Douglas W. Keen
Chief of Police

This year, the City of Manassas Police Department enhanced its commitment of ensuring our community is safe and our officers are engaged and committed to protecting the prominent quality of life the City is known for. Our foundational approach continues to be Community Policing and we have achieved many accomplishments by following this philosophy. In 2012 we took steps to supplement that foundation by incorporating “Hot Spot and data driven” approaches to patrol activities. Our officers work with our Crime Analyst to predict and respond to areas of concern, allowing for more effective crime prevention and more time for officers to interact with the community. With a full staff, we were able to develop the Special Problems Unit which addresses the most pressing or chronic issues identified by the Crime Analyst and our community.

As you will see in the report that follows, calls for service increased 17% and officer initiated calls increased 30%—a result of proactive patrol officers in the neighborhoods, handling crime and disorder BEFORE residents needed to call for our services. The *Part 1 Offenses (serious and violent crime)* increased 8% and *Overall Crime (and other incidents reported to police)* increased 9% on account of increases in two categories—assaults (both aggravated and simple) and larceny. There were 42 more cases of assaults reported to police in 2012, some were street fights and some were more serious than others. The increase in larceny cases was largely a result of rashes of thefts from vehicles. In both types of cases, arrests resulted in resolution for multiple events. Please note: be aware and cautious when interpreting percentage increases or decreases for small numbers because minimal numerical changes can cause large percentage changes.

Although our community experienced several incidents of violent crime in 2012, the quick and diligent investigations resulted in arrests and the removal of violent offenders from our streets. We achieved full staffing, which supports our proactive policing approach and contributed to our overall success and achievements. In addition, the recently hired (Fall 2011) Crime Prevention Specialist, a position that figures prominently in our Community Policing efforts, has worked tirelessly with our residents and Community HOAs to expand or implement new programs that benefit our community as whole.

We continue to enjoy recognition through the Commission on Accreditation for Law Enforcement Agencies as a “Flagship Agency”, achieved during our 2010 on-site assessment. Our next on-site assessment is scheduled for 2013 when we will once again seek re-accreditation by CALEA. Also, the US Department of Justice’s COPS Office (Community Oriented Policing Services), Immigration and Customs Enforcement (ICE), and Federal Bureau of Investigation concluded successful audits of the police department this year.

As the Chief of Police, I want to commend the professionalism, dedication and commitment of all of the men and women of this department. I also want to acknowledge the exceptional working relationship we have with our regional partners in law enforcement and the strong partnership we have fostered with the City Council and other City staff. I can assure you we value these relationships and will continue to work to maintain them as well as the trust of our citizens as we move forward to fulfill the shared vision we all have for the City of Manassas.

Sincerely,

Douglas W. Keen
Chief of Police

Police Department General Information

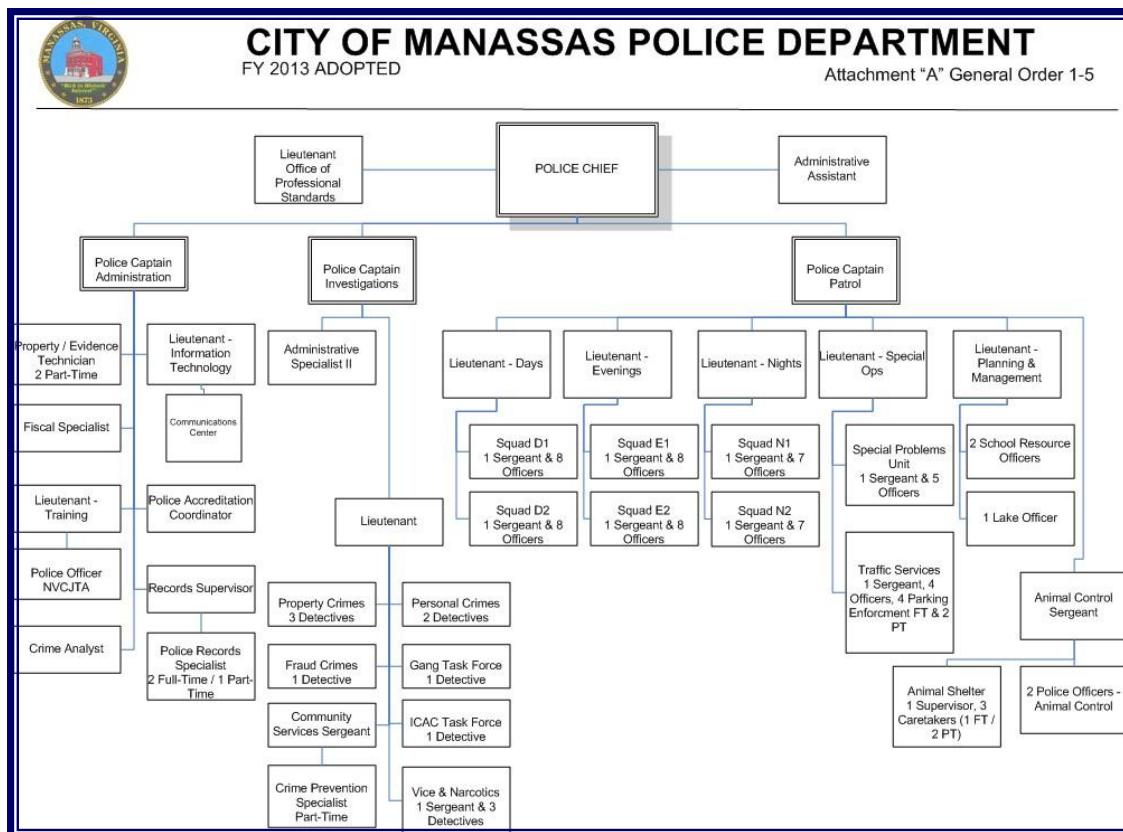

DEMOGRAPHICS

2012 Estimated City Population¹: 39,902
Land Area: 12 Square Miles
Total MCPD Employees: 131
Total Full-Time Sworn MCPD Employees: 96
Sworn Employee Rate per 1,000 Inhabitants: 2.4

The Manassas City Police Department serves a population of nearly 40,000 people with a staff of 131, 96 of which are sworn police officers.

Even through the recent economic hardships, the population in Manassas has continuously increased as it has over the past three decades and as a result, the police department employs more officers now than it ever has.

Organization Chart

¹The Source for the 2012 Population Estimate is the July 2012 estimate provided by Weldon Cooper Center for Public Service at www.coopercenter.org

2012 Department Achievements

2012 Prince William County Chamber of Commerce Valor Awards

(L to R): Officer Christopher Shields, Officer Derrick Black, Mayor Parish, Sergeant Thomas Rodriguez, Chief Douglas Keen.

At the Prince William County Chamber of Commerce 2012 Valor Awards Ceremony, four individuals were recognized for their heroic actions in response to a triple homicide that occurred in the Georgetown South Community. These officers risked their lives when they entered a home to search for the suspected killer and render aid to a critically injured victim. The following officers were awarded the Silver Medal for their bravery:

Chief Douglas Keen
Officer Derrick Black

Sergeant Thomas Rodriguez
Officer Christopher Shields

2012 Manassas City Medal of Valor Awards

Police Officers Christopher Golick and Adam Plourde

In May 2012, Officers Golick and Plourde were on foot patrol in the Point of Woods community when they heard screams coming from a residence as a result of a house fire. The officers quickly notified dispatch and made the decision to enter the house to assist the residents to safety. They escorted four residents from the home to include a young child and an elderly male, and notified responding fire department personnel of the location of a remaining resident inside the home. All were found to be in good medical condition and Officers Plourde and Golick assisted with follow up procedures and ensured the family had alternative housing.

Officers Plourde and Golick were awarded the Medal of Valor for their gallantry and for placing their lives in peril to ensure the safety of the residents.

2012 Manassas City Police Department Employee of the Year

Police Officer First Class Dann T. Villanueva

On May 25, 2012 at 6:04PM, City Fire and Rescue units were dispatched to the area of Wellington Road and Hendley Road for a report of a juvenile in cardiac arrest.

PFC Villanueva was flagged down by friends of the juvenile and advised of his condition. Officer Villanueva and a bystander began performing CPR with PFC Villanueva performing mouth to mouth ventilations on the juvenile.

All personnel involved performed exceptionally well and it resulted in a young life saved. PFC Villanueva was selected as the Employee of the Year for his quick thinking and heroic actions.

2012 Department Achievements

2012 Security Association of Financial Institutions (SAFI) Law Enforcement Officer of the Year Master Detective Cindy van Noppen

Master Detective van Noppen was nominated for this award for her exemplary efforts in bringing to successful conclusion a criminal investigation concerning the theft, in excess of \$34,000, from two financial institutions in Northern Virginia. The suspect recently pled guilty to two counts of felony false pretenses.

Over the years, Master Detective van Noppen has relentlessly pursued financial crimes investigations with great success and has been a valuable asset to the law enforcement community and SAFI.

2012 Retirements

Officer Scott Stallard: 18 years

Lieutenant Bill Goodman: 24 years

Lieutenant Timothy Kotlowski: 23 years

In Remembrance

Sergeant John D. Connor III

Killed in the Line of Duty

Sunday July 24, 1988

2012 Special Events

The Police Department participated in a number of community events in 2012:

- ◆ St. Patrick's Day Parade
- ◆ Railway Festival
- ◆ Sergeant John D. Connor III Annual 5K
- ◆ Celebrate America July 4th Event
 - ◆ One by Youth Day
- ◆ Youth Public Safety Demonstration
 - ◆ National Night Out
 - ◆ Fall Jubilee
- ◆ Veteran's Day Parade
- ◆ Christmas Parade

Specialty Units

K9 Patrol and Narcotics Detection

In 2012, the K9 unit transitioned from a regional certification to a national certification program, "USPCA" (U.S. Police Canine Association). The USPCA is the only police canine association recognized by the US Supreme Court. All 4 dogs and handlers completed their National Certification in 2012.

Special Problems Unit

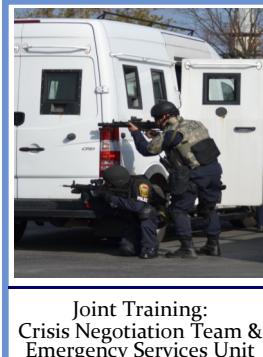

The Special Problems Unit addresses community concerns that require long term solutions and partnerships with community stakeholders such as business owners, residents, and other criminal justice agencies. The officers address chronic concerns citizens have about the community, they provide surveillance, conduct extraditions from other jurisdictions, and support patrol operations.

