SAFETY AND SECURITY on the Campus of Hampton University

Hampton University is committed to providing you with a living and learning environment that will make your experience at Hampton as fulfilling and secure as possible. Students who attend Hampton University enter an environment that is carefully planned to meet their safety and security needs.

Remember that each individual is ultimately responsible for his or her own personal safety, by learning and practicing basic safety and security precautions. Safety conscious individuals will help make Hampton University a safer place to live and learn.

This brochure will give you important information about safety on the campus of Hampton University, answer frequently asked questions and provide safety tips. Remember, knowledge is power.

MISSION STATEMENT

The Hampton University Police are dedicated to providing professional law enforcement services to the Hampton University community.

Acting as an important arm of the educational process of the University, we will be proactive in crime prevention and responsive to those issues that impact the safety and security of all students, faculty and staff.

Safety Is a Community Effort

HAMPTON UNIVERSITY Police Authority and Training

The University Police Department is a professional, full-service organization providing all of the services normally provided by municipal police, plus many services unique to an academic institution. The Department is located in the back of the Whipple Barn building.

We provide 24-hour patrol, 365 days a year and employ sworn police officers, non-sworn security officers and a communications support team. Officers receive their training from the Hampton Roads Criminal Justice Training Academy located in Newport News, VA.

The officers receive their authority from the Virginia Code pursuant to section 23-233 and the Board of Trustees of Hampton University. The code allows campus police officers to exercise the powers duties conferred by law upon police officers of cities, towns, or counties upon any property owned or controlled by the institution of higher education and upon the streets, sidewalks, and highways, immediately adjacent thereto.

Uniformed officers actively patrol the campus grounds and facilities on foot, by bicycle, and in police vehicles.

(continued on page 2)

HAMPTON UNIVERSITY Police Authority and Training *continued*

All police officers are required by the Virginia Department of Criminal Justice Services to successfully complete 16 weeks of basic law enforcement training at the Hampton Roads Criminal Justice Training Academy. Officers are also required to attend mandatory in-service training once a year to stay updated on new laws and police practices.

The Hampton University non-sworn security officers attend a training program certified by the Virginia Department of Criminal Justice Services.

The Communication Center is operated 24 hours a day by Department of Criminal Justice Services certified police dispatchers.

The Communications Center is located inside the University Police Department in Whipple Barn.

University police dispatchers answer calls for service from the campus community, dispatch officers and other emergency services. Other duties include the monitoring of fire and intrusion alarm systems, security cameras, emergency telephones and call boxes.

The communications center is also linked to the Virginia Department of Motor Vehicles and the Virginia (VCIN) and National (NCIC) Crime information networks.

SAFETY AND SECURITY MEASURES

University police and security are on duty twenty-four hours daily responding to all incidents requiring police assistance and conducting continuous security checks of all buildings and facilities. Uniformed police officers actively patrol buildings and grounds utilizing marked vehicles, bike patrols and foot patrols.

The Hampton University College of Virginia Beach is patrolled by Security Services of America and Virginia Beach Police. Security Services of America has a 24 hour post in the main lobby of the Town Center Complex. Officers also patrol the complex by foot 24 hours a day 365 days a year.

To enter the main campus, a Hampton University identification card allows you to enter through the card access gates on Marshall Ave., Tyler Street or Shore Road. All others must enter through Cemetery Road gate which is manned 24 hours a day. If you have a Hampton University decal on your car; you may also enter through the Frizzell Street gate which is manned from 6:00am to 6:00pm Monday-Friday. As an additional measure of safety, the University has installed 23 emergency call boxes which ring directly into police headquarters. The call boxes are located strategically throughout the University's main campus with an emphasis on designated pathways. To activate a call box, press the button on the front and speak directly into the box to the dispatcher. The dispatcher will immediately send an officer to your location.

PEDESTRIAN SAFETY

Pedestrians should yield to vehicle traffic on all roadways. Sidewalks were established to allow pedestrians to travel safely to their destinations.

