MUNICIPAL CENTER
BUILDING 11
2509 PRINCESS ANNE ROAD
VIRGINIA BEACH, VA 23456

Dear Mr. Spore:

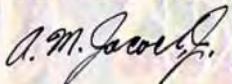

On behalf of the dedicated men and women of the Virginia Beach Police Department, I am pleased to present you with the 2006 Annual Report. This report captures just a few of the many initiatives, achievements, and milestones that occurred throughout the year and is evidence as to our dedication to serve our community and strive for excellence.

I invite you to share in our PRIDE as you review the highlights of 2006 including the numerous awards, retirements, promotions, and educational achievements. We honor and thank those individuals who not only serve this community, but have also served our country with their military service. The Year in Review offers a glimpse of some of the initiatives and activities completed in the various commands like the Northridge Community Outreach Project; acquisition of state of the art equipment for Special Operations; electronic resources on VBgov.com through ePRO (electronic Police Reports Online); and the regional data sharing using the Law Enforcement Information Exchange system (LiNX).

Our successes have contributed to keeping our Part I crime rate low, the lowest since 1968. Although we experienced an increase in violent crimes over the last five years, which followed the trend throughout the country, we continue to be one of the safest cities of our size.

It is a privilege to lead this department. I thank each employee for the PRIDE they demonstrate each and everyday as they selflessly serve the citizens of Virginia Beach. I also thank you and the City Council for your continued support of the Virginia Beach Police Department.

Sincerely,

A.M. Jacocks, Jr.

Chief Jacocks congratulates the wife of a recent retiree from the Virginia Beach Police Department.

Mission Statement

The Virginia Beach Police Department is committed to providing a safe community and improving the quality of life for all people. We accomplish this by delivering quality police services and enforcing laws with equity and impartiality. In partnership with the community, we reduce crime through public awareness. In meeting this objective, we demand of ourselves the highest professional standards and dedication to our core values.

Vision

The Virginia Beach Police Department will be the premiere law enforcement agency setting the standard for excellence. Committed to those we serve, we adapt to change, while focusing on value-based principles, lifelong learning, and professional growth.

Core Values

P
R
I
D
E

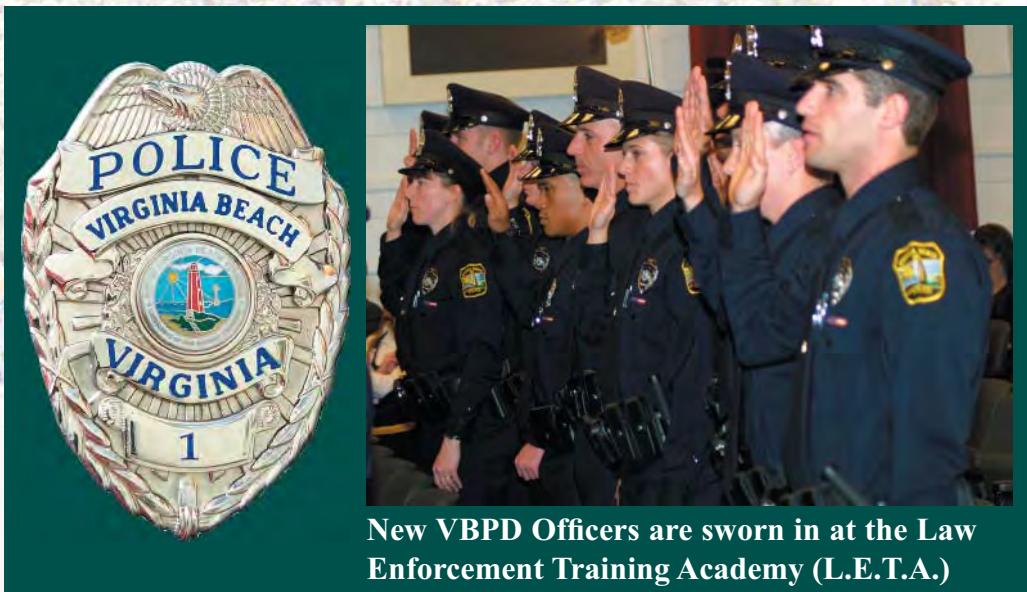

Professionalism...in our actions, conduct, and job performance. Constantly striving towards ever-rising standards.

Respect...for all citizens, each other, and for differing points of view, regardless of age, race, gender, appearance, individual beliefs, or lifestyles.

Integrity...truthful and honest, deserving of trust. Ethical. Being guided by the concept of fundamental fairness in everything we do. Doing what is right.

Dedication...to the organization, each other, our families, and the citizens we serve. Unquestionable work ethic.

Excellence...in everything we do. Seeking to improve and excel, always.