The foundations of this unit are the modern police strategies that support targeted enforcement in areas of high crime or disorder and encourage collaborative problem solving among those affected by the crime or disorder, namely Hot Spots Policing and Problem Oriented Policing. Studies have shown that when fully implemented, these techniques can be more effective than standard law enforcement techniques.

For more information on these strategies, visit the U.S. Department of Justice Community Oriented Policing Services (COPS) website at cops.doj.gov or the COPS Center for Problem-Oriented Policing at www.popcenter.org.

2011-2012 Comparison Summary

PART I OFFENSES/SERIOUS AND VIOLENT CRIME -

8% increase (1,075)

TOTAL PART I AND ALL OTHER OFFENSES AND INCIDENTS -

9% increase (4,864)

DOMESTIC VIOLENCE REPORTS

Reports – 11% decrease (697)

Arrests – 25% decrease (133)

GRAFFITI – 20% decrease (35)

DRIVING UNDER THE INFLUENCE – 20% increase (215)

CALLS FOR SERVICE – 17% increase (62,710)

OFFICER INITIATED ACTIVITY – 30% increase (44,787)

RESPONSE TIMES (Call Received to Officer Arrival)

Priority 1 – 0:09 second decrease

Priority 2 – 0:02 second decrease

Priority 3 – 1:13 minute decrease

ARRESTS – 16% increase (2,297 individuals)

Adult – 14% increase (2,139 individuals)

Juvenile – 56% increase (158 individuals)

Arrest Charges – 18% increase (3,014)

TRAFFIC ENFORCEMENT – 20% increase (9,387)

TRAFFIC ACCIDENTS

Most accidents – Day of Week: Friday; Hours of Day: 3pm-7pm

Highest Intersection – Centreville Rd/Liberia Ave

Cause Factor – did not have right of way

MOTOR CARRIER SAFETY

Total Inspections – 171% increase (92)

Violations – 152% increase (73)

PARKING CITATIONS – 10% decrease (6,320)

ANIMAL CONTROL

Complaints - 14% increase (1,818)

Officer Initiated Calls – 140% increase (1,591)

CRIME AND INCIDENT ANALYSIS: 2012 Crime Rate

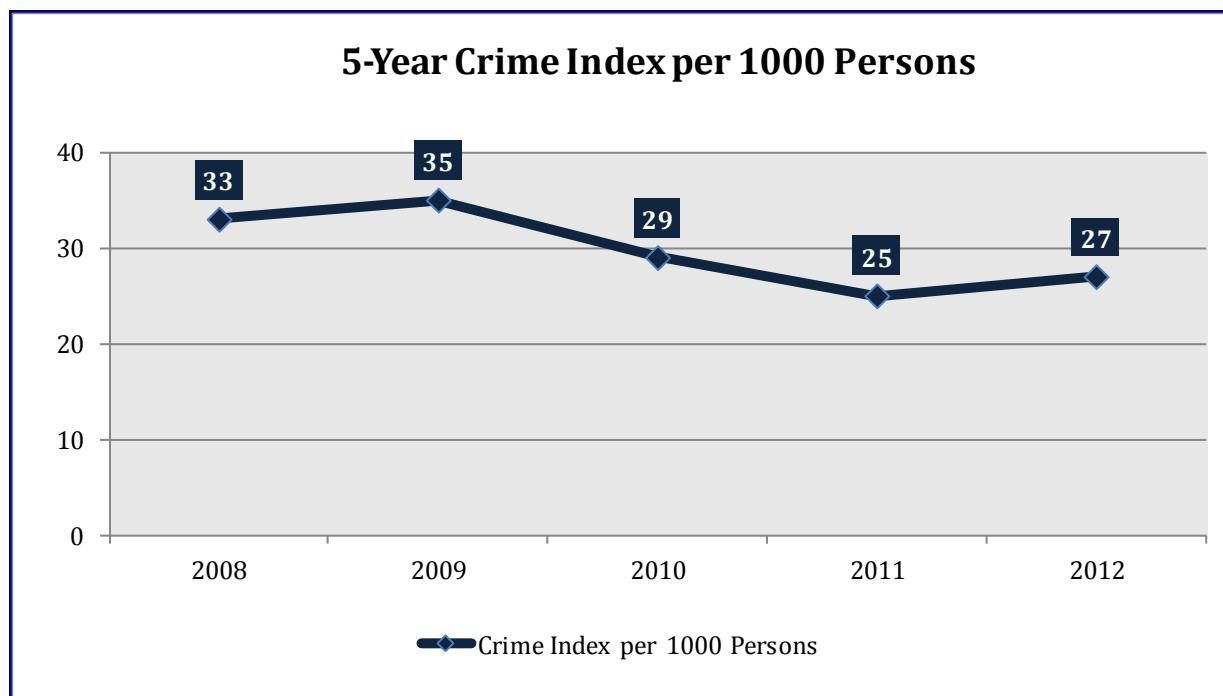

The crime index is a ratio of the number of reported Part 1 offenses compared to the estimated population in a jurisdiction for the year. It makes it possible to compare crime across jurisdictions.

Part 1 offense categories that are used to calculate the crime rate are person crimes (homicide, rape, robbery, aggravated assault) and property crimes (burglary, larceny, and motor vehicle theft).

The crime rate in Manassas City for 2012 was **27 crimes per 1,000 persons**, or 3 person crimes per 1,000 persons and 24 property crimes per 1,000 persons. These rates are slightly lower than national crime rates reported by the FBI for 2011 (4 person crimes and 29 property crimes per 1,000 persons) and higher than the rate reported in the neighboring Prince William County in 2011 (17.5 crimes per 1,000).

Although the population in Manassas has been steadily increasing, the crime index has been at its lowest in recent years compared to the last decade. Between 2003-2009, the crime rate was between 33-37 crimes per 1,000 persons.

¹Source: Weldon Cooper Center for Public Service at www.coopercenter.org.

CRIME AND INCIDENT ANALYSIS

This table shows every crime or concern for which the police took a report in 2012. The total number of serious and violent crime reports (part 1 offenses) increased by 8%; however the increase is due to a spike in larcenies. Larceny from vehicle cases increased 57% (+77 cases in 2012 than in 2011) and larceny from buildings/establishments increased 31% (+48 cases in 2012 than in 2011).

The number of overall incidents reported to the police also increased in 2012 compared to 2011; officers took 384 more reports. Frequently, these reports were for found property, to report suspicious activity, for assaults, vandalisms, fraud, vehicle hit-and-runs, possession of drugs, and runaway juveniles.

