind-altering drug because it contains ethanol and has the chemical power to depress the action of the central nervous system.

This depression affects motor coordination, speech, and vision. In great amounts, it can affect respiration and heart rate control. Death can result when the level of blood alcohol exceeds 0.40%. Prolonged abuse of alcohol can lead to alcoholism, malnutrition, and cirrhosis.

• **Anabolic Steroids:** Concerns over a growing illicit market and prevalence of abuse, combined with the possibility of long-term effects of steroid use, led Congress to place anabolic steroids into Schedule III of the Controlled Substances Act (CSA). Although the adverse effects of large doses of multiple anabolic steroids are not well established, there is increasing evidence of serious health problems associated with the abuse of these agents, including cardiovascular damage, liver damage and damage to reproductive organs. Physical side effects include elevated blood pressure and cholesterol levels, severe acne, premature balding, reduced sexual function, and testicular atrophy. The CSA defines anabolic steroids as any drug or hormonal substance chemically and pharmacologically related to testosterone (other than estrogens, progestins, and corticosteroids), that promotes muscle growth. Those commonly encountered on the illicit market include: boldenone (Equipose), ethylestrenol (Maxibolin), fluoxymesterone (Halotestin), methandriol, ethandrostenedione (Dianabol), methyltestosterone, androlone (Durabolin, Deca-Durabolin), oxandrolone (Anavar), oxymetholone (Anadrol), tanozolol (Winstrol), testosterone and trenbolone (Finajet).

• **Cannabis:** Three drugs that come from cannabis—marijuana, hashish, and hashish oil—are currently distributed on the U.S. illicit market. These drugs are deleterious to the health and impair the short-term memory and comprehension of the user. When used, they alter the sense of time and reduce the ability of the

user to perform tasks requiring concentration and coordination. They also increase the heart rate and appetite. Motivation and cognition can be altered, making acquisition and retention of new information difficult. Long-term users may develop psychological dependence that can produce paranoia and psychosis. Because cannabis products are usually inhaled as unfiltered smoke, they are damaging to the lungs and pulmonary system and have more cancer-causing agents than tobacco.

• **Depressants:** Depressants produce central nervous system depression. Depressants (i.e., barbiturates, benzodiazepines, glutethimide, methqualone, and meprobamate) can cause physical and psychological dependence that can lead to respiratory depression, coma and death, especially when used in concert with alcohol. Withdrawal can lead to restlessness, insomnia, convulsions and even death. Chloral hydrate, a hypnotic depressant, and alcohol constitute the infamous “date-rape drug” or “Mickey Finn.”

• **Hallucinogens:** LSD, PCP, mescaline and peyote are classified as hallucinogens. Hallucinogens interrupt the brain messages that control the intellect and keep instincts in check. Large doses can produce convulsions and coma, heart and lung failure. Chronic users complain of persistent memory problems and speech difficulties for up to a year after their use. Because the drug stops the brain’s pain sensors, drug experiences may result in severe self-inflicted injuries. Persistent memory problems and speech difficulties may linger.

• **Narcotics:** The term narcotic derives from the Greek word for stupor. Narcotic use is associated with a variety of unwanted effects, including drowsiness, inability to concentrate, apathy, lessened physical activity, constriction of the pupils, dilation of the subcutaneous blood vessels

causing flushing of the face and neck, constipation, nausea and vomiting and, most significantly, respiratory depression. With repeated use of narcotics, tolerance and dependence develop. Users of narcotics, such as heroin, codeine, morphine, and opium, are susceptible to overdose that can lead to convulsions, coma and death.

• **Stimulants:** Cocaine is the most potent stimulant of natural origin. “Crack” is the chunk form of cocaine that is a ready-to-use freebase. These drugs stimulate the central nervous system and are extremely addictive. They can cause psychological and physical dependency. Stimulants can lead to dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, paranoia, and seizures. They can also cause death by disrupting the brain’s control of the heart and respiration. The use of amphetamines and other stimulants can have the same effect as cocaine and cause increased heart rates and blood pressure that can result in a stroke or heart failure. Side effects include dizziness, sleeplessness, and anxiety. They can also lead to hallucinations, paranoia, psychosis, and even a physical collapse. Nicotine is a highly addictive stimulant, whether ingested by smoking or chewing. This drug hits the brain in six seconds and damages the lungs, decreases heart strength, and is associated with many types of cancers when ingested by smoking. The withdrawal symptoms include anxiety, progressive restlessness, irritability, and sleep disturbances.

Annual Fire Safety Report

Old Dominion University has made a serious commitment to fire safety. The University has a full-time Fire Protection Inspector in the Office of Risk Management dedicated to fire safety for students, faculty, staff and visitors. ODU works closely with the Municipal Fire Departments and the Virginia State Fire Marshal's Office, to meet or exceed applicable local and state code requirements. Norfolk Fire and Rescue are first responders to all fire and medical emergencies on the main campus.

If a fire occurs in an ODU building, community members should begin the evacuation process immediately and activate the fire alarm system or call 911 as soon as it is safe to do so. ODU PD and the local fire and rescue department will respond. If a member of the ODU community finds evidence of a fire that has been extinguished the community member should immediately notify ODU PD to investigate and document the incident.

Fire alarms alert community members of potential hazards and occupants are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in any facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. Residents are required to evacuate the building immediately when a fire alarm sounds. Failure to evacuate for any reason may result in referral to the student conduct system. The Fire Marshal can levy fines and penalties upon individuals who fail to evacuate a building promptly - but a more important reason for evacuating is safety!

When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button to be connected to emergency personnel.

Evacuation drills are coordinated by Housing & Residence Life for all ODU residential facilities. Evacuation procedures are tested at least four times each year. Students should learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a building evacuation. ODU does not determine in advance the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. ODU PD and Housing & Residence Life staff members on scene will communicate information to students regarding the developing situation or any evacuation status changes.