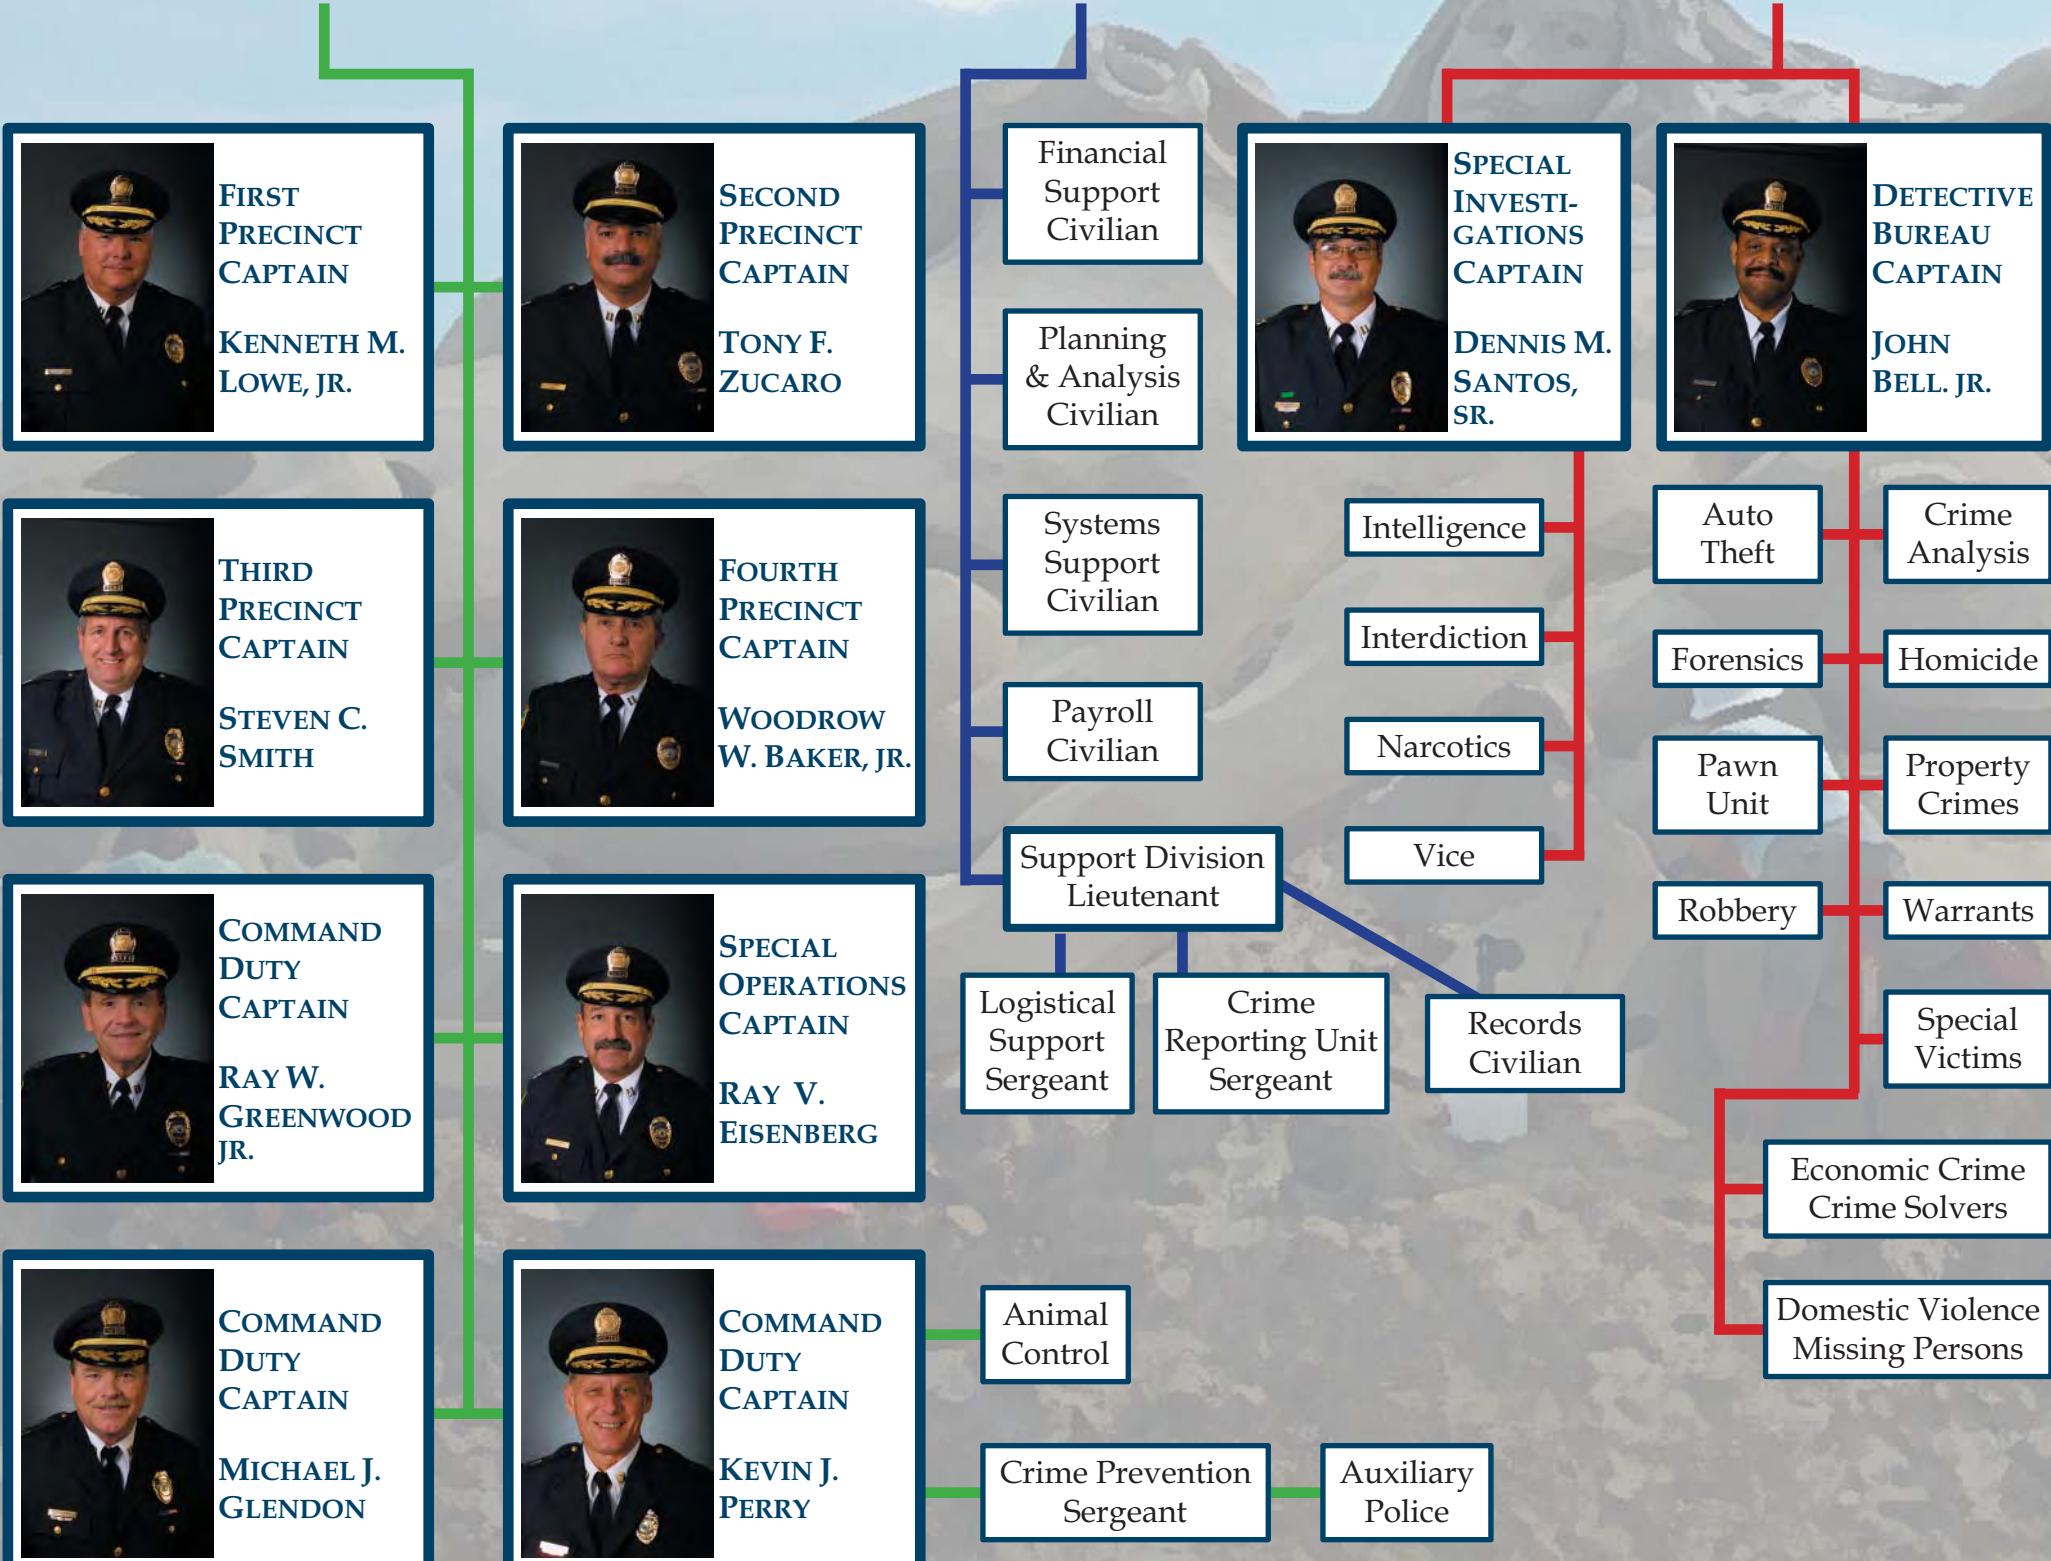

New VBPD Officers are sworn in at the Law Enforcement Training Academy (L.E.T.A.)

- Sgt. R. B. Hatfield and K-9 partner Scout

MILITARY SERVICE

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

September 11, 2006 marked the 5th anniversary of the attacks on New York and the Pentagon. Since then many VBD Officers, who are also reservists for various branches of the military, have been called to serve. Below is a list of VBD reservists and the dates they were called into active duty.

These officers serve this community with P.R.I.D.E.; we in turn should take P.R.I.D.E. in their service to this country. On the 5th anniversary of 9/11, we would like to take the time to recognize and thank those who serve this community as well as their country through military service.

Tragically, one VBD officer was killed in Iraq in August 2005 while on active duty with the Marines. Brad Harper (pictured to the right) was an outstanding officer for the VBD and by all accounts a "Marine's Marine."

We shall never forget the sacrifices that these men and women have made for our freedom both at home and abroad. We also would like to thank those military reservists who stand ready to serve, but have yet been called to do so.

Name	Branch	Dates of Service
MPO G. K. Anderson	United States Navy Aviation Structural Mechanic Chief	October 2001 - April 2002 Rota, Spain March 2003 - July 2004 Local January 2004 - December 2004 Iraq

DEPARTMENT HIGHLIGHTS

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

A YEAR IN REVIEW

THE DIRECTOR'S OFFICE is led by Chief A. M. "Jake" Jacocks, Jr. The office consists of the Chief of Police, administrative staff, Professional Standards, Professional Development and Training, Public Information Office, and the Community Relations Chaplain's Program.