**SERIOUS AND VIOLENT
CRIME INCREASED BY 8%
IN 2012.**

**OVERALL INCIDENTS
REPORTED TO POLICE
INCREASED BY 9% IN 2012.**

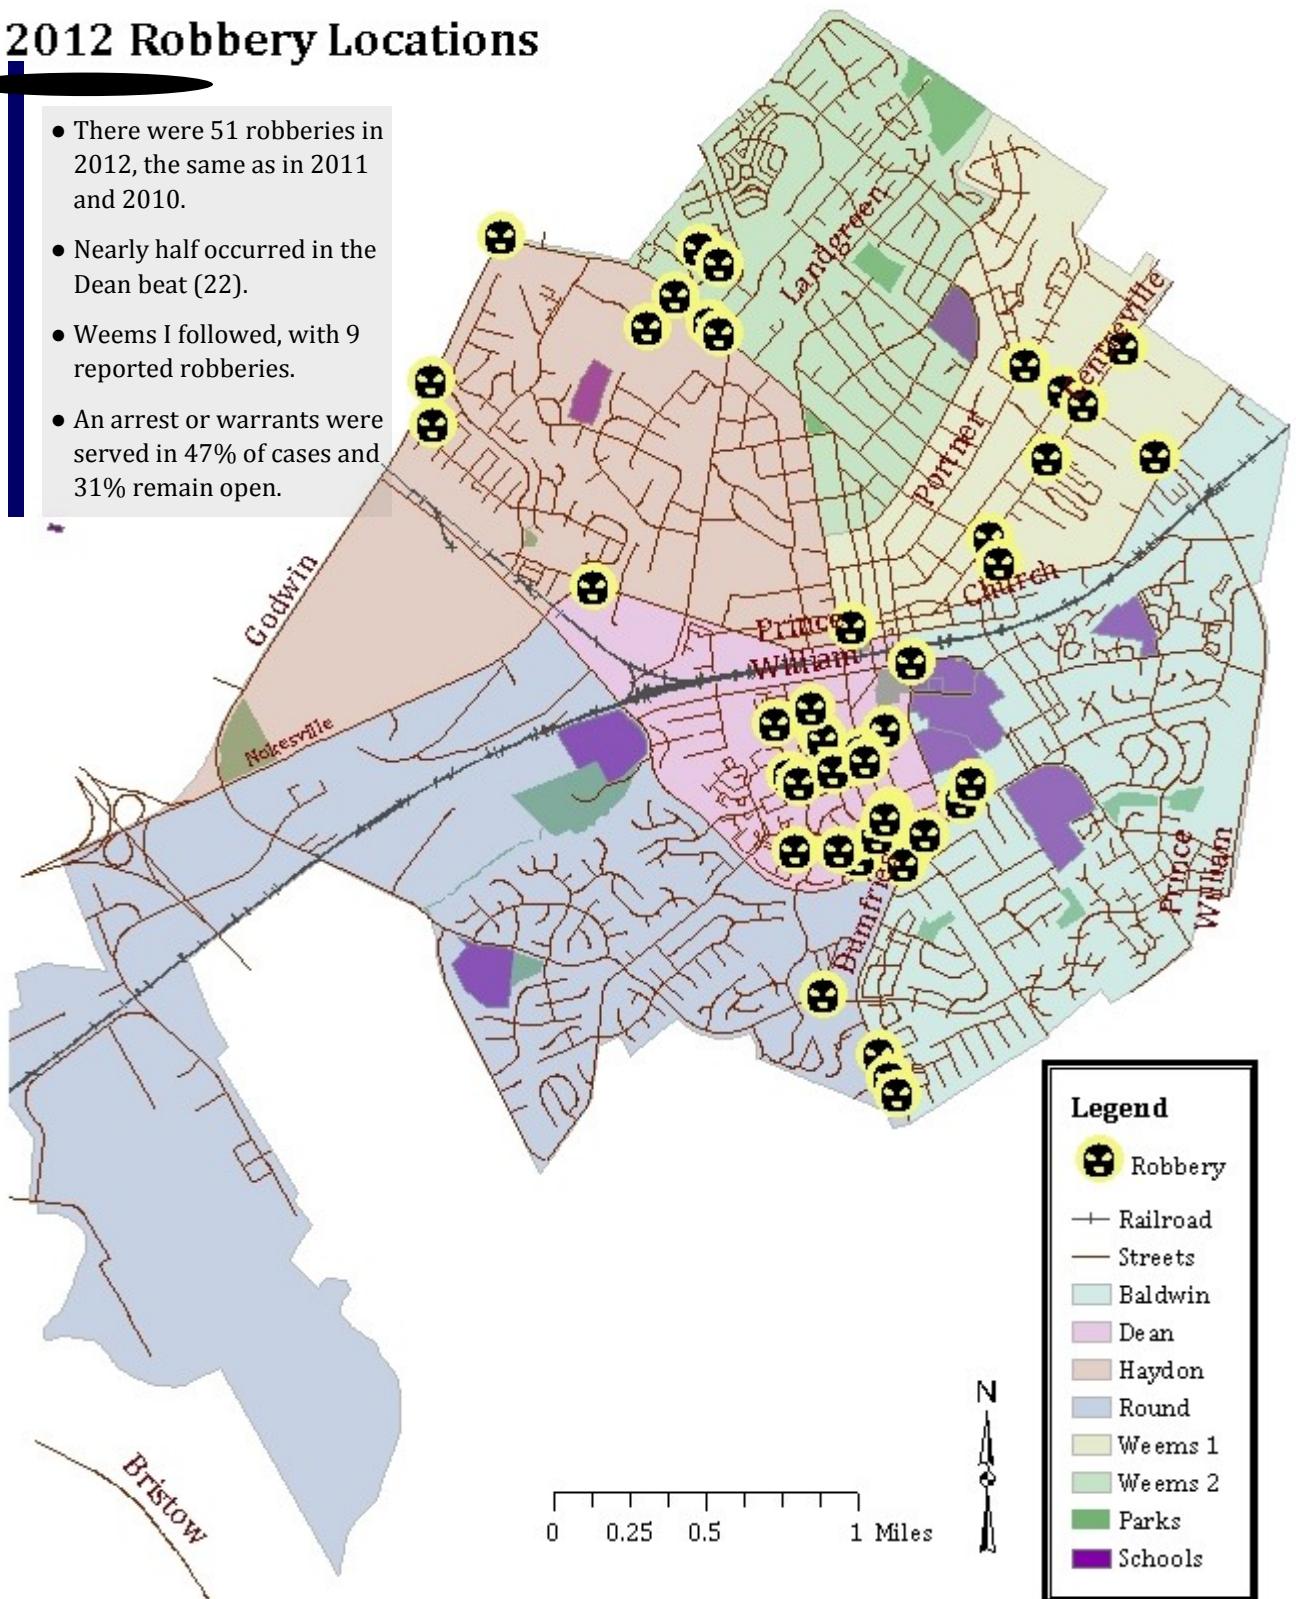

SERIOUS AND VIOLENT CRIME	2008	2009	2010	2011	2012	Amt of Change 11-12	Rate of Change 11-12
<i>Crimes Against Person</i>							
Murder / Non- Negligent Manslaughter	4	2	1	4	3	-1	-25%
Negligent Manslaughter	0	0	0	0	0	0	NC
Forcible Rape	19	17	16	22	15	-7	-32%
Robbery	50	56	51	51	51	0	0%
Aggravated Assault	59	82	50	46	54	8	17%

Auto Theft	92	99	77	69	58	-11	-16%
Part I Offenses	1,219	1,248	1,102	995	1,075	80	8%
5 - YEAR AVERAGE OF PART I OFFENSES:							1,128
Simple Assault	280	251	514	276	310	34	12%
Domestic Violence	247	271	287	350	259	-91	-26%
Other IBR Offenses	2,618	2,889	2,424	2,860	3,220	360	13%
TOTAL OFFENSES	4,364	4,659	4,327	4,481	4,864	383	9%
5 - YEAR AVERAGE OF OFFENSES EXCLUDING PART I OFFENSES:							3,411

Use caution when interpreting percentage changes. When dealing with small numbers, remember that small number changes cause large percentage changes.

CRIME AND INCIDENT ANALYSIS: OFFENSE LOCATIONS

2012 Robbery Locations

- There were 51 robberies in 2012, the same as in 2011 and 2010.
- Nearly half occurred in the Dean beat (22).
- Weems I followed, with 9 reported robberies.
- An arrest or warrants were served in 47% of cases and 31% remain open.

*This report consists of information retrieved from RMS / incidents data.

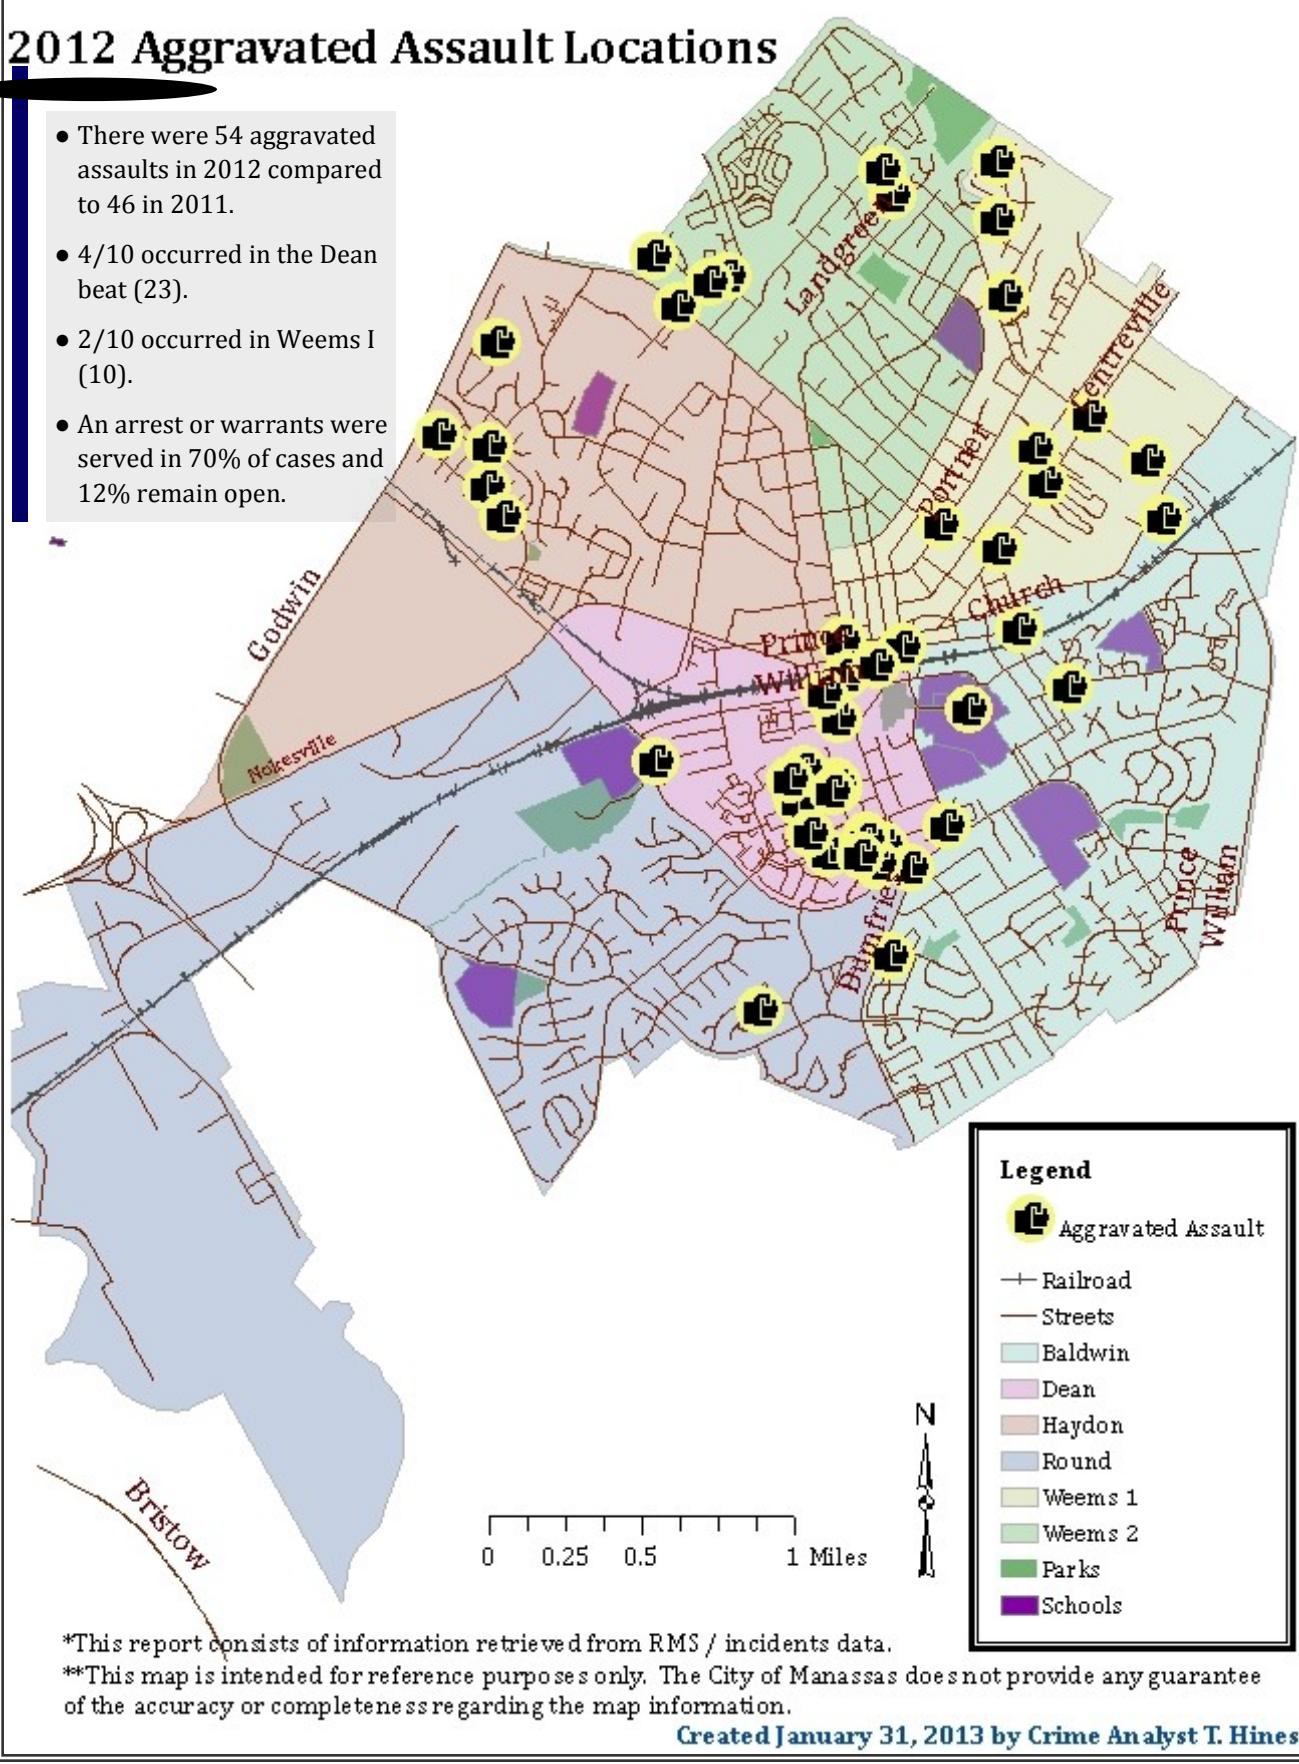

**This map is intended for reference purposes only. The City of Manassas does not provide any guarantee of the accuracy or completeness regarding the map information.