The human body, no matter its size or stature, is no match for a motor vehicle that weighs in excess of a ton. The rules, then for you as a pedestrian are:

- Always cross a street at an intersection, rather than mid block.
- Always cross within the white lines of a crosswalk.
- Remember to look both ways before crossing the street. You must never assume that the driver of a car sees you walking in, or, attempting to cross the street.
- Wear light colored clothes, if you are walking after dark.

YOUR ROLE IN FIGHTING CRIME

Crime Reporting

Hampton University encourages all students, employees and visitors to immediately report all criminal activity or suspicious behavior to the University Police Department or other appropriate police agencies if off campus. Reporting can be done by filling out an incident report in person, by phone, by activating an emergency call box located throughout the campus. When you phone in a complaint your call will be answered by a certified dispatcher who will dispatch an officer to your location. The officer will prepare and submit an incident report when warranted. All complaints will be investigated by the University Police Department. Violations of the law can result in charges by the University Police, local police or referral to the Dean of Students.

Q. How do I report a crime?

A. You can report a crime or any emergency to University Police by dialing 5300 for non-emergencies or 5666 for emergencies. Crimes may also be reported by:

- Using the submit an anonymous tip link on the University Police website at <http://www.hamptonu.edu/police/>
- Activating an emergency call box. The call box rings directly into police headquarters, automatically registering the caller's location.
- Visiting University Police Headquarters located in the rear of Whipple Barn.

Q. What should I do if I am a victim of hazing?

A. Hazing is prohibited on campus by any fraternity, sorority and/or social organization. Students who feel they have been a victim of hazing should contact University Police.

Q. Do I have to give my name?

A. No. You can anonymously report a crime to University Police, Counselors in the Counseling Center or any campus security authority.

Q. What information should I have when reporting a crime?

A. When University Police are called, be prepared to give the following information, whenever possible:

- Type of incident.
- Description of suspects.
- Whether weapons are involved.
- Location of incident

Q. Can I carry a weapon to protect myself on campus?

A. No. The carrying or possession of any type of weapon on campus by anyone other than University Police is absolutely prohibited.

EMERGENCY NUMBERS: (Police, Fire, Ambulance)**CAMPUS EMERGENCIES:**

On-campus, EXT. 5666
Off-campus, (757) 727-5666

NON-EMERGENCY NUMBERS

On-campus, EXT. 5300 or 5259

OFF-CAMPUS EMERGENCIES:

Police, Fire, Ambulance 911

Along with reporting crimes to University Police and staff, you may also report to the Dean of Students Affairs Office and staff, the Director of Student Activities and staff, the Athletic Administration and Coaches, Faculty Advisors, Resident Assistants, Band Director and staff, Student Organization Advisors, and Resident Halls Desk Receptionist and night monitors. All voluntary anonymous tips made by students, employees and visitors will be held confidential.

A voluntary confidential report provides an individual the opportunity to report a crime for statistical information to be included in this annual crime statistics report. University counselors, physicians and pastors are also encouraged to refer individuals to report crimes on a voluntary confidential basis.

Employees, students and visitors can report a crime at the College of VA Beach by contacting IPC Security or VA Beach Police. Crimes may also be reported to the Campus Director or any Faculty/Staff member.

WEB TIPS

Another service community members can use to pass along anonymous and confidential information regarding crimes on campus is the anonymous tip link on the HUPD website. An important aspect of campus law enforcement is the prevention of violence on campus, including assessment and intervention with individuals whose behavior poses a threat to the safety of the campus community. Those with information about activity or persons that may pose a threat to the campus community can now become a part of the crime fighting team without revealing their identity. The anonymous tip form can be accessed by logging on the University Police web site, www.hamptonu.edu/police

TIMELY WARNING NOTICES**(Campus Crime Alerts – Rave)**

When a crime or serious incident occurs that may affect the campus community, the University Police Department will distribute in a timely manner a special Crime Alert. When circumstances warrant a Crime Alert to be issued, the alerts will be issued via the Rave notification system. If the crime affects the College of VA Beach Campus a crime alert will be posted at that location.