Chief Jacocks was appointed to Governor Kaine's Military Aide-de-Camp; re-elected to the Major Cities Chiefs Association Executive Board as a Regional Representative for a two-year term; appointed to the International Association of Chiefs of Police Executive Committee by the Association's President for a two-year term; and recognized with the first Law Enforcement Executive Award presented by the Virginia Crime Prevention Association.

In July, the department received its 5th accreditation certificate at the Commission on Accreditation for Law Enforcement Agencies, Inc. National Conference in Lexington, Kentucky. As a testament to the growth and development of the department, two basic recruit academies were completed in 2006 resulting in 51 new officers and an additional 9 state-certified officers. The average success rate of recruits graduating in 2006 was 92%.

Additionally, Chief Jacocks was proud to appoint a deputy chief and promote 5 captains, 8 lieutenants, 15 sergeants, and 4 administrative assistants. The department devoted 118,870 hours to training this year. In October, the first 12-session academy to train and orient new chaplains with the department started. The class of 4 graduated February 26, 2007. With the successful completion of the first academy, recruitment efforts are in full force.

Charleston Mayor Joe Riley swears in new Police Chief Greg Mullen Monday, October 2, 2006 at the Reuben M. Greenberg Municipal Building in Charleston, S.C. (Brad Nettles/ The Post and Courier)

Chief Jacocks congratulates a recent academy graduate.

Sergeant Leonardo Reyes was selected as a gubernatorial appointment to the Virginia Latino Advisory Board formerly known as the Latino Advisory Commission. The Commission consists of up to 21 members appointed by the Governor representing business, education, the arts, and government. According to the U.S. Census Bureau, the Latino community in Virginia more than doubled between 1990 and 2000 and comprises approximately 5% of the state's population.