Created January 31, 2013 by Crime Analyst T. Hines.

CRIME AND INCIDENT ANALYSIS: OFFENSE LOCATIONS

2012 Aggravated Assault Locations

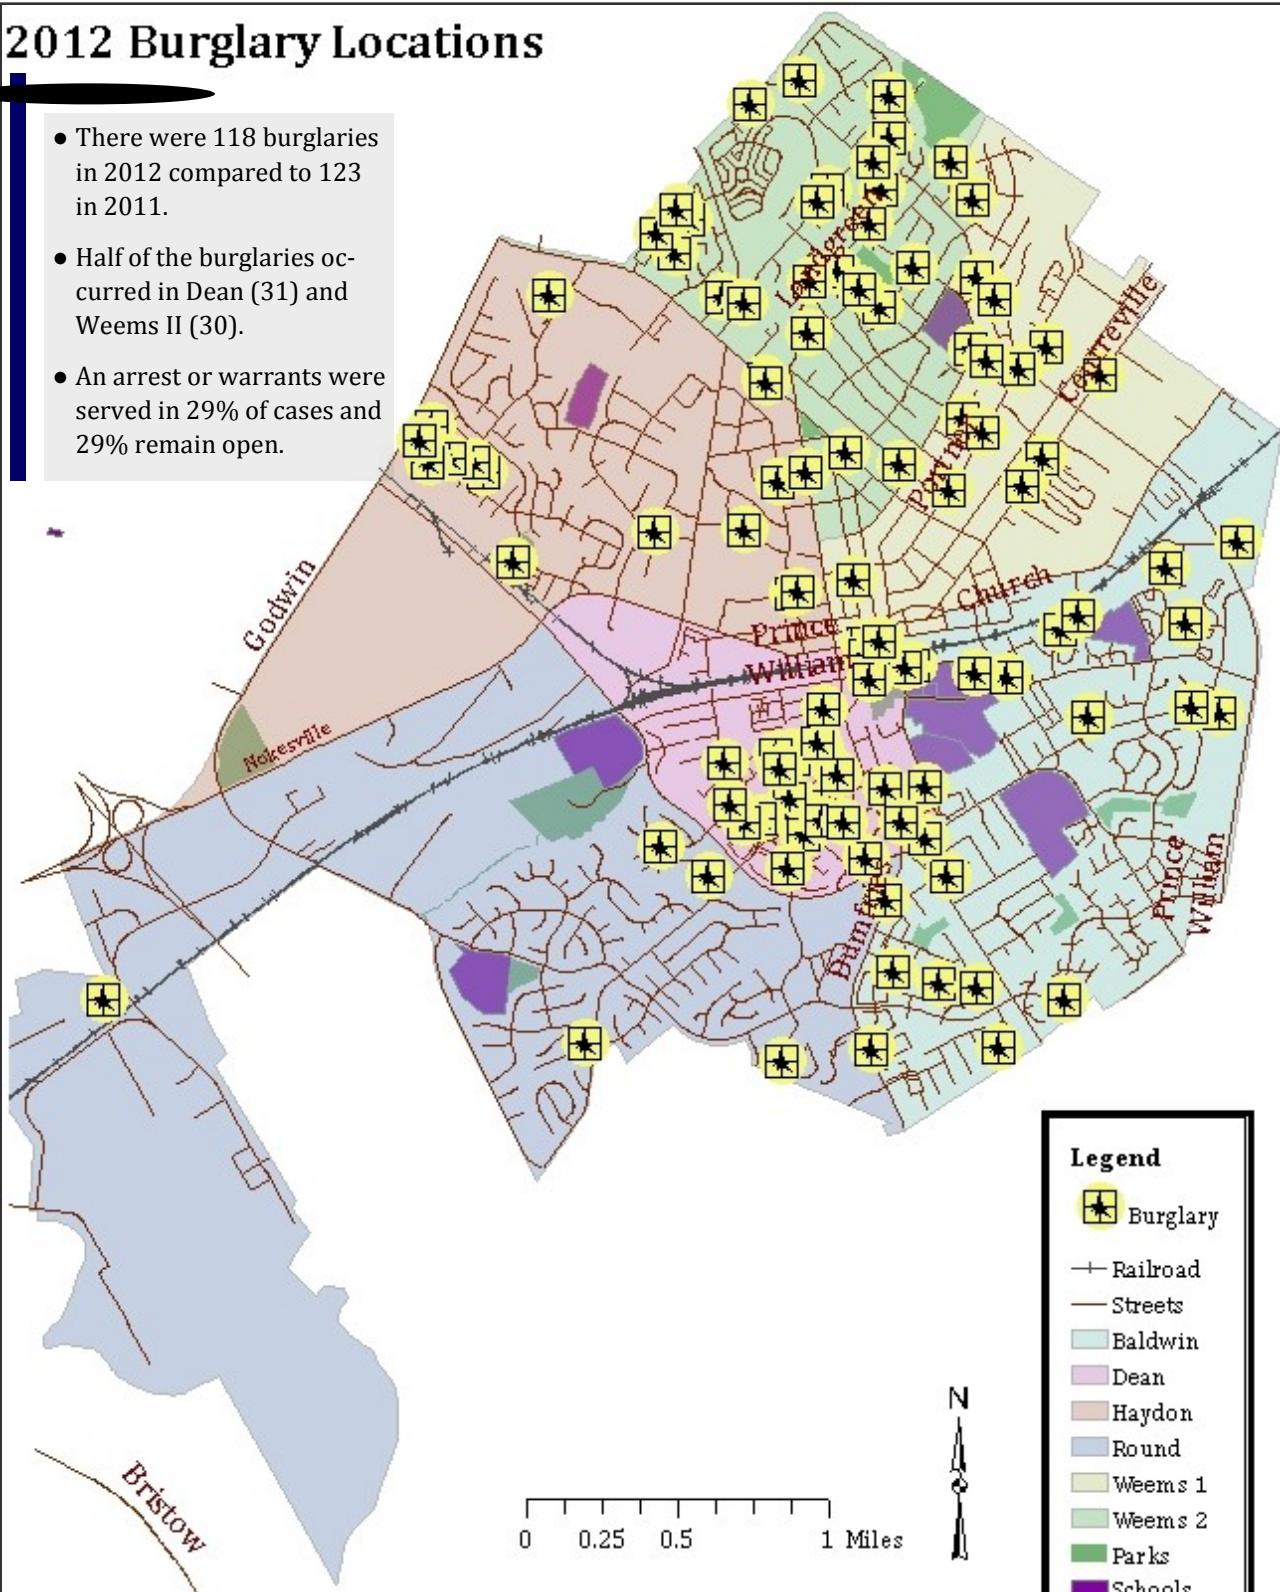

- There were 54 aggravated assaults in 2012 compared to 46 in 2011.
- 4/10 occurred in the Dean beat (23).
- 2/10 occurred in Weems I (10).
- An arrest or warrants were served in 70% of cases and 12% remain open.

CRIME AND INCIDENT ANALYSIS: OFFENSE LOCATIONS

2012 Burglary Locations

- There were 118 burglaries in 2012 compared to 123 in 2011.
- Half of the burglaries occurred in Dean (31) and Weems II (30).
- An arrest or warrants were served in 29% of cases and 29% remain open.

*This report consists of information retrieved from RMS / incidents data.