Evacuation drills are monitored by Housing and Residence Life to evaluate egress and behavioral patterns. Reports are prepared to identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Residence Hall Smoke-Free Campus

- All ODU buildings, including student rooms in residence halls, are smoke free.
- Smoking is not allowed within 25 feet of any building entrance.
- Smoking any substance or creating smoke through the use of incense, candles or other scented smoke producing items is prohibited in residence halls.
- Students documented for possession of candles/incense in a residence hall will be referred to the Division of Student Engagement and Enrollment Services.
- Students documented for burning candles/smoking in a residence hall will be referred to the Division of Student Engagement and Enrollment Services.

Evacuation Procedure

Residents are required to evacuate the building immediately when a fire alarm sounds; failure to evacuate for any reason, will be referred to the Division of Student Engagement and Enrollment Services.

Tampering with Fire Safety Equipment

- Any person who tampers with fire and life safety equipment or interferes with the operation of the alarm systems, damages or removes any part of the alarm systems, fire extinguishers, smoke detectors or an exit sign will be subject to criminal prosecution.
- Any student who deliberately sets off a false alarm is subject to disciplinary action, including termination of the residence hall contract and possible expulsion from the university. This will result in a referral to the student conduct system, in addition to possible arrest.
- Residents who set off a fire alarm as a result of cooking or other negligent means may face action by Housing and Residence Life.

Fire Safety Education and Training Initiatives

Housing and Residence Life staff members, RAs, GAs and RHDs receive annual fire safety training prior to the start of the fall semester. Four fire evacuation drills per residence hall are conducted each year. Participation in these fire drills is mandatory and failure to evacuate the building during a fire alarm will result in disciplinary action. Fire safety training is also provided to other students, faculty and staff by request to the Office of Risk Management.

Items Prohibited in Residence Halls

- Decorations: decals, metal signs, stickers, lava lamps, tape on dry wall, nails or tacks on brick walls, halogen lights, darts and dart boards, liquid/air-filled furniture.
- Weapons: firearms, fireworks, ROTC rifles, pistols, BB guns, water guns, billy clubs, blackjacks, slapjacks, nun chucks, switch blades, dangerous chemicals.
- Fire Hazards: electrical appliances with exposed heating elements (including toasters, toaster ovens, hot plates, deep fryers, strings of lights and soldering irons), candles, incense, extension cords, and items with an open flame. Microwaves are not permitted in Whitehurst, Rogers, Gresham and the Inn.
- Drugs: paraphernalia, narcotics, marijuana, devices such as hookahs, beer bongs or funnels; alcohol is prohibited in certain buildings (Rogers, Gresham, Whitehurst, Scotland).
- Miscellaneous: aerials and masts, lofts and platforms, major appliances and grills, shortwave radio transmitters, live Christmas trees, pets (with the exception of fish).

Students found with prohibited items will be referred to the student conduct system.

Overview of Fire Protection Features in Residence Halls

Old Dominion University houses more than 4,600 students in 56 on-campus housing facilities. This section provides a summary of fire protection features provided in each facility.

Whitehurst Hall – 1715 W. 48th Street

Whitehurst Hall is a six-story building that houses 600 students. The building has an automatic fire alarm system monitored by campus police, wet standpipe system in stairwells, battery-powered smoke detectors in each room and portable fire extinguishers in the corridors. It has a dining room with kitchen and three cooking hood suppression systems. The kitchen, mechanical rooms and trash chutes have an automatic sprinkler system.

Old Dominion Inn – 4111 Hampton Blvd.

Old Dominion Inn is a three-story building that houses 116 students. The building has an automatic sprinkler system, automatic fire alarm system monitored by campus police and portable fire extinguishers in the corridors.

Quad Complex

The Quad Complex consists of six four-story buildings housing more than 1,300 students. Each building has an automatic sprinkler system, a fully addressable fire alarm system monitored by campus police and portable fire extinguishers in the corridors.

Dominion House - 1425 W. 49th Street

Scotland House - 4701 Elkhorn Avenue

France House - 4703 Elkhorn Avenue

Virginia House - 4601 Elkhorn Avenue

Ireland House - 4603 Elkhorn Avenue

England House - 4605 Elkhorn Avenue

University Village Apartments

The University Village Apartments consists of 10 three-story buildings that house nearly 1,000 students. Each building has an automatic sprinkler system, fully addressable fire alarm system monitored by campus police and portable fire extinguishers in the corridors and rooms.

Chesapeake House - 1026 W. 45th Street

Hampton House - 1016 W. 45th Street

Newport News House - 1015 W. 45th Street

Suffolk House - 1025 W. 43rd Street

Poquoson House - 1026 W. 43rd Street

Smithfield House - 1015 W. 43rd Street

Portsmouth House - 1016 W. 43rd Street

Williamsburg House - 1016 W. 41st Street

Virginia Beach House - 1026 W. 41st Street

Norfolk House - 1025 W. 45th Street

Powhatan I and II Apartments

Powhatan I and II is a complex consisting of 28 three- and four-story buildings that house approximately 750 students. Each building has an automatic fire alarm system monitored by campus police, battery-powered smoke detectors in each room, dry standpipe systems in the four-story buildings and portable fire extinguishers in each apartment.

Powhatan I Apartments - 4701 Powhatan Ave.

FUTURE IMPROVEMENTS IN THE RESIDENCE HALL FIRE SAFETY

The University's Housing facilities meet or exceed the minimum fire and life safety standards; however, we are constantly evaluating the need for improvements and upgrades to existing fire and Life Safety systems. One goal is to have all residence halls equipped with fully addressable fire alarm system as well as automatic sprinkler systems. We are working to this end.