On Friday, August 4, 2006, Mayor Joe Riley, Jr., Mayor of the City of Charleston, South Carolina, announced, after a nationwide search conducted by the Police Executive Research Forum, Virginia Beach Police Department's Deputy Chief Greg Mullen was his choice to lead the Charleston Police Department. The Charleston Police Department is the largest municipal police department in South Carolina and currently employs 369 sworn police officers, 137 civilians, and 27 reserve police officers.

Chief Jacocks said, "The selection of Greg Mullen to lead an agency of the caliber of the Charleston Police Department is yet another affirmation of the professional reputation of the Virginia Beach Police Department and our formal and informal leadership development efforts. The Charleston Police Department and the citizens of Charleston will benefit from the forward-thinking and outstanding leadership of our own Deputy Chief Greg Mullen."

DEPARTMENT HIGHLIGHTS

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

The Part I Crime rate for Virginia Beach was 32.5 per 1,000 residents and remains the lowest since 1968. While the City of Virginia Beach, along with other cities across the nation, experienced an increase in violent crimes, the Part I Crime rate for violent crimes was 2.9 per 1,000 residents, the lowest among cities with a population over 235, 000. Violent crime only comprised 9% of the city's total reported Part I Crime. Virginia Beach cleared 54% of violent crime cases during 2006. According to the most recent figures from the FBI's Crime in the United States 2005, the national average clearance rate for cities with populations of 250,000 or more was 36%.

In 2006, the Professional Standards Office conducted a total of 317 administrative investigations/incidents. Of these investigations: 111 were citizen complaints, 79 were internal investigations, 44 were inquiries, 25 were firearms discharges, 4 were handled through mediation between the citizen and employee, and 79 were handled as information calls consisting of citizen concerns or questions that did not support a specific allegation of misconduct. The Professional Standards Office also responded to 699 Subpoena Duces Tecum and Freedom of Information Act requests.

OPERATIONS DIVISION: Deputy Chief D. T. McGrattan, Jr., serves as the commander of this division. The division includes the four police precincts, Special Operations, Animal Control, Command Duty Office, Crime Prevention, Community Service, and volunteers.

The First Precinct's School Resource Officer Program collaborated with the Virginia Beach City Public Schools to host a 3-on-3-basketball tournament for youth, 9th through 12th grade. Wal-Mart was a major community partner in this effort intended to involve our youth community in a positive, safe interactive way.

A realignment of police service boundaries increased the First Precinct area and their patrol workload. The First Precinct responded to this additional challenge through an increased emphasis on proactive policing practices.

The Second Precinct identified a growing trend of firearm's related cases in the oceanfront area. As a result, they implemented a handgun interdiction initiative where 263 handguns were seized, reducing the number of firearms related incidents in the oceanfront area.

The Second Precinct also identified a serious problem of unauthorized subjects trespassing on the property of the Atlantis Apartments community, which led to an increase in calls for service. The increased vehicular and foot traffic contributed to the residents' complaints of drug trafficking.

The Second Precinct increased uniform patrol visibility using bicycles and foot patrol on the property. This initiative resulted in 167 unauthorized persons being banned from the property. The outcome was a noticeable decrease in pedestrian and vehicular traffic. In addition, a decrease in calls for service was realized in this apartment complex.

Members of the Third Precinct Northridge Community Outreach Project Team.

The Third Precinct collaborated with various city departments and agencies to form the Northridge Community Outreach Project Team. This team worked together to assist, educate, train, and work with the residents of the Northridge neighborhood in an effort to improve the quality of life for the residents.

Northridge Community Neighborhood Work Day, Spring Fling, Fathers Opposed to Gang Violence, and Resource Fair/Block Party were events in which the Northridge residents and city departments came together in a cooperative effort to build partnerships and a sense of community and to improve neighborhood beautification. To address the issues of crime in the neighborhood, the Third Precinct implemented programs to improve the prevention and response to crime.

DEPARTMENT HIGHLIGHTS

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

In June and October, warrant sweeps were conducted that involved the Police Department's Warrant Squad and members of the Third Precinct's Community Oriented Policing (COP) Unit. The Third Precinct's COP Unit also worked with Special Investigations to address concerns with drug violations.

The Fourth Precinct continued to develop a partnership with the security administrators at Regent University, which is a major employer within the City of Virginia Beach. This partnership enabled the department to work

together on several joint operations during 2006 such as Clash of the Titans, a nationally recognized debate. This widely advertised event brought together numerous nationally known personalities, as well as a large number of local attendees. Fourth Precinct personnel, supported by Special Operations, coordinated all on-scene security activities with Regent University officials resulting in a successful and safe event.

Within Special Operations, many important accomplishments were achieved in 2006. The SWAT members worked in concert with the FBI and Safe-School's representatives to develop planning documentation for each high school within the City of Virginia Beach. This documentation is essential should an event requiring emergency services occur.

The Bomb Squad received equipment valued at \$100,000 from a Buffer Zone Protection Grant. The equipment purchased from this grant enabled the unit to provide a secondary response capability for the city. These items, along with existing equipment, elevated the Virginia Beach Bomb Squad to a nationally recognized Level One Bomb Squad.

Members of the Bomb Squad prepare for a public demonstration using equipment purchased with the Buffer Zone Protection Grant.

The Aviation Unit acquired night vision capabilities that further enhanced night operations and support. In addition, the Unit participated in the acquisition of a new Bell 407 helicopter and hanger. This new helicopter, to be placed in operation later in 2007, will enhance and expand the Department's aviation capabilities in the areas of medical evacuation services and fire service support.

The department's new Bell 407 will be able to seat more people and can be used as a medivac vehicle.

The Bureau of Animal Control had a productive year. The Second Annual Pet Palooza was held to increase the public's awareness of our facility and to promote the adoption of our healthy animals. Approximately 500 people attended and were shown demonstrations by the K-9 officers and Mounted Patrol.

Animal Control participated in the 2006 Neptune Festival, with several of our dogs being part of the parade. The event allowed for a considerable amount of community interaction that led to increased awareness about Animal Control services and very successful adoption days.