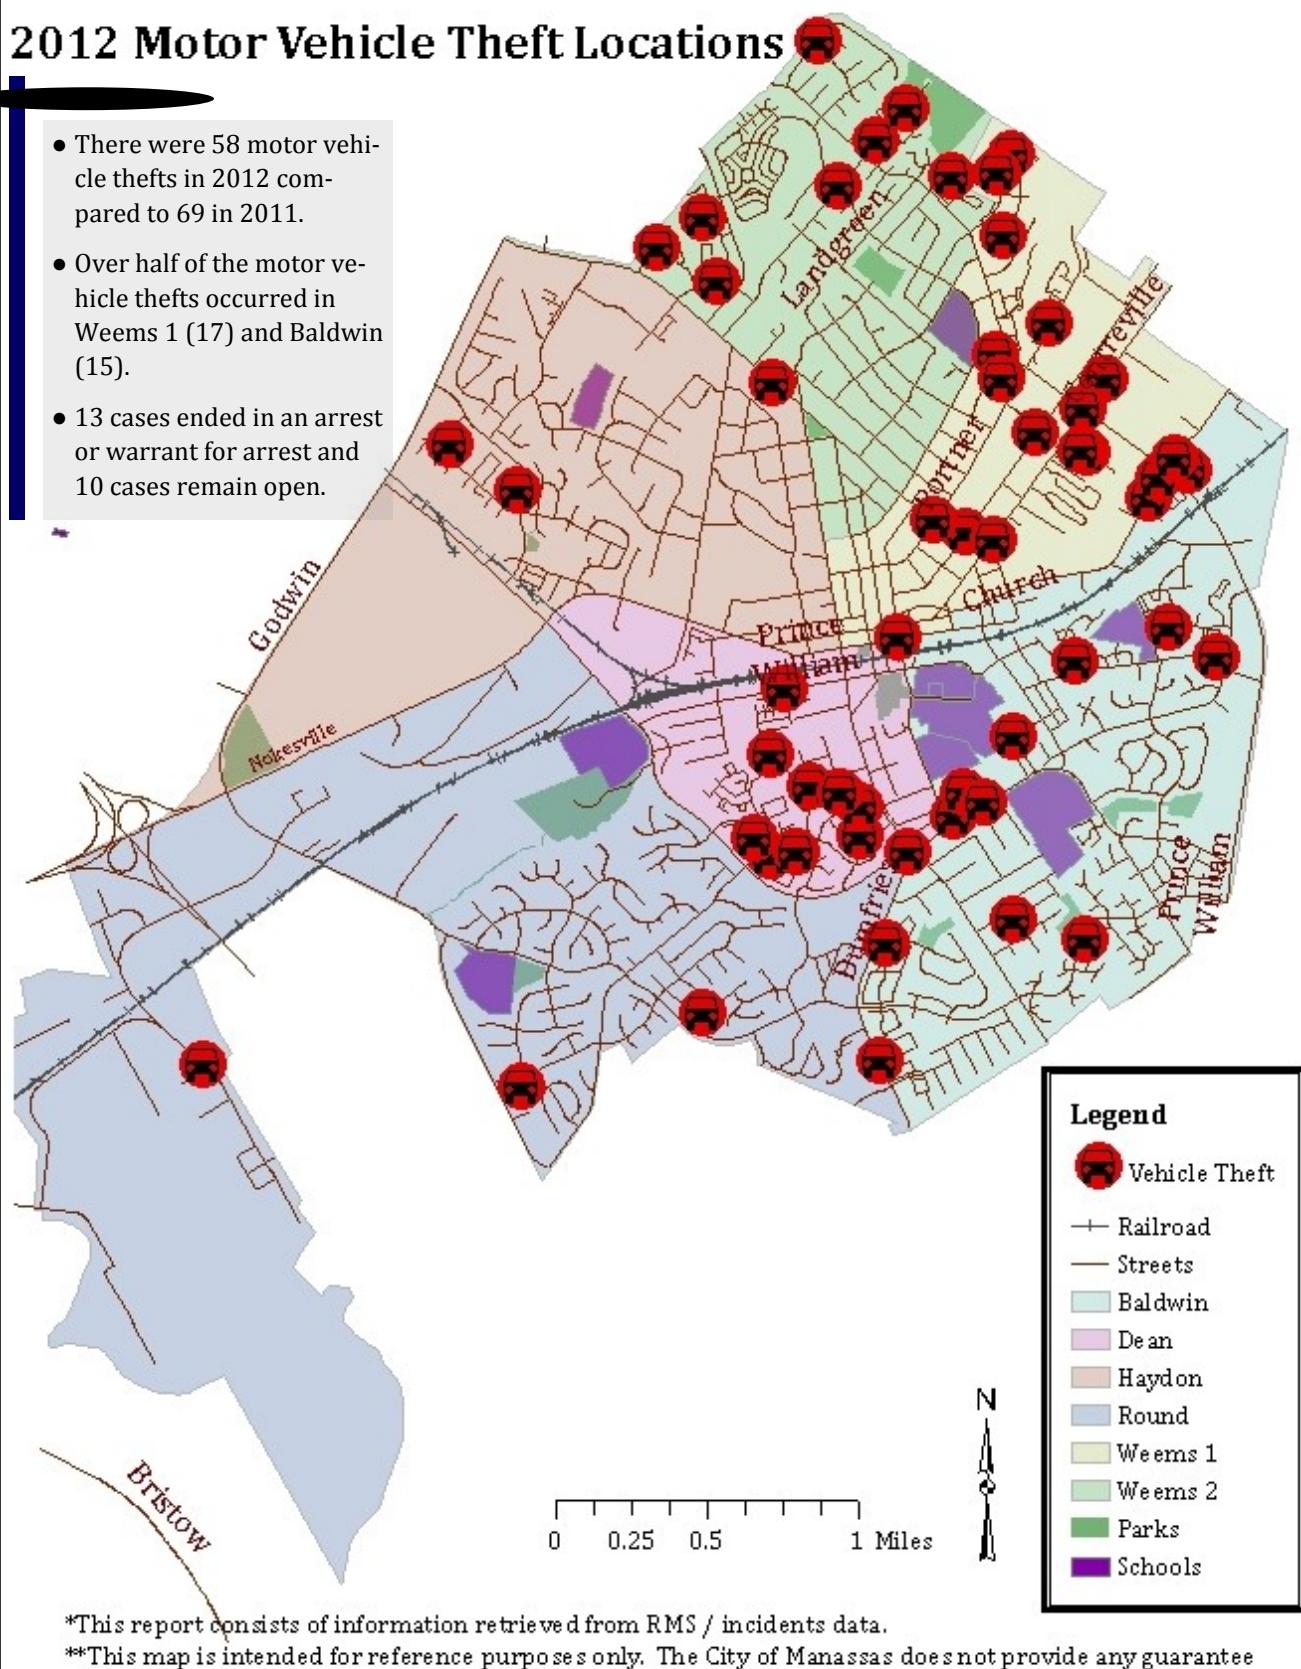

**This map is intended for reference purposes only. The City of Manassas does not provide any guarantee of the accuracy or completeness regarding the map information.

Created January 31, 2013 by Crime Analyst T. Hines

CRIME AND INCIDENT ANALYSIS: OFFENSE LOCATIONS

2012 Motor Vehicle Theft Locations

- There were 58 motor vehicle thefts in 2012 compared to 69 in 2011.
- Over half of the motor vehicle thefts occurred in Weems 1 (17) and Baldwin (15).
- 13 cases ended in an arrest or warrant for arrest and 10 cases remain open.

Created January 31, 2013 by Crime Analyst T. Hines.

OFFENSES

2012 Larceny from Vehicle Locations

- There were 212 larcenies from vehicles in 2012 compared to 135 in 2011.
- Most of the cases were reported in Weems II (59) or the Wellington area of the Round and Dean beats (27 cases in each beat).
- 7.5% of cases ended in an arrest or warrant for arrest and 15% of cases remain open.
- Over 75% of cases were inactivated because of no leads.

*This report consists of information retrieved from RMS / Incident data.

**This map is intended for reference purposes only. The City of Manassas does not provide any guarantee of the accuracy or completeness regarding the map information.

Created January 31, 2013 by Crime Analyst T. Hines.

Select Quality of Life Offenses

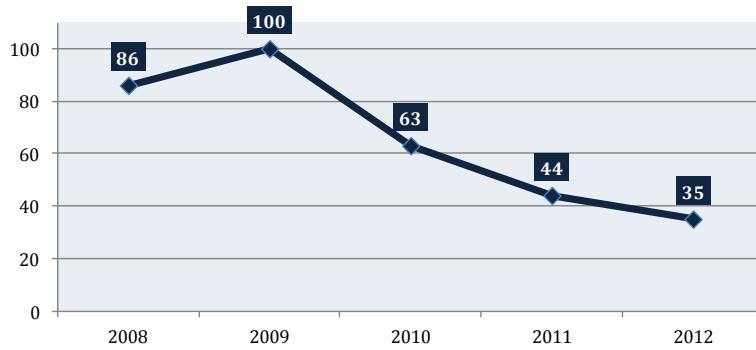

Domestic Violence (violent and verbal)

In 2012, **14% of all reports** of crime and disorder were for domestic disputes, both violent and verbal in nature. This is an 11% reduction over the figures in 2011 but the second highest count for the previous five years.

It is a common problem in which officers are asked to intervene and it is one of the more common reasons adults *and juveniles* are arrested (See page 21).

	2008	2009	2010	2011	2012	Amt of Change 11-12	Rate of Change 11-12
Domestic Reports - Violent	247	271	287	350	269	-81	-23%
Domestic Reports - Non-Violent	358	350	376	433	428	-5	-1%
Total Domestic Reports	605	621	663	783	697	-86	-11%
Domestic Violence Arrests	126	139	145	178	133	-45	-25%
Percentage of Violent Domestic Reports that resulted in an Arrest	51%	51%	51%	51%	49%		

5 Year Comparison of Graffiti Reports

Graffiti

There are two main categories of graffiti artists. Some are taggers and consider their graffiti artwork and others are associated with gangs and use graffiti to mark their territory.

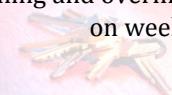

In Manassas, the number of graffiti reports has significantly declined over the past four years due in part to the City's aggressive and timely removal procedures.

In 2012, there were 35 reports of graffiti, 4 out of 5 of which were deemed to be taggers, or general graffiti. There were 7 cases that were associated with suspected gang activity.

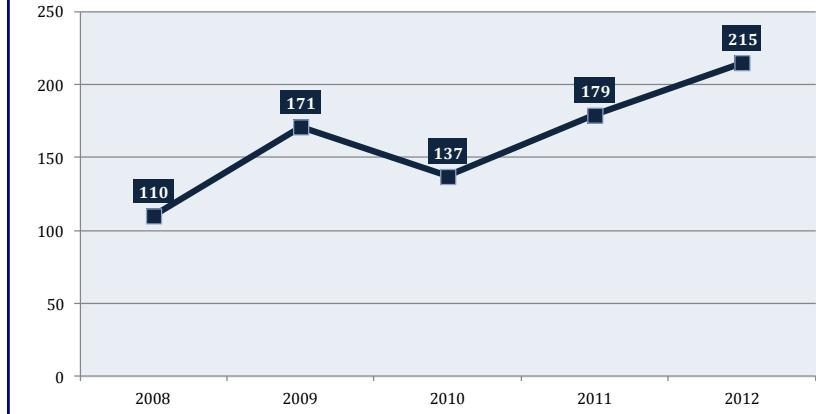

Driving Under the Influence of Alcohol

There were more DUI arrests in 2012 than in any of the previous five years, a growing trend since 2010.

Most of the DUI arrests in 2012 were made in the evening and overnight hours, and on weekends.