DAILY CRIME LOG

The Hampton University Police Department maintains a Daily Crime Log which is available for public view at police headquarters located in Whipple Barn. The Crime Log records all crimes that occur on the campus of Hampton University as well as on public property adjacent to the university or within the department's patrol jurisdiction. The Daily Crime Log records the date, time, nature, general location and disposition of each complaint (if known) reported to the department.

In certain circumstances the department reserves the right to exclude crime report information from the log.

CRIME PREVENTION

Crime prevention takes a total community effort. The Hampton University Police Department along with other departments, provide programs to educate members on personal safety and theft prevention. These seminars are regularly scheduled, with mandatory student attendance, twice a school year in the residence halls on the main campus and may be requested by groups at any time by contacting the police department. The Hampton University Police Department also publishes and/or distributes personal safety awareness pamphlets. A copy of these pamphlets and brochures may be obtained by contacting HUPD Crime Prevention, 607 Cemetery Road, Hampton, VA 23668 or calling (757) 727-5567 or (757) 727-5300.

CRIME PREVENTION EDUCATION AND AWARENESS

The University Police Department's Investigative Services Commander serves as the crime prevention officer. Throughout the year the Crime Prevention Officer and other police representatives conduct orientation sessions for new students, parents, employees, housing coordinators, and resident assistants on educational strategies and tips on how to protect themselves against sexual assault, theft and other crimes.

CRIME PREVENTION PROGRAMS

OPERATION IDENTIFICATION:

This program encourages members of the community to engrave an identification number on personal property. This improves the victim's chances of recovering personal property and aid law enforcement officers in successfully prosecuting criminals when their property is I.D. with an engraving.

FRESHMAN SAFETY SEMINARS:

This program targets incoming freshman educating them on safety practices, local laws, crime trends, alcohol and drug abuse, sexual assault and other issues of concern.

CAMPUS CRIME ALERTS: A crime alert is issued by the department when a reported crime affects the safety of the university community. The alert will describe the nature of the crime, descriptions of any suspects and tips on how to avoid becoming a victim.

EMERGENCY CALL BOXES: The emergency call boxes are located throughout the campus and allow an individual in need of assistance to speak directly to a dispatcher. The dispatcher will immediately dispatch an officer to that location. (Main campus only)

LIGHT REPORTS: Light reports are generated weekly on the main campus to indicate any lighting issues on campus. The reports are forwarded to the Physical Plant for any repairs or additions.

CRIME PREVENTION TIPS

- Always lock your room door, even if you are just down the hall or in the restroom.
- Do not prop open exterior doors.
- Keep credit, debit bank cards and checks in a secure place. If these items are stolen, call and cancel card(s) immediately and then file a report with University Police.
- Avoid walking alone at night unless absolutely necessary. It's always best to let someone know where you are going and when you are expected back.
- Avoid walking in dark isolated areas.
- Have your door keys ready. Do not have them buried in your purse or pockets.
- Always lock your car doors.
- Engrave your personal items such as cameras, video games and equipment, computers, etc., with personal identification markings.
- Never leave your books, purses or book bags unattended in places such as the library, cafeteria or classrooms.
- Never leave your keys lying around or loan them to anyone.
- Walk with confidence. Know where you are going.

Any questions or concerns, contact the Crime Prevention Office at (757) 727-5567.

FACILITY AND RESIDENCE HALL SECURITY AND ACCESS

Most campus buildings and facilities are generally accessible to members of the campus community, guest and visitors during normal business hours, Monday through Friday, excluding holidays. Certain facilities may also be open during designated hours on weekends.

On the main campus exterior doors on

campus buildings are locked and secured each evening and unlocked each morning by department personnel. On the Virginia Beach campus the facility will be locked and secured at the end of the day and opened each morning by campus personnel.

Residence hall exterior doors are equipped with an electronic access control system. The exterior doors are automatically locked between the hours of 11:00 pm to 6:00 am. When the residence halls are locked, entrance is gained by use of a valid Hampton University ID card or by contacting University Police.

The University's security systems, including the fire alarm, electronic card access, intrusion alarms, emergency telephone systems and call boxes are inspected and tested by the staffs of the University Police and Safety Office, Physical Plant, Simplex and Honeywell. Any discrepancies or malfunctions are given priority for repair.