DEPARTMENT HIGHLIGHTS

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

INVESTIGATIVE DIVISION: Deputy Chief J. A. Cervera serves as the commander of the Investigative Division. This division houses the Detective Bureau and Special Investigations.

A Civilian Employee with the Detective Bureau transcribes testimony for a case that is being investigated.

The Detective Bureau led the effort to reduce criminal activity through the 326 Initiative, a police zone located in the Third Precinct. The initiative integrated city services from Third Precinct uniform patrol officers, Bureau detectives, Special Investigations, Crime Prevention, Housing and Neighborhood Preservation, Probation and Parole, and the Office of the Commonwealth's Attorney to significantly reduce criminal activity and increase clearance rates for residential and commercial burglaries.

The Robbery Unit collaborated with the Hampton Roads Retail Merchants Association and the Crime Prevention Unit to host a Commercial Crime Awareness Seminar at the Law Enforcement Training Academy on November 14, 2006. Over 100 business owners and employees were in attendance. Robbery detectives also held Bank Robbery Awareness Training and Site Surveys during February, May, July, and November of 2006.

In October 2006, the Warrant/Fugitive Unit conducted a citywide warrant operation that involved personnel from all four precincts, Special Operations, U.S. Marshals, and the Virginia State Police Sex Offender Registry Program. The three-day initiative, dubbed "Operation Locktoberfest," resulted in the arrests of 143 people wanted on 143 misdemeanors and 84 felonies.

The Detective Bureau's Auto Theft Unit Bait Car Program became totally operational with two fully electronically equipped bait vehicles. The Bait Car Program is a proactive crime fighting measure to identify and arrest car thieves in the act of their crime.

The Forensic Services Unit is part of the Detective Bureau. See the top of the next column for FSU stats:

Crime Scene	Total
Assignments FSU	7,019
Cases Evidence Collected	1,096
Cases w/ Comparable Fingerprints	2,052
Comparable latent prints recovered	7,327
Cases responded to less than 1 hour	89%

The Forensic Services Unit developed an Environmental Crime Scene Team to respond to outdoor death investigations. These technicians work outside the scope of recovering traditional physical evidence such as fingerprints, DNA, and ballistics. The team focuses on searching for and recovering and examining botanical, entomological, and anthropological evidence sources in order to provide investigative guidance to the Detective Bureau. The Environmental Crime Scene Team is trained to perform shallow grave excavations and coordinate with forensic scientists to analyze evidence from the scene.

Latent Fingerprints	Total
Cases w/ Identified Latents	419
Cases Suspect Identified	305
Identifications by AFIS	220

AFIS Fingerprint Examiners work to match prints left at a crime scene to known prints in their databases.

Civil Identification	Total
Civil/Criminal Processes FSU	10,382
Civil/Criminal Processes Jail	14,244
Civil/Criminal Processes 2nd PCT	1,197

Photo Lab	Total
Photo Requests	3,315
Contact Sheets	12,639
Standard Prints	3,175
CD/DVD	111
Video Analyst cases	399
Video Analyst hours	447

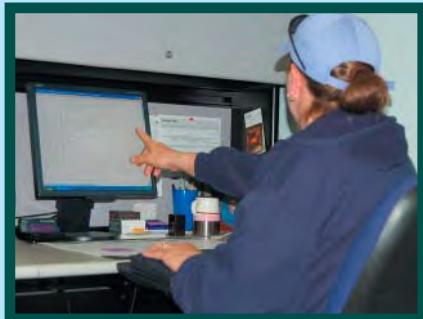

A Forensics Unit member analyzes video footage taken from a crime scene. Digital surveillance systems capture very clear images of crime scenes. The unit also analyzes tapes from analog systems.

DEPARTMENT HIGHLIGHTS

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

Special Investigations was responsible for conducting asset forfeiture investigations on both the state and federal level. This led to approximately 177 state investigations in which the assets were valued at approximately \$292,434. Special Investigations' personnel also conducted 28 federal investigations where seizures were valued at approximately \$630,945. In 2006, the Narcotics Squad conducted multiple investigations that led to the seizure of \$1,271,253 worth of drugs. Approximately 381 individuals were arrested and 1,078 criminal charges were placed on these individuals.

The Computer Crimes Unit (CCU) conducted 26 forensic examinations of computer systems and their related storage peripherals, for multiple units, jurisdictions, and agencies. The CCU conducted multiple online investigations that culminated in approximately 20 arrests for 58 charges involving the use of communication devices, attempted indecent liberties, and attempt to commit non-capital offense.

A member of the CCU conducts an online investigation.

Members of Special Investigations Criminal Intelligence Unit (CIU) have been proactive in their investigations and intelligence gathering activities involving gangs. Members of CIU are active members in the citywide Gang Forum that involves representatives from the Office of the Commonwealth's Attorney, City Attorney's Office, Court Services Unit (Juvenile Probation, Adult Probation and Parole) and the Virginia Beach City Public Schools, which deal directly and indirectly with the gang problem. In 2006, CIU initiated multiple investigations, which led to the creation and dissemination of 42 informational and officer safety related bulletins.

SUPPORT DIVISION:

The Support division is led by C. Thomas Mitchell and consists of several units providing administrative and support services to other Virginia Beach Police Department operations, City of Virginia Beach agencies and to the public.

On May 8, 2006, Electronic Police Reports Online (ePRO) was launched. ePRO provides public crime reports in a number of different methods. Citizens can search for reported crimes by neighborhood, street name, police zone, police precinct, or citywide. A second benefit of ePRO is that it allows the public to obtain a free public copy of a criminal offense report or traffic accident report online. This provides much added convenience to the citizen and has saved police employee resources.

A screenshot of a web-based application titled "Electronic Police Reports Online". It shows a search form with fields for "SEARCH CRITERIA" including "REPORT NUMBER", "DATE REPORTED", "FBI", "LOCATION", and "JOB STATUS". Below the form is a note: "Please use the dropdown menu to select FINGERPRINTS, ARREST, INCIDENT, TRAFFIC, or CITYWIDE REPORTS to view the appropriate reports." At the bottom right is the URL "www.vbgov.com/epro".

www.vbgov.com/epro

The Central Records Unit handles permits, local criminal record checks, concealed weapon permits and many more types of requests. Here, a member of Records handles an inquiry from the public.