5 - Year Comparison of DUI Arrests

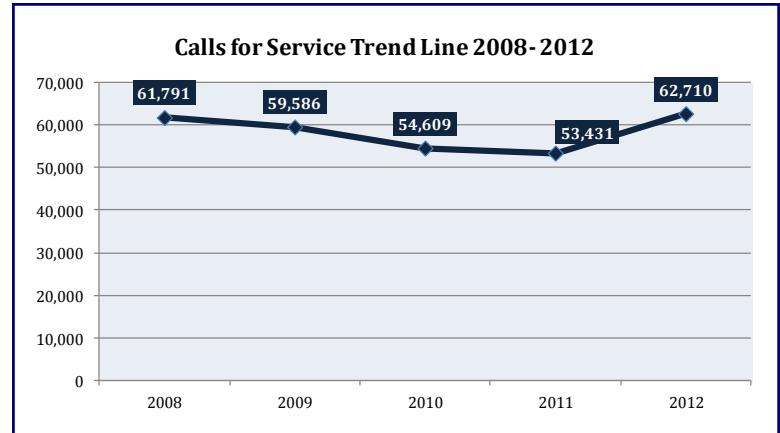

CALLS FOR SERVICE

The total number of calls for service increased 17% in 2012 from 53,431 in 2011 to 62,710. However, the increase is a result of increased officer initiated activity rather than citizen calls for service. In fact, there were almost 1,000 fewer citizen calls for assistance in 2012 than in 2011 (actual number: 963). As seen from the 5-year trend line from 2008 to 2012, the number of calls for service in 2012 is the highest out of the five year time period.

- ◆ The average number of calls for service per year for the five year period 58,425.
- ◆ The calls for service projection for 2013 is between 54,000 and 63,000 based on year totals since 2000.

Officer-initiated activity is essentially taking proactive steps to prevent or interrupt crime and disorder. This is accomplished in a variety of ways:

- ◆ Traffic stops
- ◆ Patrols throughout the community
- ◆ Business checks
- ◆ Engaging community members

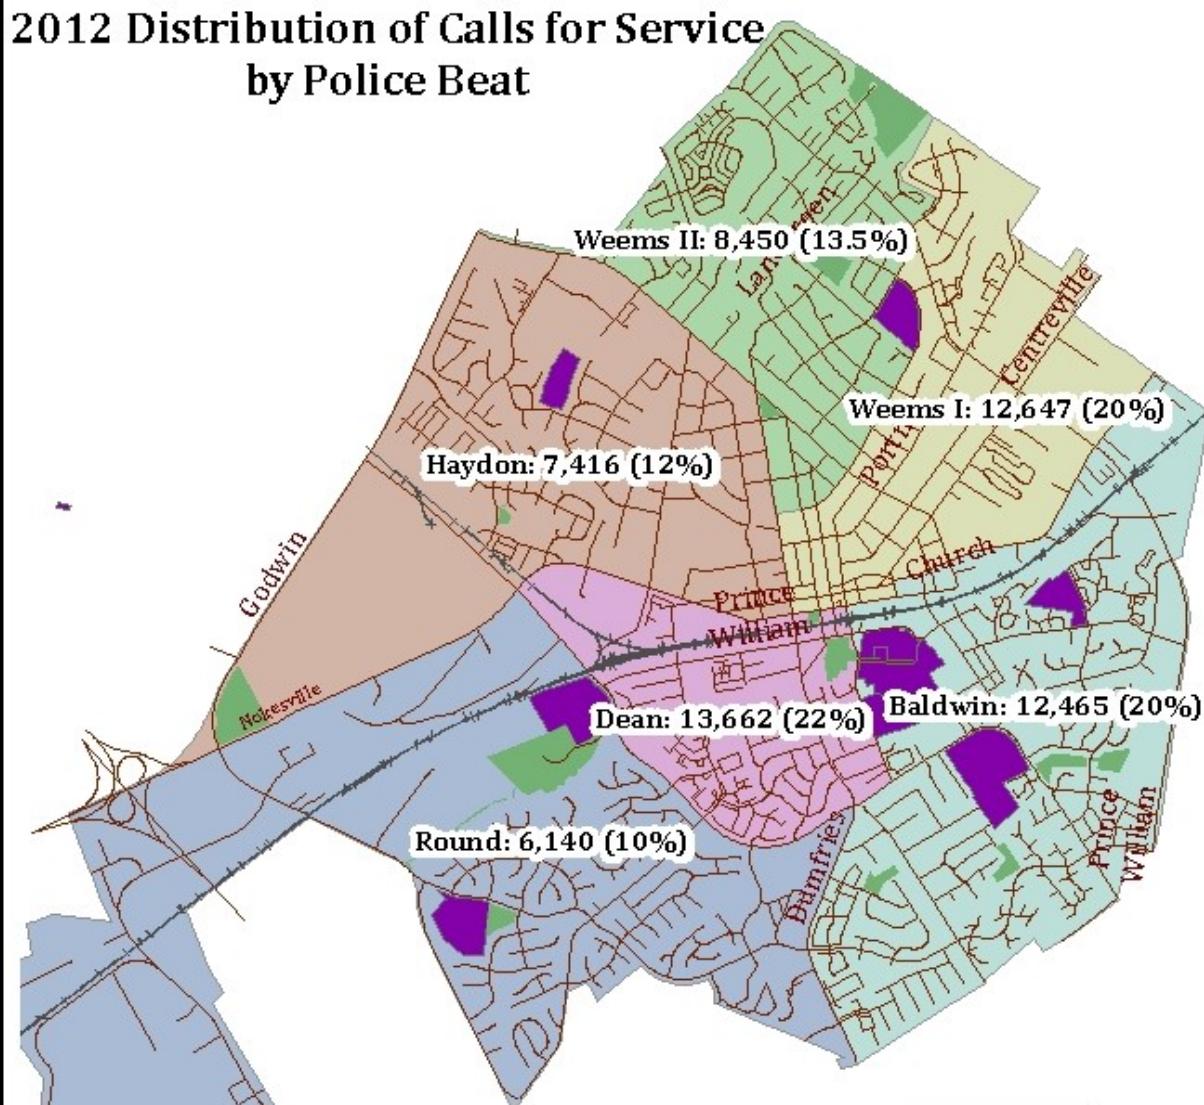

- ◆ Officer initiated calls increased 30% in 2012 compared to 2011 (+10,242 calls).
- ◆ The 5-year average of officer-initiated calls is 36,588.

2012 Calls for Service

CALLS FOR SERVICE: beat distribution

In addition to the number of calls for service noted above, officers also responded to calls outside of the city assisting other jurisdictions. This accounted for 1,930 calls.

*This report consists of information retrieved from CAD / Calls for Service data.

**This map is intended for reference purposes only. The City of Manassas does not provide any guarantee of the accuracy or completeness regarding the map information.

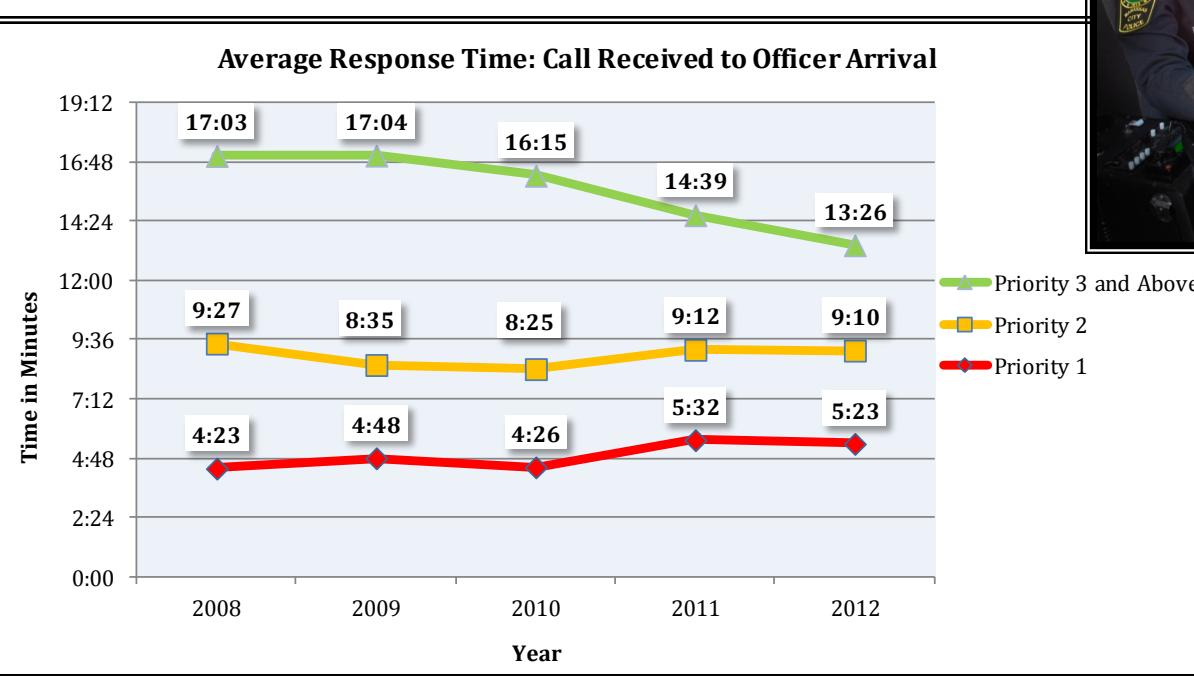

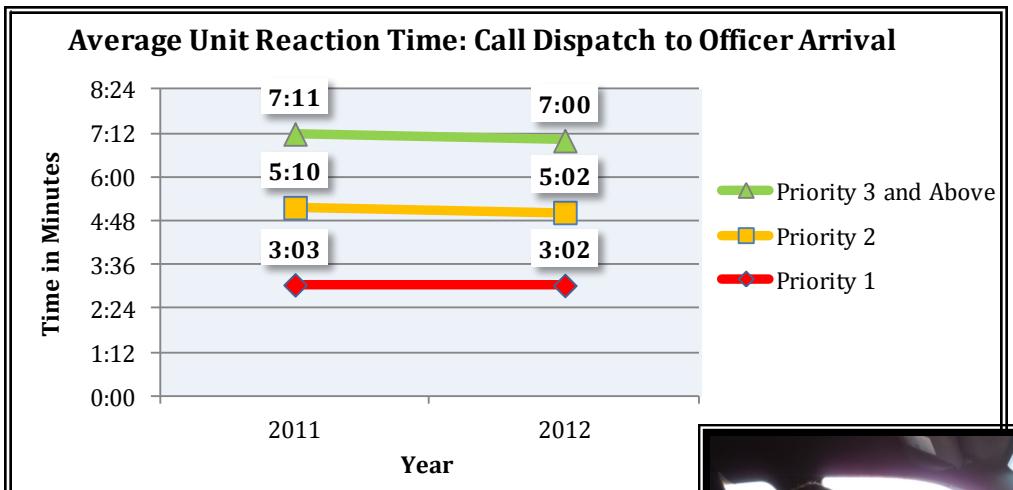

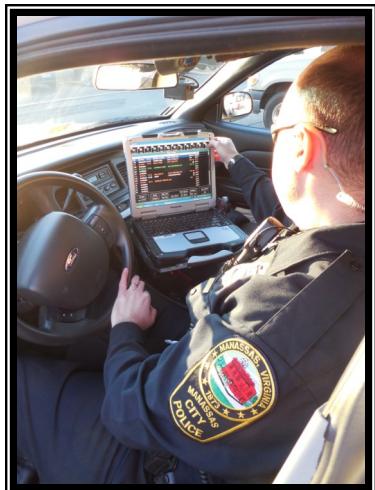

Created January 31, 2013 by Crime Analyst T. Hines.