CAMPUS LIGHTING AND SECURITY MAINTENANCE

Campus lighting and security maintenance is another important part of Hampton University's commitment to safety and security. Along with a routine check of lights on campus during regular patrols; a light report is compiled every week by HUPD to ensure that lights are functioning properly and lights are not blown or dim on

the main campus. Also a continuous effort is made to review lighting and upgrade fixtures to ensure that all pedestrian areas are well lit. Lighting problems or inefficiencies are immediately reported to Buildings and Grounds for corrective action. At the College of VA Beach, report discrepancies to IPC Security or college officials.

HUPD and Locks and Keys work together to ensure the security of all residence halls and academic/ administrative buildings by identifying and immediately repairing any inoperable lock, door or window.

We encourage all members of the university community to also report any discrepancies by contacting HUPD @ (#5300 or #5259) or by contacting Buildings and Grounds @ (#5461) (main campus) and (757) 637-2200 (VA Beach campus)

ALCOHOL AND DRUG POLICY

Hampton University prohibits the illegal use, possession, transport, manufacture, distribution, promotion or sale of alcohol, drugs, drug paraphernalia or look-alike (simulated) drugs while working for, attending or visiting Hampton University or University owned properties. Hampton University will not tolerate any employee or student reporting to work or class under the influence. In the state of Virginia it is against the law for anyone under the age of 21 to consume or possess alcoholic beverages. These are criminal offenses and will be handled accordingly.

As a deterrent to alcohol and other drug use and abuse, the University supports, promotes and sponsors programs which serve to enhance students, faculty, and staff awareness of the devastating effects and consequences of indulging in the use and abuse of alcohol and other drugs. Literature on alcohol and other drug use is distributed to faculty, staff and students. Hampton University's Counseling Center and the Office of Student Affairs conduct

seminars and workshops in the residence halls and orientation classes. The seminars and workshops are designed to educate on the effects of alcohol and other drug use and abuse. Hampton University is a drug-free environment. Disciplinary action imposed by the University may be in addition to criminal penalties.

The Hampton University Police Department encourages all students, faculty and staff to read the University's alcohol and drug policy located in:

Faculty - Faculty Handbook

Staff - Educational Support Staff Handbook

Students - Student Handbook

POLICY ON SEXUAL HARASSMENT AND MISCONDUCT

As noted in Hampton University's Notice of Non-Discrimination, it is the policy of Hampton University to provide students and employees with an environment that is free of discrimination on the basis of sex in its programs and activities. Sexual Harassment is a form of sex discrimination prohibited by Hampton University as well as by Title IX of the Education Amendments of 1972, which states, "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Sexual harassment refers to unwelcomed and unsolicited conduct of a sexual nature, whether by members of the same sex or of the opposite sex. It includes unwelcome sexual advances, request for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature, and is specifically prohibited when:

1. Submission to such conduct is made explicitly or implicitly a term

- or condition for an individual's work performance or academic performance;
2. Submission to or rejection of such conduct by an individual is used as a basis for employment decisions, performance evaluation, or academic performance evaluation concerning a member of the university; or
 3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, or ability to participate in or benefit from the University's programs, or of creating an intimidating, hostile, or offensive work or educational environment.

Sexual harassment as prohibited by this policy also encompasses sexual misconduct. Any sexual contact or conduct without consent is prohibited as sexual misconduct. An individual's diminished mental or physical state shall constitute evidence of the individual's ability or inability to give consent.

Sexual Assault/Rape: Is a form of sexual misconduct. It includes sexual assault and battery and other violent sexual behavior. Sexual assault and battery includes (but is not limited to) forced sexual intercourse or any intentional unpermitted or unwanted sexual contact by the accused, acquaintance or stranger, either directly or through the clothing, or with the victim's genitals, breasts, thighs, buttocks, or mouth, without the victim's consent. Sexual assault and battery also includes touching or fondling of the victim by the accused when the victim is forced to do so against his or her will. Any such sexual misconduct is prohibited by the University and is punishable by either contingent suspension or permanent expulsion.