Through December 31, 2006, approximately 83,000 web requests were made via ePRO, including 39,000 criminal incident report requests, 19,200 traffic accident report requests, 8,500 neighborhood crime reports viewed, 5,700 street crime reports viewed, and 2,300 citywide crime reports viewed. The number of citizen visits to the Police Department for public copies of police reports decreased by an estimated 70%.

The Support Division and the Department of Communications and Information Technology coordinated the implementation of the Hampton Roads regional Law Enforcement Information Exchange system (LiNX) in Virginia Beach. Currently, 25 law enforcement agencies in the region share various data, including arrests, summonses, mugshots, pawns and jail bookings, to a data warehouse managed by the Naval Criminal Investigative Service (NCIS) in Washington, D.C. The system is being expanded to include the Richmond, Virginia area in 2007. Funding for this system has been provided by NCIS.

In 2006, The Crime Reporting Unit (CRU) handled 14,161 telephone calls. Most of those calls end up as incident reports. The left and center photos are of officers who are assigned to the CRU. The photo to the right is of recovered stolen property; occasionally, stolen property is returned to the rightful owners due to information gathered for incident reports.

Evidence and recovered property are housed in the Property & Evidence Unit (P & E). The above photos show computers, stereo equipment, and guns that are in P & E. Detectives assigned to the Investigative Division piece together crimes using testimony and evidence. Virginia Beach consistently has higher than average clearance rates for many types of crimes (see pages 24-25).

REPORTED CRIMES

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

Incident Based Reporting (IBR) is a federal and state system for collecting and reporting crime data. Three major differences exist between the IBR system and the old reporting system, **Uniform Crime Reporting (UCR)**.

First is the expansion of the 8 UCR Part I Crimes to 22 IBR Group A Crimes. Many of the offenses previously recorded in the Other Reported Offenses Report (Part II Crimes) are now included in the Group A Crimes list. Second is the method of submitting data. Under the UCR system, summary data was submitted for the Part I offenses and arrest categories. Under the current IBR system, up to 144 data elements for each incident and arrest are submitted. And finally, under the IBR, each offense (the crime) that occurs during the incident (the event) is counted. Under the UCR rules, only the most severe offense is counted. For example, if a rape and robbery occurred in the same incident, under IBR, both the rape and robbery are counted. Under the UCR system, only the rape is counted.

IBR requires strict adherence to rules set by the state. If a rule is not strictly followed, the incident cannot be submitted. This sometimes occurs when information required by the state conflicts with the facts of the case.

Please note that the figures on this report may differ from those released at the local level. This discrepancy is due to the strict requirements for submission. The Virginia Beach Police Department will continue to provide data in the UCR format so that comparisons and trends can be identified using the same methodology. Comparisons between UCR data and IBR data should not be made due to different collection methods.

VBPD Officers demonstrate a few arrest techniques to the Citizens' Police Academy. The department's K-9 units are deployed frequently to assist in searches and apprehensions. Mounted Patrol Units serve in many different locations throughout the city; they are very useful as crowd management tools and with apprehensions.

Source: FBI Crime in the United States 2005.

The FBI's Crime in the United States 2005 is the source for all population figures and all reported crime contained in the report, except for Virginia Beach. Population figures for Virginia Beach were adjusted to match Weldon Cooper Center for Public Service at the University of Virginia.

The report did not use the U.S. Census Bureau 2000 population figures. Virginia Beach crime figures differ somewhat from official figures released by the Virginia Beach Police Department.

VIRGINIA BEACH VS. HAMPTON ROADS

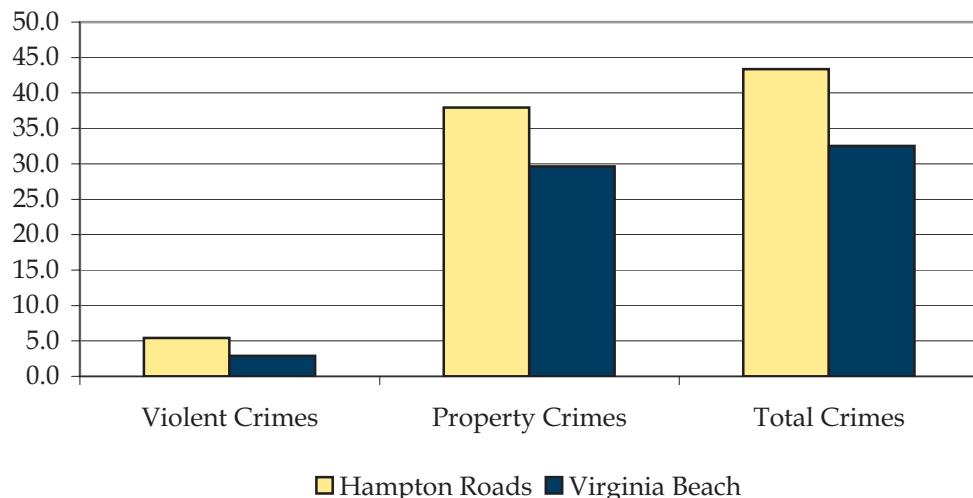

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

2006 PART I CRIMES RATE PER 1,000 RESIDENTS HAMPTON ROADS VS. VIRGINIA BEACH

Crime Type	Hampton Roads	Virginia Beach	% Difference
Violent Crimes	5.4	2.9	-46.3%
Property Crimes	37.8	29.6	-21.6%
Total Crimes	43.2	32.5	-24.7%

Note: Hampton Roads represents average crime rate per 1,000 residents for Chesapeake, Hampton, Newport News, Portsmouth, and Suffolk. Norfolk data not available. Rates do not include Arson.

2006 PART I CRIMES RATE PER 1,000 RESIDENTS HAMPTON ROADS VS. VIRGINIA BEACH

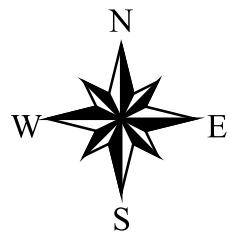

A satellite view of Hampton Roads shows the vast amount of water in the region. With the Atlantic Ocean, the Chesapeake Bay, the James River to the West, and many other waterways in and around the area, Hampton Roads is great destination for many recreational activities.