RESPONSE TIMES

There are two measures of response time reported here. The first is the average amount of time it takes an officer to arrive on scene once he or she has been dispatched. This is referred to as "Unit Reaction Time."

The second measure of response time is the amount of time it takes emergency communication specialists to execute the call, dispatch patrol officer(s) and for the patrol officer(s) to arrive on scene.

Across the board, response times and unit reaction times decreased in 2012 compared to 2011, from a few seconds to over a minute. The goal identified in the Strategic Plan is for an average Unit Reaction Time for Priority 1 / Emergency calls to be 3 minutes or less and this year the average was 3:02.

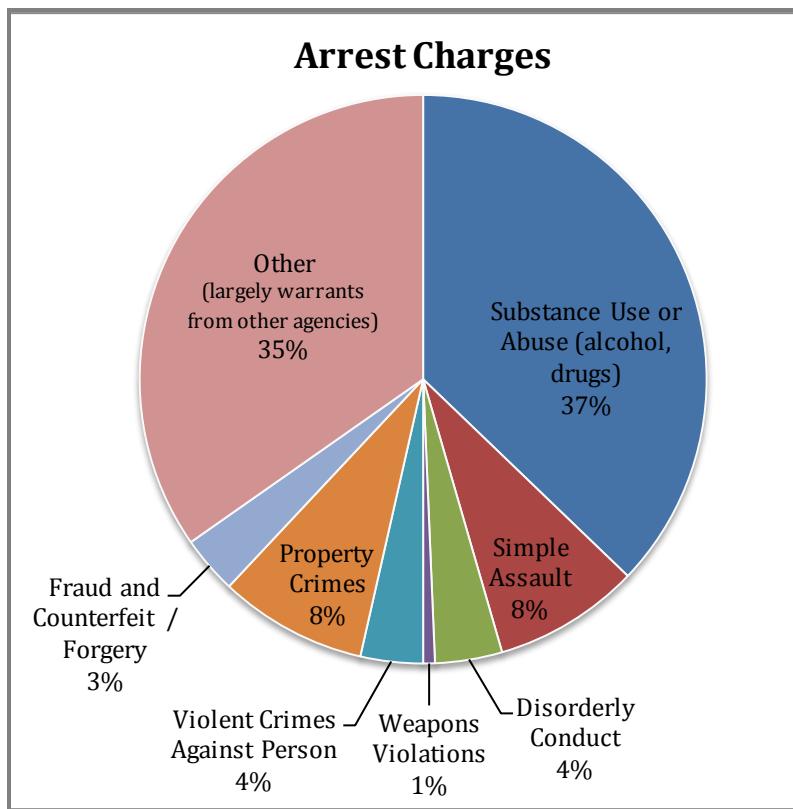

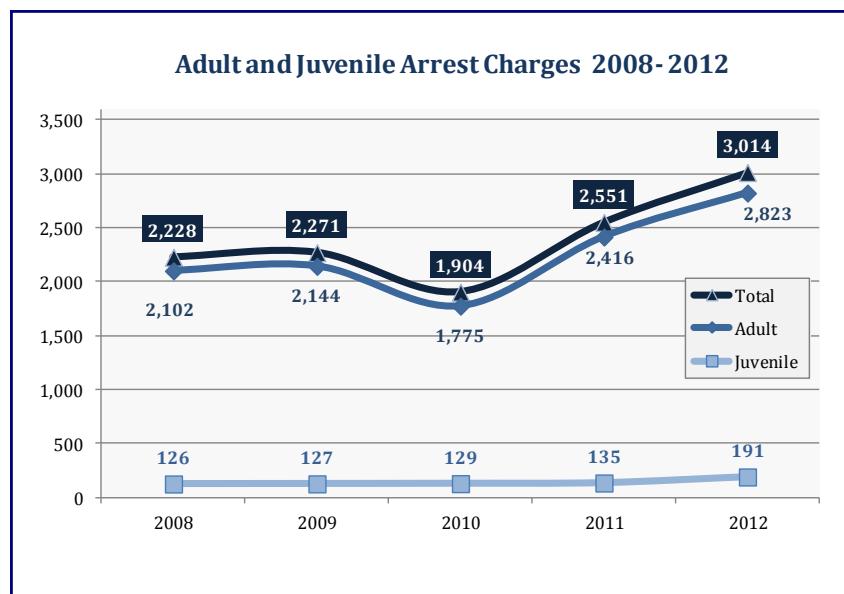

* Note: 2011 and 2012 figures are based on phone calls from citizens. In previous years, it is possible that all calls for service were used to calculate these averages.

ARREST CHARGES

This year, nearly 2,300 people were arrested for slightly more than 3,000 charges.* Juvenile arrests increased 56% over 2011 while adult arrests increased 14%. The most common charges for juvenile arrestees were alcohol, tobacco, or drug related charges, or for domestic assaults or for warrants from other agencies. The most common arrest charges for adults were for similar violations related to alcohol and drugs, assaults, and warrants served from other agencies.

The numbers of arrested people and arrest charges for 2012 are considerably higher than in recent years (see the 5-year chart below), but are similar to the early 2000s.

*Actual figures: 2,297 people arrested for 3,014 charges.

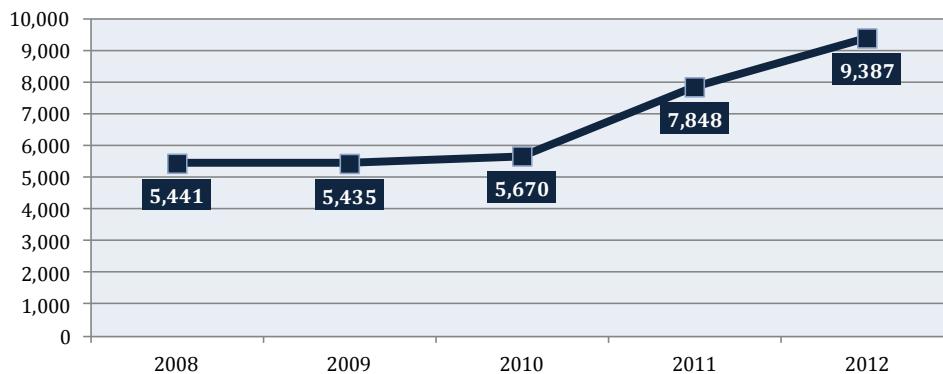

TRAFFIC AND ACCIDENT ANALYSIS: Traffic Citations

As part of the greater Washington D.C. Metro region, traffic concerns are a top priority for Manassas residents, employees and commuters. The Traffic Services Unit augments the Patrol Services Division in conducting traffic enforcement and responding to reports of traffic accidents in an effort to ensure the City's roads are safe and passable.

In 2012, 20% more traffic citations were issued than in 2011, with the largest increase in speeding citations. The "other" category consists largely of non-moving violations such as expired registrations and safety inspections, and illegal tint on windows. Traffic citations issued have increased 73% in five years.

	2008	2009	2010	2011	2012	Amt of Change 11-12	Rate of Change 11-12
Speeding	1,080	1,010	1,237	1,031	1,979	948	92%
Reckless Driving	345	229	182	233	293	60	26%
Suspended O/L	374	434	410	994	527	-467	-47%
Disregard Stop Sign	195	232	346	1,357	880	-477	-35%
Disregard Traffic Signal	181	222	266	299	322	23	8%
Other Traffic	3,266	3,308	3,229	3,934	5,386	1,452	37%
Total Traffic	5,441	5,435	5,670	7,848	9,387	1,539	20%

5 - Year Comparison of Traffic Citations

The Traffic Services Unit consists of four officers and one supervisor. They patrol the City, conduct traffic enforcement, and respond to vehicle accidents on motorcycles, rain or shine.