Consent: To agree or give permission, a

voluntary willingness to engage in mutually-agreed-upon sexual activity. Consent cannot be gained by force, by ignoring objections, or by taking advantage of another's incapacitation. The use of alcohol or drugs may affect a person's ability to consent to sexual contact. A person who is passed out or unconscious as a result of the consumption of alcohol or drugs is physically helpless and is not able to consent.

Incapacitation: The physical and/or mental inability to make informed, rational judgments that voids an individual's ability to give consent. Incapacitation may be caused by a permanent or temporary physical or mental impairment. Incapacitation may also result from the consumption of alcohol or the use of drugs.

Sexual Exploitation: Taking sexual advantage of another person without effective consent. This includes, but is not limited to, causing the incapacitation of another person for a sexual purpose, causing the prostitution of another person; electronically recording, photographing, or transmitting intimate or sexual utterances, sounds, or images of another person, or allowing third parties to observe sexual acts.

Stalking: Repeated unwanted contact that places a person in reasonable fear of physical harm, sexual assault, or interferes with the other person's ability to perform daily life activities.

Coercion: An unreasonable amount of pressure to engage in sexual activity, the practice of persuading or forcing someone to do something by use of force or threats.

Physical Force: Force equated with violence or the use of a weapon constitutes physical force. No matter how slight, any intentional physical impact upon another, use of physical restraint, or the presence of a weapon constitutes the use of force.

Domestic Violence: A pattern of physically,

sexually, and/or emotionally abusive behaviors used by one individual to assert power or maintain control over another in the context of an intimate or family relationship.

Dating Violence: A pattern of physically, sexually, and/or emotionally abusive behaviors used by one individual to assert power or maintain control over another in the context of an intimate dating or long term relationship.

REPORTING SEXUAL HARASSMENT AND MISCONDUCT

For immediate assistance call
HU police 757-727-5666 or 911

As a matter of policy, the University encourages anyone who is or knows someone who has been a victim of sexual harassment and/or misconduct to promptly report the incident to the University's Title IX Coordinator.

In addition to encouraging reporting any complaints of sexual harassment and misconduct to the Title IX Coordinator, Hampton University also encourages anyone who is or knows someone who has been a victim of sexual harassment and/or misconduct to promptly report the incident to the Hampton University Police Department. The University Police Department may be reached at (757) 727-5300 and is available to explain the procedures for pursuing a criminal investigation of the sexual misconduct. The University Police Department will investigate every incident reported to determine if a crime has been committed. Any criminal investigation will be separate and distinct from any investigation undertaken in accordance with Title IX.

The Title IX Coordinator for Hampton University is:

Sonja B. Vega, Title IX Coordinator
212 Wigwam Building
Hampton University
Hampton, VA 23668

RESPONSIBILITIES OF THE TITLE IX COORDINATOR

- Responding to, overseeing and investigating all sexual misconduct complaints.
- Informing students/employees about the options to file a formal complaint through the Office of the Title IX Coordinator and/or file a criminal or civil complaint.
- Implementing interim safety measures, this may include, but are not limited to alternative housing arrangements, academic adjustments and referral to campus and local resources.
- Meeting with students, faculty and staff to answer questions regarding the University's policies, procedures and services related to Title IX compliance.
- Ensuring that education and training related to Title IX is provided to the University community.

To file a complaint an individual should contact the office of the Title IX Coordinator, see contact information above. Once an incident is reported, the Title IX Coordinator will provide information concerning the University's policies and services for victims of sexual harassment and misconduct, its procedures for processing, investigating and handling of such complaints including the procedures for proceeding with a formal complaint and investigation. A formal investigation will include an interview with the complainant, the accused individual and other possible witnesses. The coordinator will also gather other related information or documents. The investigation will take no longer than sixty (60) days, unless there are extenuating circumstances requiring extended time.

At the conclusion of the investigation, the Title IX Coordinator will refer the case and all investigation findings to the

Sexual Harassment and Misconduct Hearing Committee, P.O. Box 6181, Hampton University, Hampton, VA 23668. The matter will then be handled in accordance with Hampton University's Sexual Harassment and Misconduct Hearing process.