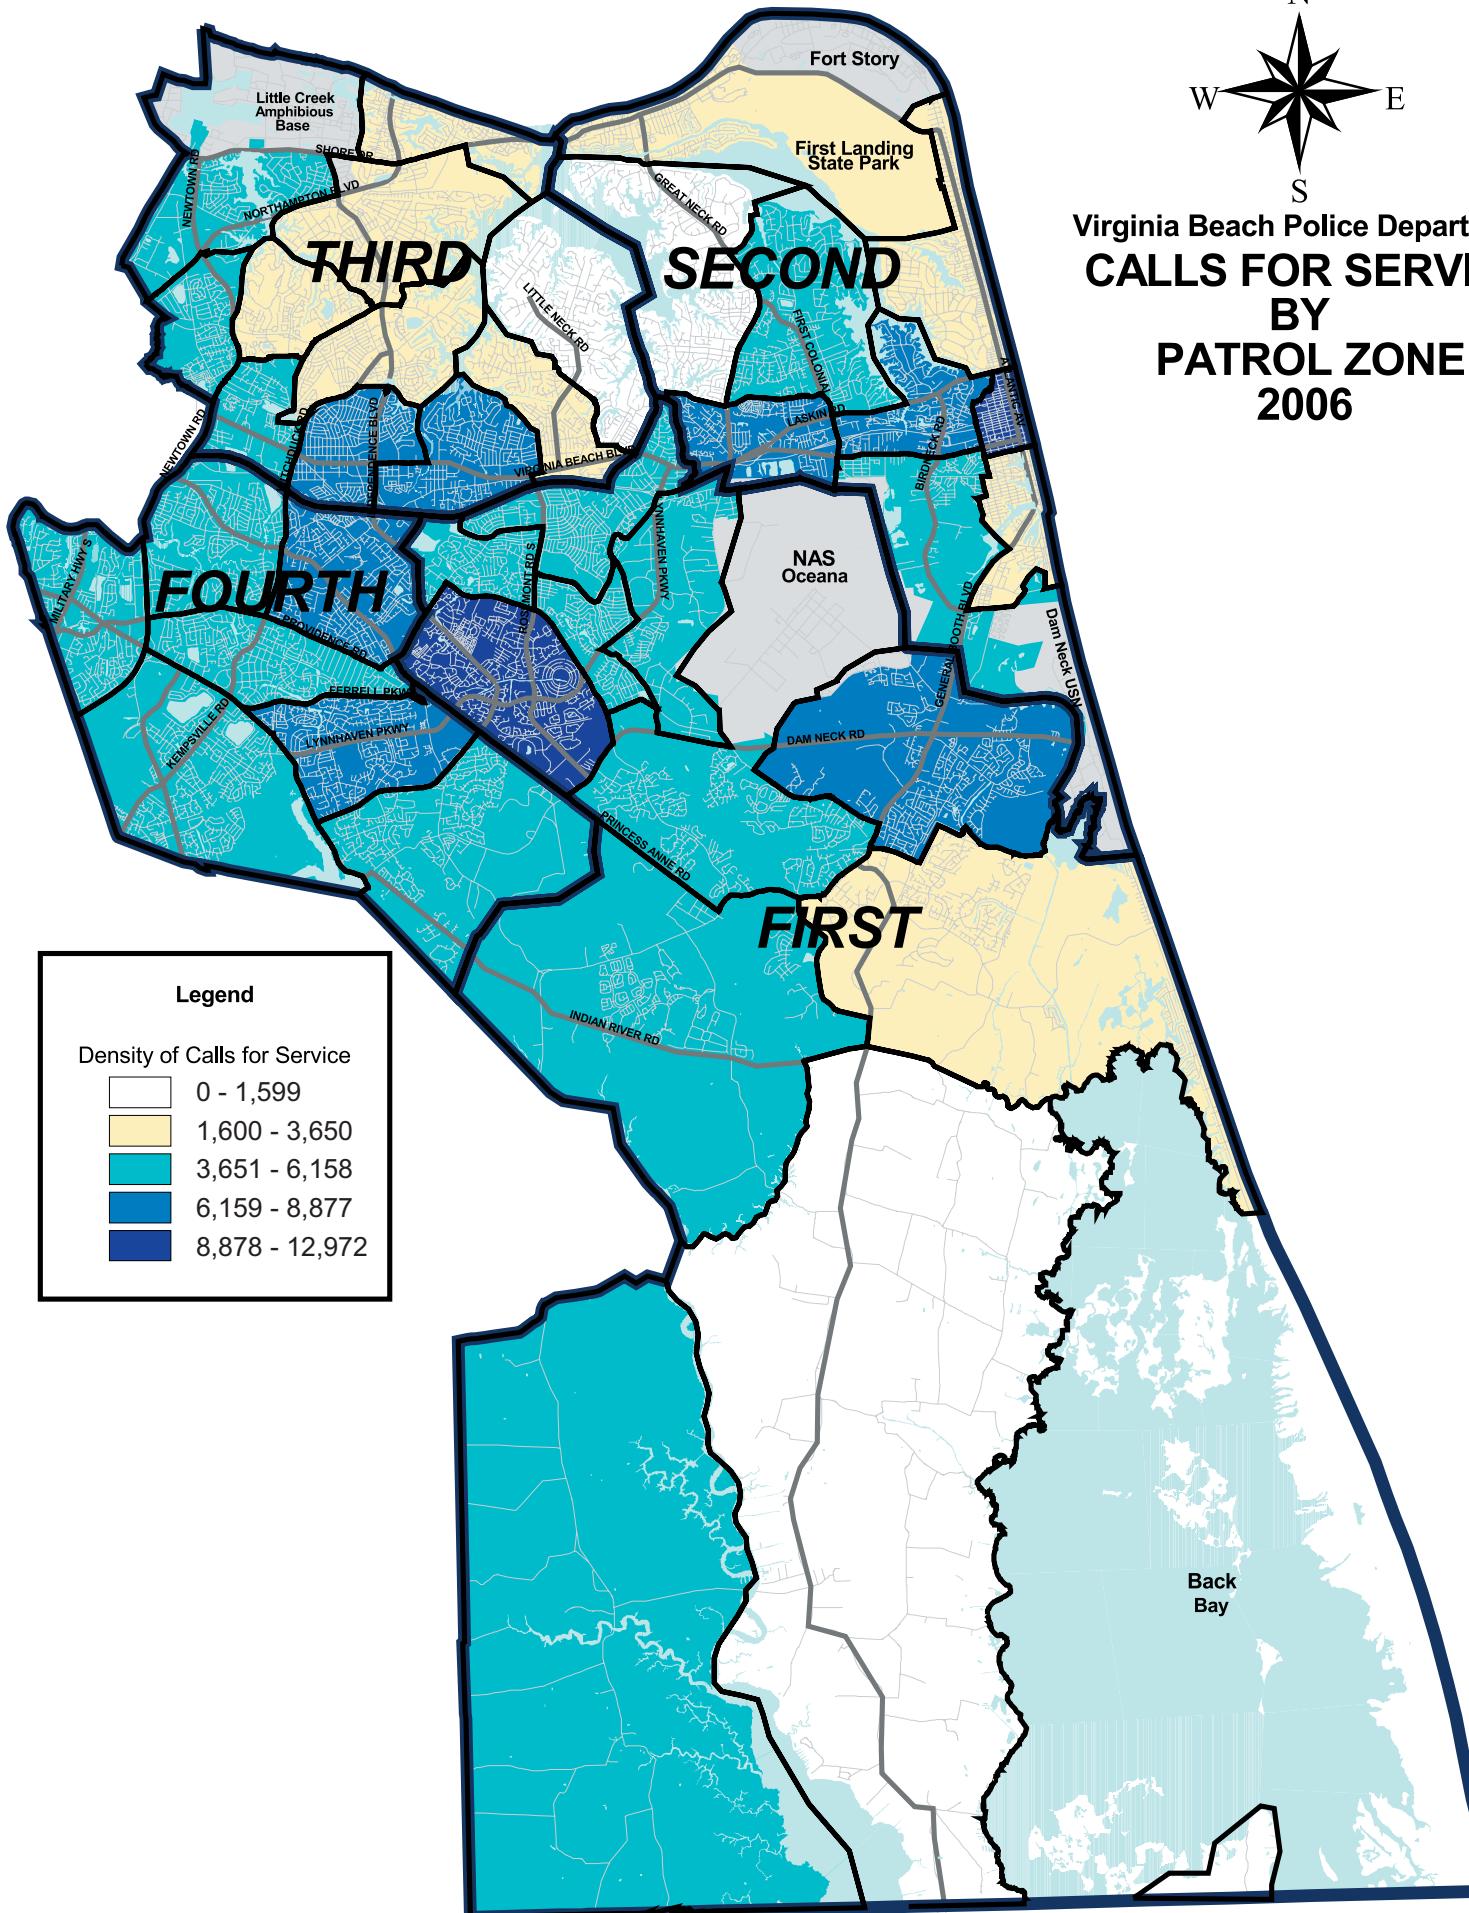

CALLS FOR SERVICE

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

2006 UNIFORM PATROL CALLS FOR SERVICE DAY OF WEEK REPORT

Source: Cads06

TIME OF DAY REPORT

Source: Cads06

Calls for Service are primarily answered by Uniform Patrol units. Uniform Patrol Officers are the face of the department and are highly visible in the community. Whether they answer calls in a patrol car, on a bicycle, via boat, or horse, they are always willing to render assistance when needed.

TRAFFIC

VIRGINIA BEACH POLICE DEPARTMENT 2006 ANNUAL REPORT

In 2006, there were 9,303 reported crashes occurring in the City of Virginia Beach. This was a 1.6% decrease from the 9,457 reported crashes in 2005. Seventeen crashes resulted in 20 fatalities.

There were 2,249 hit and run crashes in 2006, which was 24% of the total crashes reported. There was a 0.6% decrease in hit and run crashes compared to 2005.

In 2006, there were 106 pedestrians hit by motor vehicles resulting in 2 deaths. There was a 6% decrease in total pedestrians hit compared to 2005.

Of the 15 fatalities occurring in 2006 where seatbelts were available for use, 8 (53%) were not wearing seatbelts.¹ This does not include any fatalities involving motorcycles, pedestrians, or bicycles.

In 2006, 9 (50%) of the fatal crashes were alcohol/drug related, including 1 pedestrian being under the influence.

In 7 (41%) of the fatal crashes the victim was using alcohol.

Of the 20 fatalities, 11 (55%) of the victims were at fault.