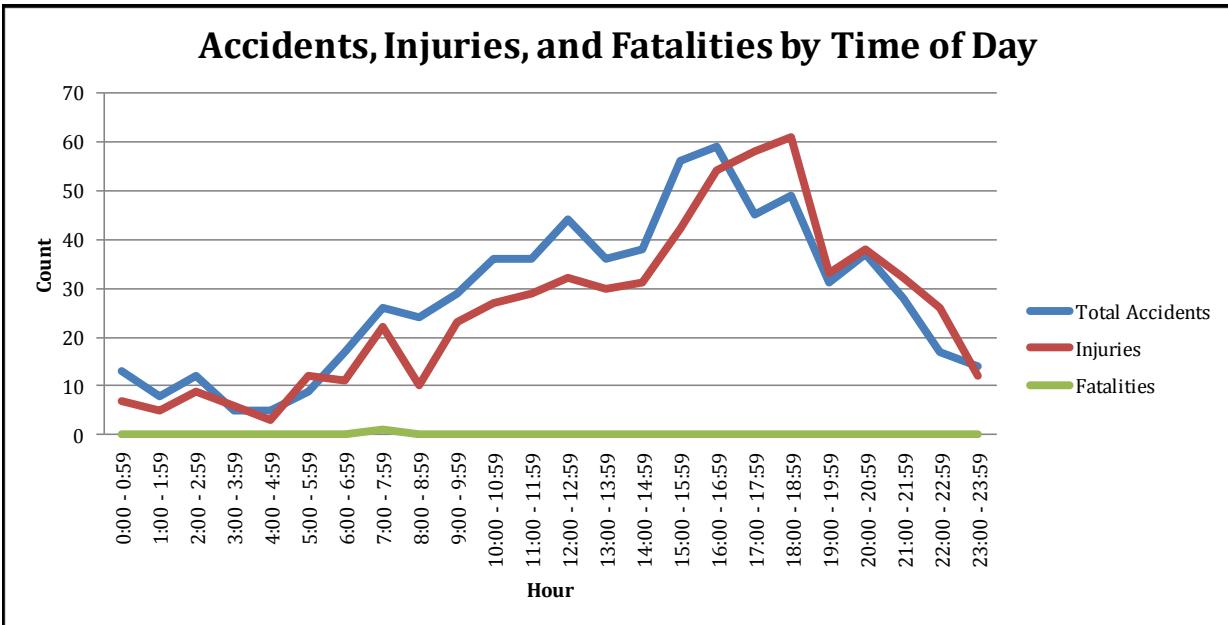

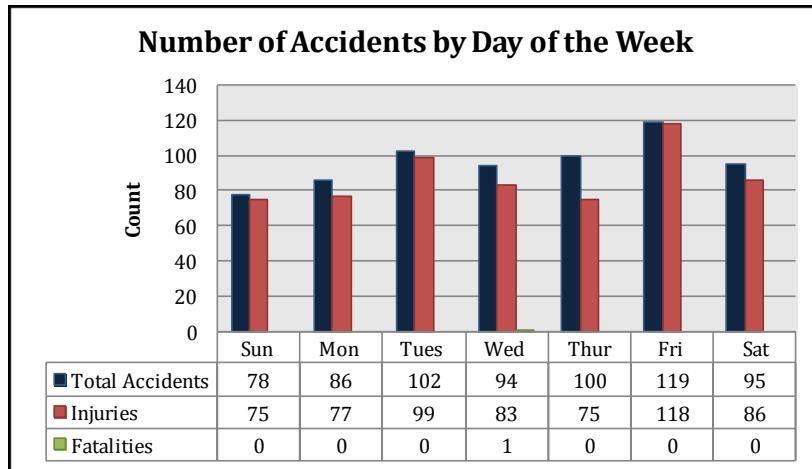

The Traffic Services Unit conducts inspections of motor carriers and reports violations as appropriate. In 2012, 92 inspections resulted in 73 equipment/safety and operator violations and 2 vehicles were placed out of service. There were 58 units with no violations.

	Total Inspections	Units With Violations	Equipment / Safety Violations	Operator Violations	Units Without Violations	Units Placed Out of Service
2008	129	39	39	4	90	2
2009	72	27	38	3	45	1
2010	67	35	41	2	32	0
2011	34	23	27	2	11	0
2012	92	32	69	4	58	2

TRAFFIC AND ACCIDENT ANALYSIS: Accident Days and Times

Traffic accidents reported here are those that incurred more than \$1,500 in personal or property damages and the responding officer took a report. Here are a few facts about traffic accident trends in Manassas:

- ◆ There were 674 reported accidents in 2012 which is consistent with the steady trend over the past five years.
- ◆ There were 613 reported injuries, 80% of which were minor, and there was 1 fatality in 2012.
- ◆ Sunday is consistently the day with the least number of accidents, although there were 36% more accidents on Sunday in 2012 than in 2011 (78 and 51, respectively). Tuesday and Friday have historically been the days with most accidents; this year the trend continued with 102 on Tuesday and 119 on Friday.
- ◆ Most accidents occurred during the evening rush hour, between 3pm and 7pm. In previous years, the time segment with the most accidents was slightly earlier, between 2PM and 4PM. There was one traffic fatality in 2012 and that accident occurred between 7AM and 8AM.

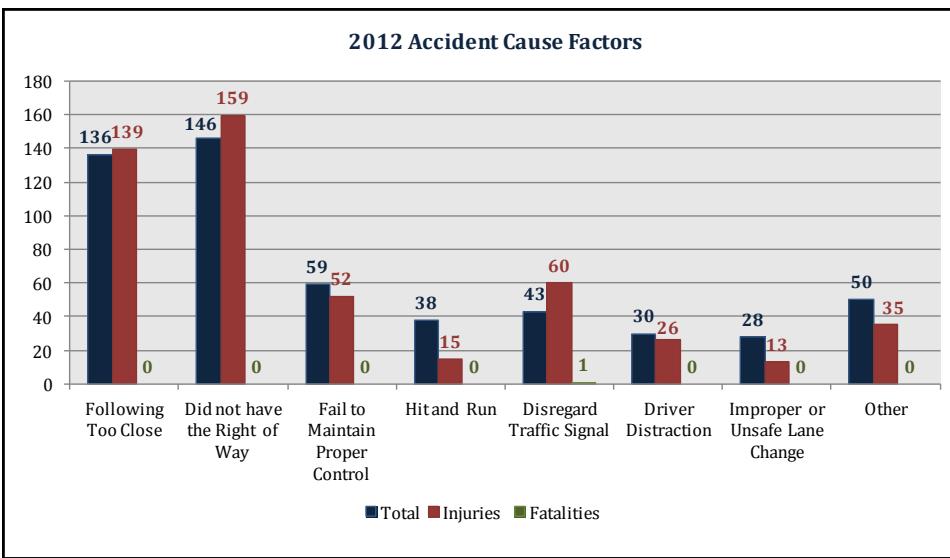

TRAFFIC AND ACCIDENT ANALYSIS: Accident Locations and Causes

The intersections of Liberia Avenue/Centreville Road and Liberia Avenue/Euclid Avenue continue to be the intersections with the most accidents in 2012 as in the two years previous.

The 2012 traffic fatality also occurred at an intersection, at Godwin Drive and University Boulevard, the site of only 3 other accidents for the year.

2012 ACCIDENTS BY LOCATION (INTERSECTION)			
Location	Total	Injuries	Fatalities
Liberia Ave, Centreville Rd	29	42	0
Liberia Ave, Euclid Ave	21	32	0
Liberia Ave, Signal Hill Rd	13	6	0
Nokesville Rd, Godwin Dr	13	12	0
Centreville Rd, Kincheloe Dr	10	12	0
Liberia Ave, Mathis Ave	10	7	0
Sudley Rd, Grant Ave	10	12	0
Liberia Ave, Prince William Pkwy	9	11	0
Sudley Rd, Digges Rd	9	15	0
Ashton Ave, Godwin Dr	8	12	0
Church St, Grant Ave	8	13	0
Grant Ave, Prince William St	8	9	0
TOTAL	148	183	0

- ◆ The majority of accidents in Manassas City are caused by drivers following too closely and by drivers who do not have the right-of-way, which is consistent with previous years' accidents (42%).
- ◆ In 2012, the most common cause of accidents was drivers who did not have the right-of-way, which resulted in 146 accidents and 159 injured persons. One hundred thirty-six accidents were caused by drivers following too closely, with 139 injured persons.

PARKING ENFORCEMENT

As the population in Manassas has become more dense, space for parking has increasingly became a concern. There are four parking enforcement officers who augment Patrol Services Division in enforcing City parking codes.

There were 10% fewer parking citations issued in 2012 than in 2011, most notably in Overtime Parking with a 55% reduction. Yellow Curb violations increased 18% over 2011.

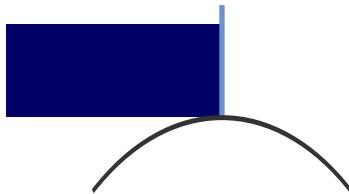

Type of Ticket	2008	2009	2010	2011	2012	Amt of Change 11-12	Rate of Change 11-12
No Parking	888	1,107	1,084	1,111	1,201	90	8%
Overtime Parking	1,233	1,028	1,002	1,101	498	-603	-55%
Yellow Curb	196	282	335	405	476	71	18%
No Current State License	1,027	1,337	1,317	1,200	1,117	-83	-7%
Other Parking	3,455	3,267	2,057	3,169	3,028	-141	-4%
Total	6,799	7,021	5,795	6,986	6,320	-666	-10%

*The majority of tickets in the "Other" category are GTS Parking Permit Violations (1,190 total).

ANIMAL CONTROL

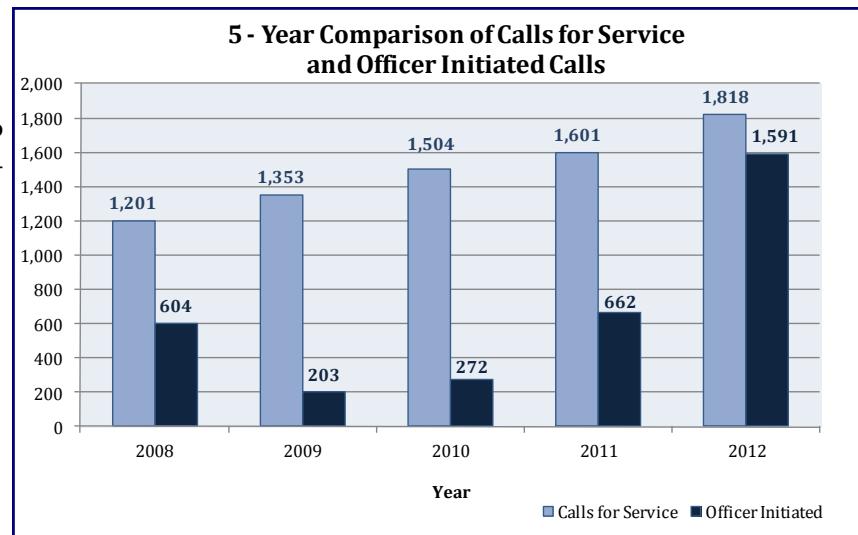

The Animal Control Unit consists of two animal control officers and one supervisor, in addition to the Manassas Animal Adoption Center staff. This unit responds to and investigates reports of animal abuse, neglect, nuisance animals, dangerous animals, animal bites and wildlife concerns. They issue dog licenses year round, track lost and found pets, and enforce City ordinances and State laws.

Over the past five years, the number of animal complaints has steadily increased to nearly 2,000 calls in 2012 (actual: 1,818). The most common complaint from citizens is dogs running loose.

When animal control officers are not responding to calls, they follow up and check the welfare of animals involved in their cases or assist patrol officers on their calls for service. The officer initiated activity has increased over the past 4 years; 140% in 2012 over 2011.

Immigration and Customs Enforcement 287(g) Program

In 2012, Immigration and Customs Enforcement did not renew agreements with any state and local law enforcement agency that allowed them to enforce federal immigration laws. Instead, they have placed more emphasis on their "Secure Communities" program.

Through Secure Communities, the fingerprints of all persons arrested and subsequently processed by our Regional Detention Center, are forwarded through the FBI to the Department of Homeland Security. The prints are then compared to those in the Immigrations database, and if that comparison reveals that an enforcement action has been initiated, or is pending against a person, ICE will follow up with removal proceedings.

As with previous enforcement efforts, the focus of Secure Communities will continue to be on those individuals who pose the greatest threat to public safety and those who repeatedly violate immigration laws. During 2012, ICE secured detainees for 47% of those individuals identified by ADC staff as potentially removable for criminal or other immigration violations.