PROCEEDINGS BEFORE THE SEXUAL HARASSMENT AND MISCONDUCT COMMITTEE

Within thirty (30) days of receipt of findings from the Title IX Coordinator's investigation the Sexual Harassment and Misconduct Committee ("Committee") will convene to review documentation, and meet with all parties. Each party will be provided the opportunity to submit any and all information in support of their respective positions, including documentary evidence and witnesses. Each party will also be provided with the option to have others present including an advisor of their choice during the institutional disciplinary process. In most instances, the Committee will conduct a formal hearing unless the Committee determines that a hearing is not necessary. Within ten (10) days after the Committee has concluded its review, the Committee will render its final determination based on the preponderance of the evidence presented to it and will forward its decision in writing to the Vice President for Student Affairs and to other appropriate administrators in the event a non-student is also involved. The Vice President for Student Affairs will then forward the written decision to all parties.

If the Committee concludes based on a preponderance of the evidence that sexual harassment and/or misconduct occurred, the perpetrator of the sexual harassment/misconduct will be subject to disciplinary action or dismissal by the Vice President for Student Affairs or by the appropriate University administrator. Either party may appeal the final decision of the Committee to the Administrative Appeals Committee in accord with the appeal procedure guidelines

found on page 104 of the Official Student Handbook.

CONFIDENTIALITY

The University encourages the HU Community to report all incidents of sexual misconduct. Reporting responsibilities and the ability to maintain confidentiality vary dependent on an individual's role. There are certain situations in which a University must override a request for confidentiality. They are as follows:

- An increased risk of the alleged perpetrator committing additional or future acts of sexual violence (the report reveals a pattern of perpetration at a given location or by a particular group)
- Sexual violence was committed with the use of a weapon
- The age of the student (special program attendees)
- Whether the school possesses other means to obtain relevant evidence (security cameras or security personnel or physical evidence)

Reporting sexual assault is a very personal decision. If an individual is not certain that they wish to file a formal complaint immediately, they should still seek support from the Confidential Resources. The following Confidential and Non-Confidential Resources are available to assist with making a report:

FACULTY/STAFF REPORTING RESPONSIBILITY

As soon as employees become aware of possible sexual misconduct, they must report the incident to the Title IX Coordinator.

WHAT TO DO IF YOU OR SOMEONE YOU KNOW HAVE BEEN SEXUALLY ASSAULTED

- **Get to a safe place as soon as you can.** Contact University Police's emergency line at 757-727-5666, or call 911 immediately if you do not feel safe.
- **Try to preserve all physical evidence.** Do not shower or bathe, use the toilet, or change clothing, if you can avoid it. If you do change clothes, put all clothing that was worn at the time of the attack in a paper bag, not plastic.
- **Seek medical attention.** A medical examination will provide any necessary treatment and collect important evidence.
- **Contact the Sexual Assault Nurse at 757-727-5315 or after hours and weekends through the University Police at 757-727-5666.** You do not have to tell them at this point that you were raped or sexually assaulted. Ask to speak with the "Nurse on Call" to discuss your options.
- **Contact the Title IX Coordinator at 757-727-5493 or any member of the Dean's Office, Residence Hall Director, Graduate or Resident Assistant.** They

will assist you in contacting the police, upon request. Reporting an incident is an important decision. Reporting may help to protect you, and others from future assaults, apprehend the alleged assailant, and maintain future options regarding criminal prosecution, University disciplinary action, and/or civil action against the perpetrator. Prompt reporting could be the key to successful completion of the case.

- **Talk with counselors:** On campus, call HU Counseling Center 757-727-5617. Off campus, call The Center for Sexual Assault Survivors 757-599-9844 or their Crisis Hotline 24 hours a day at 757-236-5260.