Of the 18 fatal crashes, 10 (56%) occurred between the hours of 11 p.m. and 7 a.m.

Of the 18 fatal crashes, 12 (67%) of the individuals at fault were male.

Of the 20 fatalities, 6 (30%) of the victims were under the age of 21.

¹Due the nature of two of the crashes, it was not able to be determined if the victim was wearing a seatbelt. The crashes were included in the total number of crashes where seatbelts were available, but not in the 8 crashes where seatbelts were not used.

The upgraded Second Precinct Closed Circuit Television (CCTV) system can be used to monitor the streets and boardwalk area for incidents that involve motor vehicles and pedestrians/bicycles. The CCTV system is an excellent force multiplier that allows a few eyes to police a large area.

Summary

18 fatal crashes resulting in 20 fatalities

Seatbelts were not used in 8 (53%) of the 15 fatalities where seatbelts were available.³

Source: Pistol / traffic.mdb fatal06

¹Denotes two victims

²Due to nature of the crash, it was not determined if a seatbelt was used.

³The 15 fatalities where seatbelts were available included the two crashes where seatbelt usage was undetermined. However, they were not included in the 8 crashes where seatbelts were not used.

VBPD Fatal Crash Team (F.A.C.T.) Members investigate every traffic related fatality in the city. They use many techniques to determine the causes of each crash. In this photo, LIDAR (Laser Imaging Detection and Ranging) equipment is used to measure distances significant in a crash.