SUPPORTING SOMEONE WHO HAS BEEN SEXUALLY ASSAULTED

- Believe the person and acknowledge their courage and reassure them about coming forward
- Encourage them to seek professional help
- Listen without judging and avoid "why" questions
- Encourage independent decision making, even if you disagree
- Be aware of your limitations (utilize on and off campus resources)

CRIME STATISTICS

The University Police Department compiles and forwards monthly incident-based crime reports to the Virginia State Police. In situations where students are involved in violations of University policies, and/or Commonwealth statutes, we can pursue both internal administrative and external criminal charges. The Dean of Students will initiate internal disciplinary proceedings according to the University judicial code for violators who are members of the University community.

The University maintains statistics in accordance with definitions used in the FBI's uniform crime reporting system. The annual crime report shows crime trends and comparisons for three consecutive years. Hampton University publishes the following statistics to keep its students and employees informed. The crime statistics include offenses that were reported to University Police, University Officials who have significant responsibilities for students and campus activities and local police.

Definitions of reportable crimes:

Murder and Non-Negligent Manslaughter – the willful (non-negligent) killing of one human being by another.

Negligent Manslaughter – the killing of another person through gross negligence.

Forcible Sex Offense – any sexual act directed against another person, forcibly and/or against the person's will or not forcibly or against the person's will where the victim is incapable of giving consent due to a temporary or permanent disability to include:

- Forcible Rape
- Forcible Sodomy
- Sexual Assault with an object
- Forcible Fondling

Non-Forcible Sex Offense – the unlawful, non-forcible sexual intercourse to include:

- Incest
- Statutory Rape

Robbery – the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault – an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually involves a weapon or means likely to cause death or great bodily harm.

Burglary – the unlawful entry into a structure to commit a felony or theft and all attempts to commit the above mentioned.

Arson – maliciously burning or causing to be destroyed by burning any public or private property.

Motor Vehicle Theft – the theft or attempted theft of a motor vehicle. (This classification also includes "joyriding").

Hate Crimes – crimes committed against a person which manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, ethnic/national origin, disability, or sexual orientation. For this report, the hate crime must have been for one of the criminal offenses listed in the report or any other crime involving bodily injury where the victim was intentionally selected because one of the above listed biases motivated the perpetrator.

Liquor Law Violations – violations of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; dinking on a train or public conveyance; and all attempts to commit any of the aforementioned activities. (Drunkenness and driving under the influence are not included in this definition).

Drug Abuse Violations – violations of state and local laws relating to the unlawful possession, sale, use, growing or manufacturing and making of narcotic drugs.

Weapon Law Violations – violations of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying of deadly weapons, concealed or openly, furnishing deadly weapons to minors; aliens possessing deadly weapons and all attempts to commit any of the above.

HAMPTON UNIVERSITY

Fire Safety

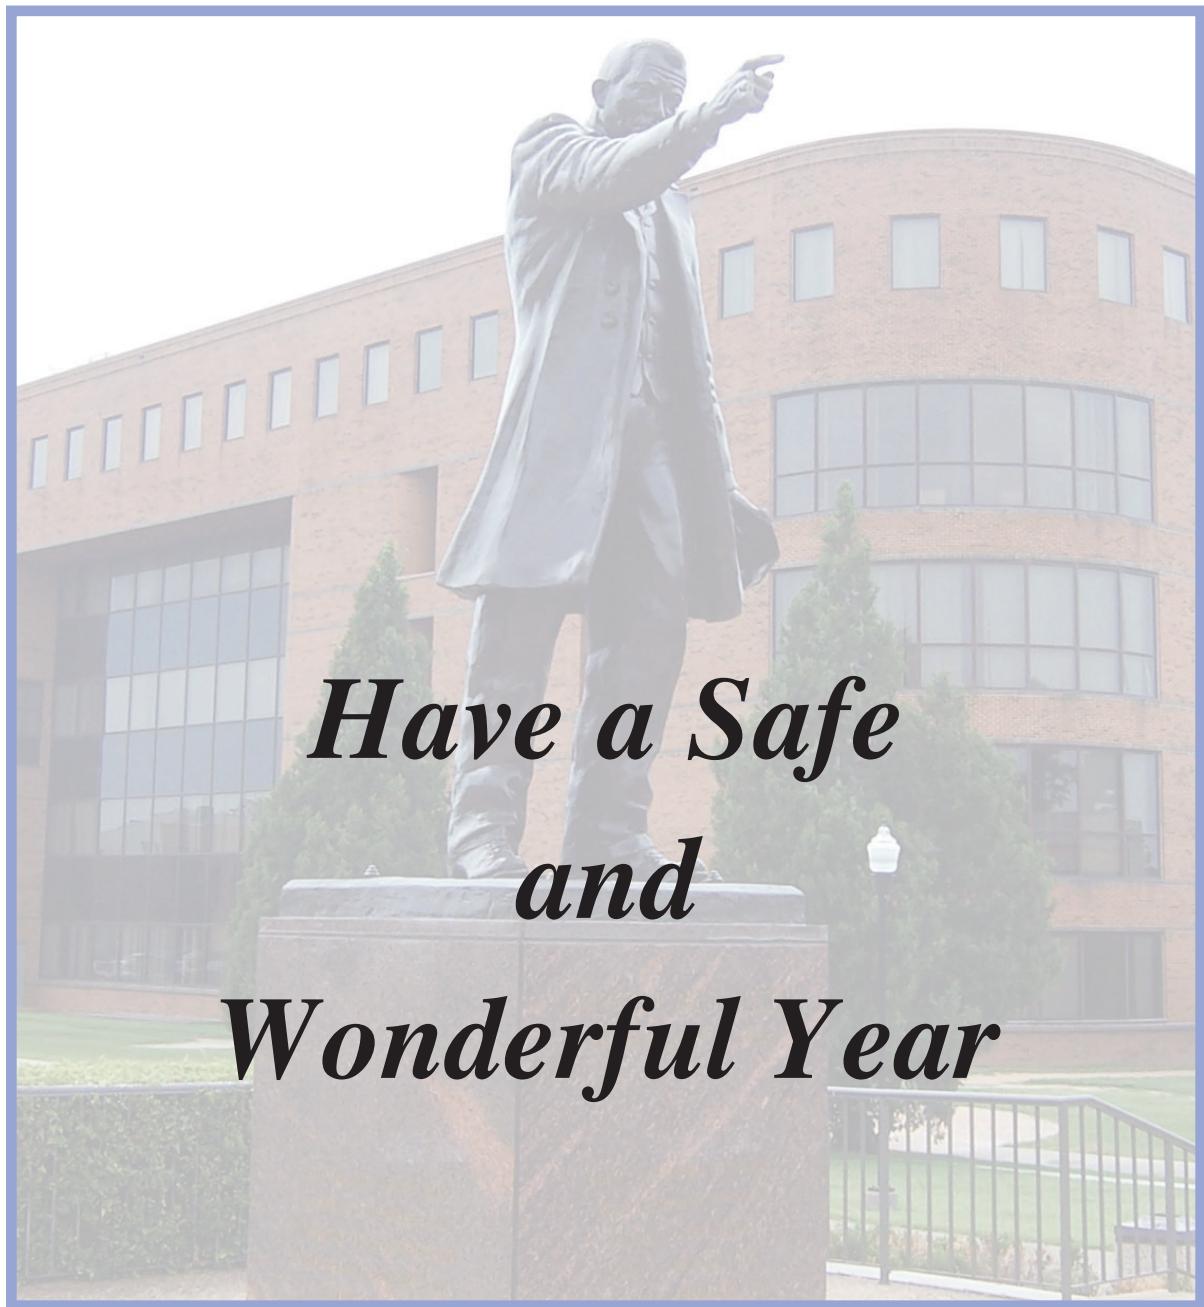

Annual Fire Safety Report

Each on-campus student housing facility is equipped with a fire safety system. Most facilities are equipped with fire monitor panels that directly communicate to the University Police Department. A complete description of the fire safety system for each facility can be viewed on the right. Anyone discovering a fire or other safety concerns should contact the University Police Department at extension 5300.

Hampton University Fire Marshall and Residence Life Staff conduct one fire drill during each semester at each on-campus student housing facility to ensure the system is functioning properly and to educate students and staff how to safely evacuate a facility in case of a fire or other emergency. Fire and Safety training is also available upon request to all on-campus departments.
